The public comment period was originally scheduled to close on April 1, 2019. By letter dated March 11, 2019 (ADAMS Accession No. ML19071A014), the Nuclear Energy Institute requested that the NRC extend the deadline to comment by 18 days, to allow time to develop and submit comments after a scheduled public meeting on April 3, 2019, related to generic fuel cycle regulatory initiatives, including this rulemaking. The NRC is granting this request and will extend the public comment period until April 19, 2019, to allow members of the public more time to submit their comments.

Dated at Rockville, Maryland, this 15th day of March, 2019.

SUPPLEMENTARY INFORMATION:

I. Background

The National Bank Act¹ and the Home Owners' Loan Act² authorize the Comptroller to fund the OCC's operations through assessments, fees, and other charges on banks.³ In setting assessments, the Comptroller has broad authority to consider variations among institutions, including the nature and scope of the activities of the entity, the amount and type of assets that the entity holds, the financial and managerial condition of the entity, and any other factor the Comptroller determines is appropriate.⁴

The OCC collects assessments from banks in accordance with 12 CFR part 8. Under part 8, the base assessment for banks is calculated using a table with eleven categories, or brackets, each of which comprises a range of asset-size values. The assessment for each bank is the sum of a base amount, which is the same for every bank in its asset-size bracket, plus a marginal amount, which is computed by applying a marginal assessment rate to the amount in excess of the lower boundary of the asset-size bracket.⁵ The marginal assessment rate declines as asset size increases, reflecting economies of scale in bank examination and supervision.

The OCC's annual Notice of Office of the Comptroller of the Currency Fees and Assessments (Notice of Fees) sets forth the marginal assessment rates applicable to each asset-size bracket for each year, as well as other assessment components and fees. Under part 8, the OCC may adjust the marginal rates to account for inflation through the annual Notice of Fees.⁶ The OCC also has the discretion under part 8 to adjust marginal rates by amounts other than inflation.⁷ The OCC may issue an interim or amended Notice of Fees if the Comptroller determines that it is
