SUPPLEMENTARY INFORMATION:

Background: On December 27, 2018, the Department published in the **Federal Register** a request for public comments on the proposed updates to the Classification of Instructional Programs (83 FR 66687). This request provided a 60-day period, from December 27, 2018, to February 25, 2019, for members of the public to review and comment on the changes. However, due to the lapse in Federal funding, there was a partial government shut-down from December 22, 2018, to January 25, 2019, which impacted several Federal agencies that would be affected by the proposed changes to the 2020 CIP. To account for this, the Department is reopening the public comment period until March 26, 2019. The Department must now receive your comments submitted through the Federal eRulemaking Portal on or before 11:59 p.m., Eastern Time, March 26, 2019, hand delivered on or before 5:00 p.m., Eastern Time, March 26, 2019, or postmarked on or before March 26, 2019, if delivered by postal mail or commercial delivery.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. ER02-2001-020, ER11-4386-001, ER17-297-001, ER11-4536-000, ER17-2512-000, ER13-1120-001, ER11-3019-001, ER15-2466-000]

Before Commissioners: Neil Chatterjee, Chairman; Cheryl A. LaFleur, Richard Glick, and Bernard L. McNamee; Electric Quarterly Reports, AmericaWide Energy, LLC, Ampex Energy, LLC, Full Circle Renewables, LLC, K&R Energy Partners LLC, Bluesource Energy LLC, Greenbelt Energy, PJLB LLC; Order on Intent To Revoke Market-Based Rate Authority

1. Section 205 of the Federal Power Act (FPA), 16 U.S.C. 824d (2012), and 18 CFR part 35 (2018), require, among other things, that all rates, terms, and conditions for jurisdictional services be filed with the Commission. In Order No. 2001, the Commission revised its public utility filing requirements and established a requirement for public utilities, including power marketers, to file Electric Quarterly Reports.¹

2. The Commission requires sellers with market-based rate authorization to

file Electric Quarterly Reports summarizing contractual and transaction information related to their market-based power sales as a condition for retaining that authorization.² Commission staff's review of the Electric Quarterly Reports indicates that the following seven public utilities with market-based rate authorization have failed to file their Electric Quarterly Reports: AmericaWide Energy, LLC, Ampex Energy, LLC, Full Circle Renewables, LLC, K&R Energy Partners LLC, Bluesource Energy LLC, Greenbelt Energy, and PJLB LLC. This order notifies these public utilities that their market-based rate authorizations will be revoked unless they comply with the Commission's requirements within 15 days of the date of issuance of this order.

3. In Order No. 2001, the Commission stated that, [i]f a public utility fails to file a[n] Electric Quarterly Report (without an appropriate request for extension), or fails to report an agreement in a report, that public utility may forfeit its market-based rate authority and may be required to file a new application for market-based rate authority if it wishes to resume making sales at market-based rates.³

4. The Commission further stated that, [o]nce this rule becomes effective, the requirement to comply with this rule will supersede the conditions in public utilities' market-based rate authorizations, and failure to comply with the requirements of this rule will subject public utilities to the same consequences they would face for not satisfying the conditions in their rate authorizations, including possible revocation of their authority to make wholesale power sales at market-based rates.⁴

5. Pursuant to these requirements, the Commission has revoked the market-based rate tariffs of market-based rate sellers that failed to submit their Electric Quarterly Reports.⁵

6. Sellers must file Electric Quarterly Reports consistent with the procedures set forth in Order Nos. 2001, 768,⁶ and 770.⁷ The exact filing dates for Electric Quarterly Reports are prescribed in 18 CFR 35.10b (2018). As noted above, Commission staff's review of the Electric Quarterly Reports for the period up to the third quarter of 2018 identified seven public utilities with market-based rate authorization that failed to file Electric Quarterly Reports. Commission staff contacted or attempted to contact these entities to remind them of their regulatory obligations. Despite these reminders, the public utilities listed in the caption of this order have not met these obligations. Accordingly, this order notifies these public utilities that their market-based rate authorizations will be revoked unless they comply with the Commission's requirements within 15 days of the issuance of this order.

7. In the event that any of the above-captioned market-based rate sellers has already filed its Electric Quarterly Reports in compliance with the Commission's requirements, its inclusion herein is inadvertent. Such market-based rate seller is directed, within 15 days of the date of issuance of this order, to make a filing with the Commission identifying itself and providing details about its prior filings that establish that it complied with the Commission's Electric Quarterly Report filing requirements.

8. If any of the above-captioned market-based rate sellers does not wish to continue having market-based rate authority, it may file a notice of cancellation with the Commission pursuant to section 205 of the FPA to cancel its market-based rate tariff.

The Commission Orders

(A) Within 15 days of the date of issuance of this order, each public utility listed in the caption of this order shall file with the Commission all delinquent Electric Quarterly Reports. If a public utility subject to this order fails to make the filings required in this order, the Commission will revoke that public utility's market-based rate authorization and will terminate its electric market-based rate tariff.
