**Proposed Collection, Comment Request**

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed extension of the “Veterans Supplement to the Current Population Survey (CPS),” to be conducted in August 2019, August 2020, and August 2021.

A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the Addresses section of this notice.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The CPS has been the principal source of the official Government statistics on employment and unemployment since 1940. Collection of labor force data through the CPS is necessary to meet the requirements in Title 29, United States Code, Sections 1 and 2. The Veterans Supplement provides information on the labor force status of veterans with a service-connected disability; combat-zone veterans; past or present National Guard and Reserve members; recently discharged veterans; and Afghanistan, Iraq, and Vietnam veterans. The supplement also provides information on veterans’ participation in various transition and employment and training programs. The data collected through this supplement will be used by the Veterans Employment and Training Service and the Department of Veterans Affairs to determine policies that better meet the needs of our Nation’s veteran population.

**II. Current Action**

Office of Management and Budget clearance is being sought for the Veterans Supplement to the CPS. An extension without change of a currently approved collection is needed to continue to provide the Nation with

timely information about the labor force status of veterans with a service-connected disability; combat-zone veterans; past or present National Guard and Reserve members; recently discharged veterans; and veterans who have served in Afghanistan, Iraq, or Vietnam.

**III. Desired Focus of Comments**

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**Type of Review:** Extension without change of a currently approved collection.

**Agency:** Bureau of Labor Statistics.  
**Title:** Veterans Supplement to the CPS.

**OMB Number:** 1220–0102.  
**Affected Public:** Households.
