DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection Activities: Homeland Security Acquisition Regulation (HSAR) Post-Award Contract Information

AGENCY: Office of the Chief Procurement Officer (OCPO), Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; Extension of a currently approved collection, 1600-0003.

SUMMARY: The DHS OCPO will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The information requested is used by the Government's contracting officers and other acquisition personnel, including technical and legal staff, for various reasons such as determining the suitability of contractor personnel accessing DHS facilities; to ensure no organizational conflicts of interest exist during the performance of contracts; to ensure the contractor maintains applicable licenses and permits for the removal and disposal of hazardous materials; and to otherwise ensure firms are performing in the Government's best interest. DHS previously published this ICR in the **Federal Register** on

Wednesday, April 4, 2018 for a 60-day public comment period. No comments were received by DHS. The purpose of this notice is to allow an additional 30 days for public comments.

DATES: Comments are encouraged and will be accepted until April 29, 2019. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to OMB Desk Officer, Department of Homeland Security and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

SUPPLEMENTARY INFORMATION: DHS collects information, when necessary, in administering public contracts for supplies and services. The information is used to determine compliance with contract terms placed in the contract as authorized by the Federal Property and Administrative Services Act (41 U.S.C. 251 *et seq.*), the Federal Acquisition Regulation (FAR) (48 CFR Chapter 1), and the HSAR (48 CFR Chapter 30). Respondents submit information based on the terms of the contract; the instructions in the contract deliverables mandatory reporting requirements; and correspondence from acquisition personnel requesting post-award contract information. The least active contracts and the simplest contracts will have little to no data to report. The most active and complex contracts, however, will contain more reporting requirements. DHS believes that some of this information is already readily available as part of a company's business processes and that the largest businesses use computers to compile the data. However, a significant amount of time is spent correlating information to specific contract actions and gathering information for more complex contract actions.

The prior information collection request for OMB No. 1600-0003 was approved through February 28, 2019 by OMB. The purpose of this ICR is to identify the additional clauses that fall under for OMB No. 1600-0003. The collections under the HSAR are as follows:

- 3052.204-70 Security requirements for unclassified information technology resources. (Required in all solicitations and contracts that require submission of an IT Security Plan.) This clause applies to all contractor systems connected to a DHS network and those contracts where the Contractor must have physical or
