

Authority: 46 U.S.C. 70041(a).

■ 2. Add § 100.T08–0058 to read as follows:

§ 100.T08–0058 Special Local Regulation; Lake Pontchartrain, New Orleans, LA.

(a) *Location.* The following area is a special local regulation: 30°03.056' N/ 090°15.489' W to 30°02.500' N/ 090°13.547' W to 30°02.717' N/ 090°13.460' W to 30°03.252' N/090° 15.374' W.

(b) *Effective period.* This section is effective from 10 a.m. through 5 p.m. on June 23, 2019.

(c) *Regulations.* (1) In accordance with the general regulations in § 100.35 of this part, entry into or remaining within this regulated area is prohibited unless authorized by the Captain of the Port Sector New Orleans (COTP) or designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector New Orleans.

(2) Vessels requiring entry into this regulated area must request permission from the COTP or a designated representative. They may be contacted on VHF–FM Channel 16 or 67 or by telephone at (504) 365–2200.

(3) Persons and vessels permitted to enter this safety zone must transit at their slowest safe speed and comply with all lawful directions issued by the COTP or the designated representative.

(4) No spectator vessel is allowed to anchor, block, loiter, or impede the through transit of participants or a designated patrol vessel in the regulated area during the effective dates and times, unless cleared for entry by the COTP or the designated representative.

(5) Any spectator vessel may anchor outside the regulated area. Spectator vessels may be moored to a waterfront facility within the regulated area in such a way that they do not interfere with the progress of the event. Such mooring have to be complete at least 30 minutes prior to the establishment of the regulated area and remain moored through the duration of the event.

(6) The COTP or a designated representative may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by a designated patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(7) The COTP or a designated representative may terminate the event or the operation of any vessel at any time it is deemed necessary for the

protection of life or property. The COTP or a designated representative will terminate enforcement of the special local regulations at the conclusion of the event.

(d) *Information broadcasts.* The COTP or a designated representative will inform the public of the enforcement times and date for this regulated area through Broadcast Notices to Mariners (BNMs), Local Notice to Mariners (LNMs), and/or Marine Safety Information Bulletins (MSIBs), as appropriate.

Dated: February 22, 2019.

K.M. Luttrell,

Captain, U.S. Coast Guard, Captain of the Port Sector New Orleans.

Coast Guard

33 CFR Part 117

[Docket No. USCG–2018–0228]

RIN 1625–AA09

Drawbridge Operation Regulation; Delaware River, Burlington, NJ and Bristol, PA

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to modify the operating schedule that governs the SR 413/Burlington-Bristol Bridge across the Delaware River, mile 117.8, between Burlington, NJ and Bristol, PA. This proposed modification will allow the drawbridge to be maintained in closed-to-navigation and is necessary to accommodate bridge maintenance.

DATES: Comments and related material must reach the Coast Guard on or before April 1, 2019.

The Coast Guard anticipates that this proposed rule will be effective from 8 a.m. on February 15, 2019, through 7:59 a.m. on September 17, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2018–0228 using Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email Mr. Michael

Thorogood, Bridge Administration Branch Fifth District, Coast Guard, telephone 757–398–6557, email Michael.R.Thorogood@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
FR Federal Register
NPRM Notice of Proposed Rulemaking
§ Section
U.S.C. United States Code

II. Background, Purpose and Legal Basis

On April 26, 2018, the Coast Guard published a temporary deviation entitled “Drawbridge Operation Regulation; Delaware River, Burlington, NJ and Bristol, PA” in the **Federal Register** (83 FR 18226). This temporary deviation was to facilitate bridge maintenance and painting of the vertical lift span of the drawbridge from May 1, 2018, through September 30, 2018. During the planned maintenance period, a work platform would have reduced one half of the bridge span vertical clearance to approximately 58 feet above mean high water in the closed position and approximately 132 feet above mean high water in the open position.

On August 9, 2018, the Coast Guard published a cancellation of the temporary deviation entitled “Drawbridge Operation Regulation; Delaware River, Burlington NJ and Bristol, PA” in the **Federal Register** (83 FR 18226), in the **Federal Register** (83 FR 39361). The temporary deviation was cancelled due to delays in performing bridge maintenance outside the navigation span, thereby eliminating the need for a temporary deviation to facilitate bridge maintenance in the navigation span. Due to the cancellation of the work, the platform was not installed and the bridge is operating under its regular operating schedule in 33 CFR 117.716 (a). In accordance with 33 CFR 117.35(e), the drawbridge was returned to its regular operating schedule upon publication of the cancellation.

The Burlington County Bridge Commission, who owns and operates the SR 413/Burlington-Bristol Bridge across the Delaware River, mile 117.8, between Burlington, NJ and Bristol, PA, has requested this modification to allow the drawbridge to be maintained in the closed-to-navigation position to facilitate maintenance and painting of the vertical lift span of the drawbridge.

