Foreign-Trade Zones Board

[B–15–2019]

Foreign-Trade Zone (FTZ) 163—Ponce, Puerto Rico; Notification of Proposed Production Activity; Puerto Rico Steel Products Corporation (Construction and Fencing Products), Coto Laurel, Puerto Rico

Puerto Rico Steel Products Corporation (Puerto Rico Steel) submitted a notification of proposed production activity to the FTZ Board for its facility in Coto Laurel, Puerto Rico. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 12, 2019.

The Puerto Rico Steel facility is located within Subzone 163L. The facility will be used for production of construction and fencing products. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Puerto Rico Steel from customs duty payments on the foreign-status components used in export production. On its domestic sales, for the foreign-status materials/components noted below, Puerto Rico Steel would be able to choose the duty rates during customs entry procedures that apply to the following steel products: Bright common nails; chain link fence; wire mesh; rebar; tubes; roll forming panels for roofing; and, snap ties (duty-free). Puerto Rico Steel would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The components and materials sourced from abroad include: Various galvanized steel components (coil, strip, or wire); various steel components (rebar, wire, wire rod, or black annealed wire); aluminum zinc coated steel coils; cold deformed steel rebar in coils; and, concrete reinforcement steel bars in coils (duty-free). The request indicates that certain materials/components are subject to special duties under Section 232 of the Trade Expansion Act of 1962 (Section 232), depending on the country of origin. The applicable Section 232 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 6, 2019.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230–0002, and in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Results* of this administrative review on stainless steel bar (SSB) from Spain on December 10, 2018.¹ We invited interested parties to comment on the *Preliminary Results*; however, no interested party submitted comments. Commerce conducted this administrative review of the antidumping duty order on SSB from Spain in accordance with sections 751(a)(1) and (2) of the Tariff Act of 1930, as amended (the Act).² When the review was initiated, the period of review (POR) was March 1, 2017, through February 28, 2018. However, on October 3, 2018, as a result of a five-year (sunset) review, Commerce revoked the antidumping duty order on imports of

stainless steel bar (SSB) from Spain, effective August 9, 2017.³ As a result, the POR was revised to March 1, 2017, through August 8, 2017.⁴

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.⁵ If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. The revised deadline for the final results of this review is now May 20, 2019.

Scope of the Order

The merchandise covered by the order is Stainless Steel Bar. The merchandise subject to this order is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7222.10.00, 7222.11.00, 7222.19.00, 7222.20.00, and 7222.30.00.⁶ Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.⁷

Changes Since the Preliminary Results

As no parties submitted comments on the *Preliminary Results*, we made no changes in the final results of this review.

Final Results of the Review

As there are no changes from, or comments upon, the *Preliminary Results*, Commerce has not modified its analysis or calculations. Accordingly, no decision memorandum accompanies this **Federal Register** notice. We continue to find that Sidenor made sales of subject merchandise at less than normal value during the POR.
