Foreign-Trade Zones Board

[B-09-2019]

Proposed Foreign-Trade Zone—Jefferson County, Colorado; Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Jefferson County Economic Development Corporation, to establish a foreign-trade zone in the Jefferson County, Colorado area, adjacent to the U.S. Customs and Border Protection (CBP) user fee airport at the Rocky Mountain Metropolitan Airport, under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new "subzones" or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone project. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on February 25, 2019. The applicant is authorized to make the proposal under Title 7, Article 49.5 of the Colorado Revised Statutes.

The applicant's proposed service area under the ASF would be Boulder, Clear Creek, Gilpin and Jefferson Counties, Colorado. If approved, the applicant would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Rocky Mountain Metropolitan Airport CBP user fee airport.

The application indicates a need for zone services in the Jefferson County, Colorado area. Several firms have indicated an interest in using zone procedures for warehousing/distribution activities for a variety of products. The application is not requesting any magnet sites or subzones/usage-driven sites at this time. Specific production approvals are not being sought at this time. Such requests would be made to the FTZ Board on a case-by-case basis.

In accordance with the FTZ Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is April 30, 2019. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 15, 2019.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov or (202) 482-0862.

Dated: February 25, 2019.

Andrew McGilvray,
Executive Secretary.

International Trade Administration

[C-570-076]

Certain Plastic Decorative Ribbon From the People's Republic of China: Corrected Final Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On February 1, 2019, the Department of Commerce (Commerce) published in the **Federal Register** the final determination of the countervailing duty (CVD) investigation on certain plastic decorative ribbon (plastic ribbon) from the People's Republic of China (China). Commerce is now amending the Issues and Decision Memorandum (IDM) referred to in the final determination **Federal Register** notice to correct the inadvertent omission of certain pages in the IDM.

DATES: Applicable March 1, 2019.

FOR FURTHER INFORMATION CONTACT: Charlotte Baskin-Gerwitz, AD/CVD Operations, Office VII, Enforcement and

Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4880.

SUPPLEMENTARY INFORMATION: On December 21, 2018, Commerce placed on the record of this investigation an Issues and Decision Memorandum addressing all comments received in this proceeding and the companion antidumping proceeding addressing the issues raised by parties for the final determination.¹ Commerce committed a ministerial error within the meaning of 19 CFR 351.224(f). Specifically, in preparing the final determination, and despite being contemporaneously drafted, Commerce inadvertently omitted approximately four pages from the Issues and Decision Memorandum, including the final sentence of Commerce's position on issue 13 and the discussion of issues 14 and 15 in their entirety. Commerce is now placing on the record a corrected version of the Issues and Decision Memorandum, including the missing pages, dated February 19, 2019, which is incorporated by, and hereby adopted by, this notice.

Scope of the Investigation

The merchandise covered by this investigation is certain plastic decorative ribbon, having a width (measured at the narrowest span of the ribbon) of less than or equal to four (4) inches, but disregarding any features that measure 4 inches or less in width, such as tapering or cutting at the ends or in a bow knot, provided that aggregate length of such features comprises no more than 20% of the length of the ribbon. Subject merchandise includes but is not limited to ribbon wound onto itself; a spool, a core or a tube (with or without flanges); attached to a card or strip; wound into a keg- or egg-shaped configuration; made into bows, bow-like items, or other shapes or configurations; and whether or not packaged or labeled for retail sale. The subject merchandise is typically made of substrates of polypropylene, but may be made in whole or in part of any type of plastic, including without limitation, plastic derived from petroleum products and plastic derived from cellulose products. Unless the context otherwise clearly indicates, the word "ribbon" used in the

singular includes the plural and the plural "ribbons" includes the singular.

The subject merchandise includes ribbons comprised of one or more layers of substrates made, in whole or in part, of plastics adhered to each other, regardless of the method used to adhere the layers together, including without limitation, ribbons comprised of layers of substrates adhered to each other through a lamination process. Subject merchandise also includes ribbons comprised of (a) one or more layers of substrates made, in whole or in part, of plastics adhered to (b) one or more layers of substrates made, in whole or in part, of non-plastic materials, including, without limitation, substrates made, in whole or in part, of fabric.

The ribbons subject to this investigation may be of any color or combination of colors (including without limitation, ribbons that are transparent, translucent or opaque) and may or may not bear words or images, including without limitation, those of a holiday motif. The subject merchandise includes ribbons with embellishments and/or treatments, including, without limitation, ribbons that are printed, hot-stamped, coated, laminated, flocked, crimped, die-cut, embossed (or that otherwise have impressed designs, images, words or patterns), and ribbons with holographic, metallic, glitter or iridescent finishes.

Subject merchandise includes "pull-bows" an assemblage of ribbons connected to one another, folded flat, and equipped with a means to form such ribbons into the shape of a bow by pulling on a length of material affixed to such assemblage, and "pre-notched" bows, an assemblage of notched ribbon loops arranged one inside the other with the notches in alignment and affixed to each other where notched, and which the end user forms into a bow by separating and spreading the loops circularly around the notches, which form the center of the bow. Subject merchandise includes ribbons that are packaged with non-subject merchandise, including ensembles that include ribbons and other products, such as gift wrap, gift bags, gift tags and/or other gift packaging products. The ribbons are covered by the scope of this investigation; the "other products" (*i.e.*, the other, non-subject merchandise included in the ensemble) are not covered by the scope of this investigation.

Excluded from the scope of this investigation are the following: (1) Ribbons formed exclusively by weaving plastic threads together; (2) ribbons that have metal wire in, on, or along the entirety of each of the longitudinal
