SUPPLEMENTARY INFORMATION:

Background: In his request letter (received February 22, 2019), the USTR stated that the United States and Korea have recently reached preliminary agreement on proposed modifications to the KORUS rules of origin for certain textile and apparel goods. The USTR stated that section 202(o)(2)(B)(i) of the Act authorizes the President, subject to the consultation and layover requirements of section 104 of the Act, to proclaim such modifications to the rules of origin for textiles and apparel goods as are necessary to implement an agreement with Korea pursuant to Article 4.2.5 of the U.S.-Korea FTA. The USTR also stated that one of the requirements set out in section 104(1) of the Act is that the President obtain advice regarding the proposed action from the Commission.

In the request letter, the USTR requested that the Commission provide advice on the probable economic effect of the modifications on U.S. trade under KORUS, total U.S. trade, and on domestic producers of the affected

articles. He further requested that the Commission provide its advice at the earliest possible date but no later than four months from receipt of the request, and that it issue, as soon as possible thereafter, a public version of its report with any confidential business information deleted.

The proposed modifications to the KORUS rules of origin cover the following products: Certain cotton yarns (under HTS heading 5206) with viscose rayon staple fibers (under HTS subheadings 5504.10 or 5507.00), certain woven fabrics (under HTS heading 5408) with cuprammonium rayon yarns (under HTS heading 5403.39), and certain apparel (under HTS heading 6110), accessories and parts (under HTS heading 6117) of certain cashmere yarns (under HTS heading 5108). The request letter and the proposed modifications are available on the Commission's website at <https://www.usitc.gov>. As requested, the Commission will provide its advice to USTR no later than four months of receiving the request letter (by June 24, 2019).

Written Submissions: No public hearing is planned. However, interested parties are invited to file written submissions. All written submissions should be addressed to the Secretary, and should be received no later than 5:15 p.m., March 29, 2019. All written submissions must conform with the provisions of section 201.8 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 and the Commission's Handbook on Filing Procedures require that interested parties file documents electronically on or before the filing deadline and submit eight (8) true paper copies by 12:00 p.m. eastern time on the next business day. In the event that confidential treatment of a document is requested, interested parties must file, at the same time as the eight paper copies, at least four (4) additional true paper copies in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). Persons with questions regarding electronic filing should contact the Office of the Secretary, Docket Services Division (202-205-1802).

Confidential Business Information: Any submissions that contain confidential business information (CBI) must also conform with the requirements of section 201.6 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the

document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information is clearly identified by means of brackets. All written submissions, except for those containing CBI, will be made available for inspection by interested parties.

The Commission may include some or all of the CBI submitted in the course of the investigation in the report it sends to USTR. In addition, all information, including CBI, submitted in this investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel for cybersecurity purposes. The Commission will not otherwise disclose any confidential business information in a manner that would reveal the operations of the firm supplying the information.
