Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is given of a proposed consent decree in *Our Children’s Earth Foundation v. Wheeler*, No. 18-cv-04765 (N.D. Cal.). On August 7, 2018, Our Children’s Earth Foundation filed a complaint in the United States District Court for the Northern District of California, alleging that the Administrator of the United States Environmental Protection Agency (“EPA”) failed to perform non-discretionary duties to review the existing New Source Performance Standards (“NSPS”) governing Bulk Gasoline Terminals (“Bulk Gasoline NSPS”) and Electric Arc Furnaces and Argon-Oxygen Decarburization Vessels in Steel Plants (“Furnaces NSPS”), and to review the existing National Emissions Standards for Hazardous Air Pollutants (“NESHAP”) governing Gasoline Distribution Facilities (Bulk Gasoline Terminals and Pipeline Breakout Stations) (“Major Source Bulk Gasoline NESHAP”); Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities (“Area Source Bulk Gasoline NESHAP”); Iron and Steel Foundries Area Sources (“Foundries NESHAP”); and Wood Preserving Area Sources (“Wood Preserving NESHAP”). The proposed consent decree would establish

deadlines for EPA to take action on these source categories.

DATES: Written comments on the proposed consent decree must be received by April 4, 2019.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2018-0848, online at www.regulations.gov (EPA’s preferred method). For comments submitted at www.regulations.gov, follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from www.regulations.gov. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT: Daniel Schramm, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone: (202) 564-3377; email address: schramm.daniel@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The proposed consent decree would resolve a lawsuit filed by Our Children’s Earth Foundation seeking to compel the Administrator to take action under the Clean Air Act to review, and if appropriate revise, the Furnaces NSPS and Bulk Gasoline NSPS at least every 8 years under section 111(b)(1)(B) of the Act, and to review, and revise if necessary (taking into account developments in practices, processes, and control technologies), the Major Source Bulk Gasoline NESHAP, Area Source Bulk Gasoline NESHAP, Foundries NESHAP, and Wood Preserving NESHAP no less often than

every 8 years under section 112(d)(6) of the Act.

Under the terms of the proposed consent decree, EPA shall review, and revise if necessary, the above source categories by the deadlines established in the proposed consent decree. Beginning June 1, 2020, EPA will provide Our Children’s Earth Foundation with status reports every 180 days as to whether the Agency is making reasonable progress toward meeting the deadlines provided in the consent decree, and if it anticipates any difficulties in meeting the deadlines with an explanation of the difficulty or difficulties.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed consent decree from persons who are not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How can I get a copy of the consent decree?

The official public docket for this action (identified by Docket ID No. EPA-HQ-OGC-2018-0848) contains a copy of the proposed consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through www.regulations.gov. You may use www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select “search.”

It is important to note that EPA’s policy is that public comments, whether

submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to whom do I submit comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an email address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the www.regulations.gov website to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment

directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
