

the in-scope large diameter welded structural pipe.

Excluded from the scope of this order is line pipe which is suitable for transporting oil, gas, slurry, steam, or other fluids, liquids, or gases, and is normally produced to American Petroleum Institute (API) specification 5L or equivalent foreign specifications grades and/or standards or to proprietary specifications, grades and/or standards.

The large diameter welded structural pipe that is subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7305.31.4000, 7305.31.6090, 7305.39.1000 and 7305.39.5000. Merchandise currently classifiable under subheadings 7305.11.1030, 7305.11.1060, 7305.11.5000, 7305.12.1030, 7305.12.1060, 7305.12.5000, 7305.19.1030, 7305.19.1060, and 7305.19.5000 and that otherwise meets the above scope language is also covered. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

#### Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Notice of Court Decision Not in Harmony With Final Results of Administrative Review

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On February 19, 2019, the United States Court of International Trade (CIT or Court) issued its final judgment, sustaining the Department of Commerce's (Commerce's) final remand results pertaining to the tenth administrative review of the antidumping duty order on certain frozen warmwater shrimp from the Socialist Republic of Vietnam (Vietnam) covering the period of review (POR) of February 1, 2014, through January 31, 2015. Commerce is notifying the public that the final judgment in this case is not in harmony with the final results of the tenth administrative review, and that Commerce is amending the final results with respect to the surrogate value used to value frozen shrimp in the administrative review, which results in amended antidumping duties.

**DATES:** Applicable March 1, 2019.

**FOR FURTHER INFORMATION CONTACT:** Irene Gorelik, AD/CVD Operations Office VIII, Enforcement and Compliance, International Trade

Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC, 20230; telephone: (202) 482-6905.

#### SUPPLEMENTARY INFORMATION:

##### Background

On April 3, 2015, Commerce initiated an administrative review of 195 producers and exporters of certain frozen warmwater shrimp from Vietnam for the period February 1, 2014, through January 31, 2015.<sup>1</sup> Commerce individually examined Soc Trang Seafood Joint Stock Company, also known as Stapimex.<sup>2</sup> We issued the *Final Results* on September 12, 2016.<sup>3</sup>

Because Vietnam continues to be a non-market economy (NME) country,<sup>4</sup> pursuant to section 773(c)(1) of the Act, we based normal value on the NME producer's factors of production (FOPs), valued in a surrogate market economy country considered to be appropriate.<sup>5</sup> Upon evaluating the surrogate country selection criteria, including the availability of surrogate value data on the record,<sup>6</sup> we selected Bangladesh over other countries primarily due to data availability considerations.<sup>7</sup> No interested parties challenged Commerce's surrogate country selection.

In the *Final Results*, among other issues, we addressed arguments regarding the frozen shrimp surrogate value and our denial of byproduct offsets for packing materials claimed as byproducts. We made no changes in the *Final Results* regarding these two issues.<sup>8</sup> With respect to the frozen

shrimp surrogate value, we explained that “{b}ecause our strong preference is to value all inputs from a single surrogate country, we valued frozen shrimp using the Bangladeshi UN Comtrade data.”<sup>9</sup> We further explained that “{a}lthough the Indian GTA {data} are contemporaneous, whereas Bangladeshi UN Comtrade data are not, this consideration does not outweigh our preference to remain within the primary surrogate country.”<sup>10</sup>

After the conclusion of the administrative review, several interested parties challenged various determinations made in the *Final Results*. The Court affirmed all the challenged determinations, but remanded two issues for further explanation or reconsideration.<sup>11</sup> Specifically, in the *Remand Opinion and Order*, the Court ordered Commerce to reconsider or further explain: (1) its reliance on Bangladeshi UN Comtrade data to value purchased frozen shrimp using Harmonized Tariff Schedule (HTS) 0306.13 from among the other frozen shrimp surrogate value data on the record, namely the India Global Trade Atlas (GTA) surrogate value data under HTS 0306.17; and (2) its denial of a byproduct offset for the claimed byproduct related to “packaging.”<sup>12</sup>

In the Remand Redetermination, and consistent with the *Remand Opinion and Order*, Commerce reconsidered the surrogate value used to value frozen shrimp and recalculated the sole mandatory respondent's dumping margin accordingly.<sup>13</sup> Further, as directed by the Court, we explained our denial of the mandatory respondent's request for an offset of packing materials claimed as byproducts to the cost of manufacturing in determining normal

semi-processed shrimp, which we consider to be an intermediate, processed input. Accordingly, these inputs must be reported separately and valued appropriately, which in this instance means applying different SVs to each. . . . We continue to value frozen shrimp using Bangladeshi UN Comtrade data, as it satisfies our surrogate value selection criteria and is from the primary surrogate country”) and Comment 8 (“consistent with our established practice, packing for direct materials, which are discarded (or sold as scrap) prior to entering the production process for subject merchandise, do not qualify as ‘byproducts’”).