III. Discussion of Proposed Rule

The SR 413/Burlington-Bristol Bridge across the Delaware River, mile 117.8,

between Burlington, NJ and Bristol, PA, has a vertical clearance of 61 feet above mean high water in the closed position and 135 feet above mean high water in the open position. The current operating schedule for the drawbridge is published in 33 CFR 117.716(a).

Under this proposed temporary final rule, the drawbridge will be maintained in the closed-to-navigation position and open on signal if at least a two-hour notice is given, from 8 a.m. on February 15, 2019, through 7:59 a.m. on September 17, 2019. At all other times, the drawbridge will operate per 33 CFR 117.716(a).

This proposed temporary final rule is necessary to facilitate safe and effective bridge maintenance and painting of the vertical lift span of the drawbridge, while providing for the reasonable needs of navigation. Multiple work platforms will reduce the entire bridge span vertical clearance to approximately 58 feet above mean high water in the closed position and approximately 132 feet above mean high water in the open position. Maintenance personnel, equipment and materials will be located inside the work platforms while maintenance and painting is being performed. To facilitate an opening of the bridge, equipment and materials will need to be secured inside or removed from the work platforms and personnel will need to vacate the work platforms.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on these statutes and Executive Orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB) and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the fact that vessels can still transit the bridge on signal if at least a two-hour notice is given.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. While some owners or operators of vessels intending to transit the bridge may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental

federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule will not result in such an expenditure, we do discuss the effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This proposed rule simply promulgates the operating regulations or procedures for drawbridges. Normally such actions are categorically excluded from further review, under figure 2–1, paragraph (32) (e), of the Instruction.

A preliminary Record of Environmental Consideration and a Memorandum for the Record are not required for this proposed rule. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the

person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacynotice>.

Documents mentioned in this NPRM as being available in this docket and all public comments, will be in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; Department of Homeland Security Delegation No. 0170.1.

■ 2. Amend § 117.716 by adding paragraph (c) to read as follows:

§ 117.716 Delaware River.

* * * * *

(c) The draw of the SR 413 (Burlington-Bristol) Bridge, mile 117.8, between Burlington, NJ and Bristol, PA, shall open on signal if at least a two-hour notice is given from 8 a.m. on February 15, 2019, through 7:59 a.m. on September 17, 2019.

Dated: February 13, 2019.

K.M. Smith,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

33 CFR Part 165

[Docket Number USCG–2019–0024]

RIN 1625–AA00

Safety Zone; Xterra Swim, Intracoastal Waterway; Myrtle Beach, SC

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary safety zone for certain waters of the Atlantic Intracoastal Waterway in Myrtle Beach, South Carolina. This action is necessary to provide for the safety of the swimmers, participant vessels, spectators, and the general public during the swim portion of the Xterra Triathlon. This proposed rulemaking would prohibit non-participant vessels and persons from entering, transiting through, anchoring in, or remaining within the safety zone unless authorized by the Captain of the Port Charleston or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before April 1, 2019.

ADDRESSES: You may submit comments identified by docket number USCG–2019–0024 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Lieutenant Justin Heck, Sector Charleston Office of Waterways Management, Coast Guard;

telephone (843) 740–3184, email Justin.C.Heck@uscg.mil.

II. Background, Purpose, and Legal Basis

On January 9, 2019, Go Race Productions notified the Coast Guard that it would be sponsoring the Xterra Swim from 7:30 a.m. to 8:30 a.m. on April 14, 2019. Approximately 200 swimmers are anticipated to participate in the swim portion of the event, which is a 1500-yard course located on certain waters of the Atlantic Intracoastal Waterway in Myrtle Beach, South Carolina. The Captain of the Port Charleston (COTP) has determined that the potential hazards associated with the swim portion of the Triathlon constitute a safety concern for anyone within the proposed safety zone.

The purpose of this rulemaking is to ensure safety of life on the navigable water of the United States during the event. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231.

III. Discussion of Proposed Rule

The Coast Guard proposes to establish a temporary safety zone on the Atlantic Intracoastal Waterway in Myrtle Beach, South Carolina from 7:00 a.m. to 9:00 a.m. on April 14, 2019. The duration of the safety zone is intended to ensure the safety of life on the navigable waters of the Intracoastal before, during, and after the scheduled 7:30 a.m. to 8:30 a.m. swim portion of the Triathlon. Approximately 200 participants are expected to participate in the swim portion of the race. No vessel or person would be permitted to enter, transit through, anchor in, or remain within the safety zone without obtaining permission from the COTP or a designated representative. The Coast Guard will provide notice of the safety zone by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives. The proposed regulatory text appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking.
