OMB Number: 1651-0077.

Current Actions: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information collected.

Type of Review: Extension (with no change).

Affected Public: Businesses.

Abstract: The C-TPAT Program is designed to safeguard the world's trade industry from terrorists and smugglers by prescreening its participants. The C-TPAT Program applies to United States importers, customs brokers, consolidators, port and terminal operators, carriers, and foreign manufacturers.

Respondents apply to participate in the Trusted Trader Program and C-TPAT using an on-line application at: <https://ctpat.cbp.dhs.gov/trade-web/index>. The C-TPAT Program application requests an applicant's contact and business information, including the number of company employees, the number of years in business, and a list of company officers. This collection of information is authorized by the SAFE Port Act (Pub. L. 109-347).

The Trusted Trader Program involves a unification of supply chain security aspects of the C-TPAT Program and the internal controls of the Importer Self-Assessment (ISA) Program to integrate supply chain security and trade compliance. The Trusted Trader Program strengthens security by leveraging the C-TPAT supply chain requirements and validation, identifying low-risk trade entities for supply chain security and trade compliance, and increasing the overall efficiency of trade by segmenting risk and processing by account. The Trusted Trader Program applies to importer participants who have satisfied C-TPAT supply chain

security and trade compliance requirements.

After an importer obtains Trusted Trader Program membership, the importer will be required to submit an Annual Notification Letter to CBP confirming that they are continuing to meet the requirements of the Trusted Trader Program. This letter should include: personnel changes that impact the Trusted Trader Program; organizational and procedural changes; a summary of risk assessment and self-testing results; a summary of post-entry amendments and/or disclosures made to CBP; and any importer activity changes within the last 12-month period.