<sup>8</sup> See *Final Results* at Comment 2 (“Fresh unprocessed shrimp is a different input from frozen

value.<sup>14</sup> The Court sustained our Remand Redetermination on both issues.<sup>15</sup>

In the *Final Results*, we calculated a 4.78 percent weighted-average margin for the sole mandatory respondent Stapimex.<sup>16</sup> Based on our remand recalculations, the final margin for Stapimex in this administrative review changes from 4.78 percent to 0.71 percent.<sup>17</sup>

**Timken Notice**

In its decision in *Timken*,<sup>18</sup> as clarified by *Diamond Sawblades*,<sup>19</sup> the Court of Appeals for the Federal Circuit held that, pursuant to section 516A(e) of the Act, Commerce must publish a notice of a court decision that is not “in harmony” with a Commerce determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s February 19, 2019, *Final Judgment* sustaining Commerce’s Remand Redetermination with respect to using the India GTA surrogate value data under HTS 0306.17 to value frozen shrimp constitutes a final decision of that court that is not in harmony with the *Final Results*.

This notice is published in fulfillment of the publication requirement of

*Timken*. Accordingly, Commerce will continue the suspension of liquidation of the subject merchandise at issue in the Remand Redetermination pending expiration of the period of appeal or, if appealed, a final and conclusive court decision.

**Amended Final Results**

Because there is now a final court decision with respect to this case,<sup>20</sup> Commerce is amending the *Final Results*. Based on the Remand Redetermination, as affirmed by the Court on February 19, 2019, the revised weighted-average dumping margin for Stapimex, for the period February 1, 2014, through January 31, 2015, is 0.71 percent. Further, as the rate assigned to companies that qualified for a separate rate in this review was based on Stapimex’s calculated rate,<sup>21</sup> we will accordingly apply Stapimex’s revised margin as the rate applicable to the 27 separate-rate recipients which are parties to this litigation.

In the event that the CIT’s ruling is not appealed or, if appealed, is upheld by a final and conclusive court decision, Commerce will instruct U.S. Customs and Border Protection to assess antidumping duties on unliquidated entries of subject merchandise based on:

(1) the non-public importer-specific assessment rates recalculated in the Remand Redetermination for Stapimex<sup>22</sup> and (2) the above-noted 0.71 percent revised rate for the non-individually examined respondents that received a separate rate in the *Final Results* and are subject to this litigation.

**Cash Deposit Requirements**

*Mandatory Respondent*

Because there have been no subsequent administrative reviews completed for mandatory respondent, Stapimex,<sup>23</sup> the recalculated cash deposit rate of 0.71 percent will be the rate established for Stapimex in these amended final results.

*Separate-Rate Companies*

With respect to the 27 non-individually examined companies that qualified for a separate rate in the tenth administrative review and are subject to this litigation, there have been subsequent administrative reviews completed for the exporters listed below; thus, the cash deposit rate for these exporters will remain the rate established in the most recently-completed administrative review in which they received a cash deposit rate:

**Large Diameter Welded Pipe From India: Antidumping Duty Order**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** Based on affirmative final determinations by the Department of

Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing an antidumping duty order on large diameter welded carbon and alloy steel line pipe from India.

**DATES:** Applicable March 6, 2019.

**FOR FURTHER INFORMATION CONTACT:** Kate Johnson at (202) 482-4929 or Jaron Moore at (202) 482-3640, AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

**SUPPLEMENTARY INFORMATION:**

**Background**

On November 14, 2018, Commerce published its affirmative final determination in the less-than-fair-value (LTFV) investigation of large diameter welded pipe from India.<sup>1</sup> The scope of the investigation in Commerce’s final determination covered large diameter welded carbon and alloy steel line pipe (welded line pipe), large diameter welded carbon and alloy steel structural pipe (welded structural pipe), and

stainless steel large diameter welded pipe (stainless steel pipe) from India.<sup>2</sup> As discussed below, the ITC subsequently found three domestic like products covered by the scope of the investigation (welded line pipe, welded structural pipe, and stainless steel pipe) and accordingly made a separate injury determination with respect to each domestic like product. On January 30, 2019, the ITC notified Commerce of its final determination, pursuant to 735(d) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of LTFV imports of welded line pipe from India.<sup>3</sup> Additionally, the ITC made a negligibility determination with respect to welded structural pipe and a negative determination of material injury or threat of material injury with respect to stainless steel pipe.<sup>4</sup> On February 13, 2019, Commerce released draft revised scope language for comment by parties. No party objected to the revised scope language in this proceeding.

<sup>25</sup> See AR12 Final Results at Appendix II.

<sup>26</sup> In addition to Stapimex, as noted above, both Quoc Viet Seaproducts Processing Trading and Import-Export Co., Ltd. and Viet I-Mei Frozen Foods Co., Ltd. were rescinded from the eleventh and twelfth antidumping duty administrative reviews. See AR11 Partial Rescission at Appendix I and AR12 Partial Rescission, 82 FR at 37563.

<sup>27</sup> Quang Minh Seafood Co., Ltd. and Trong Nhan Seafood Company Limited both certified they had

no shipments of subject merchandise in the eleventh and twelfth administrative reviews, with no information on those records contradicting their certifications. Neither of these companies received revised cash deposit rates in the final results of the eleventh and twelfth administrative reviews.
