Federal Emergency Management Agency

[Docket ID FEMA-2019-0002; Internal Agency Docket No. FEMA-B-1909]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before June 3, 2019.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://www.fema.gov/preliminaryfloodhazarddata> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-1909, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://www.fema.gov/preliminaryfloodhazarddata> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be

identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Federal Emergency Management Agency

[Docket ID: FEMA-2007-0008]

National Advisory Council

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Committee management; request for applicants for appointment to the National Advisory Council.

SUMMARY: The Federal Emergency Management Agency (FEMA) requests that qualified individuals interested in serving on the FEMA National Advisory Council (NAC) apply for appointment as identified in this notice. Pursuant to the Post-Katrina Emergency Management Reform Act of 2006 (PKEMRA), the NAC advises the FEMA Administrator on all aspects of emergency management to incorporate input from and ensure coordination with state, local, tribal, and territorial governments, and the

non-governmental and private sectors on developing and revising national plans and strategies, the administration of and assessment of FEMA's grant programs, and the development and evaluation of risk assessment methodologies. The NAC consists of up to 35 members, all of whom are experts and leaders in their respective fields. FEMA seeks to appoint individuals to nine (9) discipline-specific positions on the NAC and up to three (3) members as Administrator Selections. If other positions open during the application and selection period, FEMA may select qualified candidates from the pool of applications.

DATES: FEMA will accept applications until 11:59 p.m. EDT on March 15, 2019.

ADDRESSES: The preferred method for application package submission is by email. Application packages may also be submitted by U.S. mail. Please submit by only one of the following methods:

- **Email:** FEMA-NAC@fema.dhs.gov. Save materials in one file using the naming convention, "Last Name_First Name_NAC Application" and attach to the email.

- **U.S. Mail:** Office of the National Advisory Council, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472-3184.

The Office of the National Advisory Council will send you an email that confirms receipt of your application and will notify you of the final status of your application once FEMA selects new members.

FOR FURTHER INFORMATION CONTACT: Jasper Cooke, Designated Federal Officer, Office of the National Advisory Council, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472-3184; telephone (202) 646-2700; and email FEMA-NAC@fema.dhs.gov. For more information on the NAC, including membership application instructions, visit <http://www.fema.gov/national-advisory-council>.

SUPPLEMENTARY INFORMATION: The NAC is an advisory committee established in accordance with the provisions of the *Federal Advisory Committee Act* (FACA), 5 U.S.C. Appendix. As required by PKEMRA, the Secretary of Homeland Security established the NAC to ensure effective and ongoing coordination of
