Abstract: The purpose of this information collection request is to collect information from applicants to select recipients for the Presidential Innovation Award for Environmental Educators program. The Environmental Protection Agency (EPA), in conjunction with the White House Council on Environmental Quality (CEQ), established the award program to meet the requirements of Section 8 (e) of the National Environmental Education Act (20 U.S.C. 5507(e)). Teachers can participate by completing and submitting the application form. Information collected includes background about the teacher and his/her experience, completed essay

responses, sample teaching materials, and recommendations from a student, principal, and fellow teacher. The information collected under this ICR will continuously help EPA and CEQ to select the top awardees for the Presidential Innovation Award for Environmental Educators (PIAEE). The selected winners will benefit from small cash prizes, which will help them to continue their mission of advancing innovative approaches to environmental education to grades K–12.

Form Numbers: None.

Respondents/affected entities: K–12 teachers who teach on a full-time basis in a public school that is operated by a local education agency, including schools funded by the Bureau of Indian Affairs. For this program, a local education agency is one as defined by section 198 of the Elementary and Secondary Education Act of 1965 (now codified at 20 U.S.C. 7801(260)).

Respondent's obligation to respond: Required to obtain information from the applicants for Presidential Innovation Award for Environmental Educators and assess certain aspects of the PIAEE program as established under Section 8 (e) of the National Environmental Education Act (20 U.S.C. 5507(e)).

Estimated number of respondents: 75 (total).

Frequency of response: Annually.

Total estimated burden: 10 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$32,250 (per year), includes \$14,191 annualized capital or operation & maintenance costs.

Changes in the Estimates: We expect that after adjusting the burden numbers that the burden numbers will substantially stay the same. Program requirements are expected to stay the same and the estimates currently consider the use of technology to complete the application.

Director, Regulatory Support Division.
