SUPPLEMENTARY INFORMATION:

I. Abstract

Over the years, BIS has worked with other Government agencies and the affected public to identify areas where export licensing requirements may be relaxed without jeopardizing U.S. national security or foreign policy. Many of these relaxations have taken the form of licensing exceptions and exclusions. Some of these license exceptions and exclusions have a reporting or recordkeeping requirement to enable the Government to continue to monitor exports of these items. Exporters may choose to utilize the license exception and accept the reporting or recordkeeping burden in lieu of submitting a license application. These exceptions and exclusions have resulted in a large reduction of licensing burden in OMB Control No. 0694-0088 and allow exporters to ship items quickly, without having to wait for license approval.

It is up to the individual company to decide whether it is most advantageous to continue to submit license applications or to comply with the reporting or recordkeeping requirements and take advantage of the licensing exception or exclusion.

Carbazole Violet Pigment 23 From India: Final Results of Antidumping Duty Administrative Review; 2016-2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that Pidilite Industries Limited (Pidilite), a producer/exporter of carbazole violet pigment 23 (CVP 23) from India, did not sell subject merchandise at prices below normal value (NV) during the period of review (POR) December 1, 2016, through November 30, 2017.

DATES: Applicable March 13, 2019.

FOR FURTHER INFORMATION CONTACT: George Ayache, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2623.

SUPPLEMENTARY INFORMATION:**Background**

On December 17, 2018, Commerce published in the *Federal Register* the *Preliminary Results* of the administrative review of the antidumping duty order on CVP 23 from India.¹ This review covers one producer/exporter of the subject merchandise, Pidilite. We invited parties to comment on the *Preliminary Results*.² No interested party submitted comments. On January 16, 2019, and February 25, 2019, Pidilite submitted requests to participate in a hearing in the event that Commerce held a hearing.³ No other party submitted a request for a hearing in the instant review. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.⁴ If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. Accordingly, the revised deadline for the final results of this administrative review is now May 28, 2019.

Scope of the Order

The merchandise subject to the *Order*⁵ is CVP-23 identified as Color Index No. 51319 and Chemical Abstract No. 6358-30-1, with the chemical name of *diindolo* [3,2-b:3',2'-m]⁶ *triphenodioxazine, 8,18-dichloro-5,*

³ See Pidilite's letters, "Carbazole Violet Pigment 23 from India—Request to Participate in Hearing," dated January 16, 2019, and "Carbazole Violet Pigment 23 from India—Request to Participate," dated February 25, 2019.

⁴ See Memorandum to the Record from Gary Taverman, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance, "Deadlines Affected by the Partial Shutdown of the Federal Government," dated January 28, 2019. All deadlines in this segment of the proceeding have been extended by 40 days.

⁵ See *Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Carbazole Violet Pigment 23 from India*, 69 FR 77988 (December 29, 2004) (*Order*).

⁶ The bracketed section of the product description, [3,2-b:3',2'-m], is not business proprietary information. In this case, the brackets are simply part of the chemical nomenclature. See "Amendment to Petition for Antidumping

15-diethy-5, 15-dihydro-, and molecular formula of C34 H22 Cl2 N4 O2. The subject merchandise includes the crude pigment in any form (*e.g.*, dry powder, paste, wet cake) and finished pigment in the form of presscake and dry color. Pigment dispersions in any form (*e.g.*, pigments dispersed in oleoresins, flammable solvents, water) are not included within the scope of the *Order*.

The merchandise subject to the *Order* is classifiable under subheading 3204.17.9040 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of the *Order* is dispositive.

Changes Since the Preliminary Results

As no parties submitted comments on the margin calculation methodology used in the *Preliminary Results*, Commerce made no adjustments to that methodology in the final results of this review.

Final Results of the Review

As a result of this review, Commerce determines that a weighted-average dumping margin of 0.00 percent exists for entries of subject merchandise that were produced and/or exported by Pidilite during the POR.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review, pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Because we calculated a zero margin for Pidilite in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Commerce intends to issue the appropriate assessment instructions to CBP 15 days after the date of publication of these final results of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of CVP 23 from India entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for Pidilite will be zero; (2) for

Investigations of China and India and a Countervailing Duty Investigation of India on Imports of Carbazole Violet Pigment 23 in the forms of Crude Pigment, Presscake and Dry Color Pigment," dated December 3, 2003, at 8.

merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 27.48 percent, the all-others rate established in the *Order*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

These final results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: March 6, 2019.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
