Proposed Revised Routine Use Q (Formerly Routine Use 14)

USDA is revising routine use Q to establish that FSA will disclose records to the Department of Housing and Urban Development in support of the Credit Alert Verification Reporting System (CAIVRS). CAIVRS is a Federal Government database of delinquent federal debtors that when reviewed, allows federal agencies to reduce the risk to federal loan and loan guarantee programs. CAIVRS alerts participating federal lending agencies when an applicant for credit benefits has a federal lien, judgment, or a federal loan that is currently in default or foreclosure, or has had a claim paid by a reporting agency. CAIVRS allows authorized employees of participating federal agencies to access a database of delinquent federal borrowers for the purpose of pre-screening direct loan applicants for credit worthiness and also permits approved private lenders acting on behalf of the federal agency to access the delinquent borrower database for the purpose of pre-screening the credit worthiness of applicants for federally guaranteed loans. CAIVRS authority is from the Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100–503) as amended, Office of Management and Budget (OMB) Circular A–129 Revised (Policies for Federal Credit Programs and Non-Tax Receivables), and the Budget and Accounting Acts of 1921 and 1950, as

amended, the Debt Collection Act of 1982, as amended, the Deficit Reduction Act of 1984, as amended, and the Debt Collection Improvement Act of 1996, as amended.

Proposed New Routine Use C

USDA is adding a new routine use C to establish that FSA will disclose the records to the National Archives and Records Administration or to the General Services Administration for records management program purposes as specified in 44 U.S.C. 2906(a)(1).

Proposed New Routine Use D

USDA is adding a new routine use D to establish that FSA will disclose the records to an agency, organization, or individual that is required for performing audit or oversight operations as authorized by law.

Proposed New Routine Use E

USDA is adding a new routine use E to establish that under the identified conditions, FSA will disclose the records to appropriate agencies, entities, and persons in response to a suspected or confirmed information security incident or breach.

Proposed New Routine Use F

USDA is adding a new routine use F to establish that FSA will disclose the records to contractors and their agents, grantees, experts, consultants, and others performing or working on a contract, grant, cooperative agreement, or other assignment for USDA when certain conditions are met.

Proposed New Routine Use U

USDA is adding a new routine use U to establish that FSA will disclose the records to those persons or federal, State, local, or tribal agencies working in cooperation with the USDA Secretary in any USDA program.

Proposed New Routine Use V

USDA is adding a new routine use V to establish that FSA will disclose the records to consumer reporting agencies.

Proposed New Routine Use W

USDA is adding a new routine use W to establish that FSA will disclose the records in accordance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. L. 109–282; codified at 31 U.S.C. 6101–6104); section 204 of the E-Government Act of 2002 (Pub. L. 107–347; 44 U.S.C. 3501 noted), and the Office of Federal Procurement Policy Act (41 U.S.C. 1102–1122), or similar laws.

Proposed New Routine Use X

USDA is adding a new routine use X to establish that FSA will disclose the records to the news media and the public.

Proposed New Routine Use Y

USDA is adding new routine use Y to establish that FSA will disclose records to the Department of the Treasury in support of the Do Not Pay program. In order to help eliminate waste, fraud, and abuse in federal programs, federal agencies are to focus on preventing payment errors before they occur. The purpose of the Do Not Pay program is to reduce improper payments by intensifying efforts to eliminate payment error, waste, fraud, and abuse in the major programs administered by the Federal Government, while continuing to ensure that federal programs serve and provide access to their intended beneficiaries. Federal agencies will do a thorough review of the Do Not Pay computer matching database, to the extent permitted by law determine applicant eligibility before the release of any federal funds. By checking the Do Not Pay database before making payments, federal agencies can identify ineligible recipients and prevent certain improper payments from being made. The Do Not Pay program authority is from the Improper Payments Elimination and Recovery Improvement Act of 2012 (Pub. L. 112–248).

Proposed New Routine Use Z

USDA is adding new routine use Z to disclose records to another Federal entity or Federal entity, when information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, mitigating, or remedying the risk of harm to individuals, the agency (including its information systems, programs, and operations), the Federal Government, or national security.

Deleted Routine Use 6

USDA is deleting routine use number 6. The deleted routine use addressed disclosure of information to a court or adjudicative body before which the agency was authorized to appear. This routine use is addressed under redesignated routine use A.

1. USDA or any part of USDA;
2. Any USDA employee in an official capacity if the Department of Justice has agreed to represent the employee; or

The United States Government is a party to litigation or has an interest in such litigation, and by careful review, USDA determines that the records are both relevant and necessary to the litigation and the use of such records by the Department of Justice is therefore deemed by USDA to be for a purpose that is compatible with the purpose for which FSA collected the records.

The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) is administered by the U.S. Department of Agriculture's (USDA) Food and Nutrition Service (FNS). WIC benefits include nutritious supplemental foods; nutrition education; counseling, including breastfeeding promotion and support; and referrals to health care, social service, and other community providers for pregnant, breastfeeding, and postpartum women, infants, and children up to the age of 5 years. For pregnant women, WIC seeks to improve fetal development and reduce the incidence of low birth weight, short gestation, and anemia through intervention during the prenatal period. For infants and children, WIC seeks to provide nutritious foods during critical times of growth and development in an effort to prevent health problems and to improve the health status of these children.

WIC was established in 1972 by an amendment to the Child Nutrition Act of 1966. WIC is not an entitlement program. To receive WIC benefits, an individual must be categorically eligible: A pregnant, breastfeeding, or postpartum woman; an infant up to the age of 1 year; or a child age 1 through his or her fifth birthday. In addition, each applicant must be found to be income eligible and at nutritional risk. Eligible applicants receive supplemental food, usually in the form of vouchers, checks, or Electronic Benefits Transfer cards that allow them to obtain specific types of food (for example, milk, juice, and cereal) from participating retail vendors at no charge.
