

OSU. No known individuals were identified. The one associated funerary object is a faunal talus bone.

#### Determinations Made by Oregon State University, NAGPRA Office

Officials of Oregon State University, NAGPRA Office have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of four individuals of Native American ancestry.

- Pursuant to 25 U.S.C. 3001(3)(A), the two objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Confederated Tribes of Siletz Indians of Oregon (previously listed as the Confederated Tribes of the Siletz Reservation).

#### Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Dawn Marie Alapisco, Oregon State University, NAGPRA Office, 106 Gilkey Hall, Corvallis, OR 97331 telephone (541) 737-4075, email [dawnmarie.alapisco@oregonstate.edu](mailto:dawnmarie.alapisco@oregonstate.edu), by April 29, 2019. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to the Confederated Tribes of Siletz Indians of Oregon (previously listed as the Confederated Tribes of the Siletz Reservation) may proceed.

Oregon State University, NAGPRA Office is responsible for notifying the Consulted and Notified Tribes that this notice has been published.

Dated: February 25, 2019.

**Melanie O'Brien,**

Manager, National NAGPRA Program.

## DEPARTMENT OF THE INTERIOR

### Office of Natural Resources Revenue

[Docket No. ONRR-2011-0020; DS63644000 DR2000000.CH7000 190D113RT; OMB Control Number 1012-0004]

#### Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Royalty and Production Reporting

**AGENCY:** Office of the Secretary, Office of Natural Resources Revenue, Interior.

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Office of Natural Resources Revenue (ONRR) is proposing to renew an information collection with revisions. ONRR seeks renewed authority to collect information by which lessees use three forms necessary to report the production and royalties on minerals produced from Federal and Indian lands and the Outer Continental Shelf (OCS).

**DATES:** Interested persons are invited to submit written comments on or before April 29, 2019.

**ADDRESSES:** Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov); or by facsimile to (202) 395-5806. Please provide a copy of your comments to Mr. Armand Southall, Regulatory Specialist, ONRR, P.O. Box 25165, MS 64400B, Denver, Colorado 80225-0165; or by email to [Armand.Southall@onrr.gov](mailto:Armand.Southall@onrr.gov). Please reference "OMB Control Number 1012-0004" in the subject line of your comments.

**FOR FURTHER INFORMATION CONTACT:** Ms. Lee-Ann Martin at (303) 231-3313, or email to [LeeAnn.Martin@onrr.gov](mailto:LeeAnn.Martin@onrr.gov). You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps that the public understand our information collection requirements and provide the requested data in the desired format.

We published a notice, with a 60-day public comment period soliciting

comments on this collection of information, in the **Federal Register** on August 31, 2018 (83 FR 44662). During the 60-day period, we specifically reached out to seven companies impacted by this information collection renewal (ICR) to request input. In response to the outreach, we received seven responsive comments.

The first comment that we received stated the following:

*"I've looked at the FRN material and the amount of time in the document is pretty accurate with the amount of time it takes me to submit my monthly OGORS and PASRs. 648 lines submit monthly 7,776 lines submit yearly 25% lines require manual intervention 3 minutes: 1,944 lines done manually 5,832 minutes per year on manual lines 97.2 hours per year on manual lines"*

The second comment that we received stated the following:

*"I have read the attached FRN 44662 and have no comments at this time."*

The third comment that we received stated the following:

*"Hope all is well. I reviewed the FRN and I currently have no questions."*

The fourth comment that we received stated the following:

*"[We] reviewed the highlighted (pink) paragraphs and we agree that we are currently submitting Form 4054 Oil and Gas Operations Report and Form 4058 Production Allocation Schedule Report. We have no problems submitting these reports each month to ONRR. Let me know if you need anything else."*

The fifth comment that we received stated the following:

*"Because of the size of our reporting, we spend more time on both OGORS and 2014 reporting and I entered the estimated burden hours and sent it back. I don't have no other comments or questions at this time."*

The sixth comment that we received stated the following:

*"I have surveyed the royalty reporting group and the only comments offered is listed below."*

*Suggested improvement for the Data Warehouse.*

*The analysts would like to be able to have Product Code as one of the selection criteria on the first screen of the "Basic Royalty Report".*

*No comments related to the 2014 royalty reports."*

The seventh comment that we received stated the following:

*"Thank you for reaching out to us. We have no additional updates/comments that we see fit to be made at this time."*

Once again, we are soliciting comments on this proposed ICR that is

described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of ONRR; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might ONRR enhance the quality, usefulness, and clarity of the information collected; and (5) how might ONRR minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your Personally Identifiable Information (PII), such as your address, phone number, email address, or other personal identifying information in your comment(s), you should be aware that your entire comment, including PII, may be made available to the public at any time. While you can ask us, in your comment, to withhold your PII from public view, we cannot guarantee that we will be able to do so.

**Abstract:** The Secretary of the United States Department of the Interior is responsible for collecting royalties from lessees who produce minerals from Federal and Indian lands and the OCS. Under various laws, the Secretary's responsibility is to manage mineral resources production on Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected.

The Secretary also has trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. ONRR performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands.

When a company or an individual enters into a lease to explore, develop, produce, and sell or otherwise dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee, or its designee, must report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals. The information that ONRR collects includes data necessary to ensure that the lessee accurately values and appropriately pays all royalties and other mineral revenues due.

Public laws pertaining to mineral leases on Federal and Indian lands and the OCS are available at [http://www.onrr.gov/Laws\\_R\\_D/PubLaws/index.htm](http://www.onrr.gov/Laws_R_D/PubLaws/index.htm). Information collections that we cover in this ICR are found at title 30 of the *Code of Federal Regulations* (CFR) part 1210, subparts B, C, and D, which pertain to reporting oil, gas, and geothermal resources royalties and oil and gas production; and part 1212, subpart B, which pertains to recordkeeping.

Reporters submit information into the ONRR financial accounting system that includes royalty, rental, bonus, and other payment information; sales volumes and values; and other royalty values. ONRR uses the financial accounting system to compare production volumes with royalty volumes to verify that companies reported and paid proper royalties for the minerals produced. Additionally, we share the data electronically with the Bureau of Safety and Environmental Enforcement, Bureau of Ocean Energy Management, Bureau of Land Management, Bureau of Indian Affairs, and Tribal and State governments so that they can perform their land and lease management responsibilities.

We use the information collected in this ICR to ensure that companies properly pay royalties based on accurate production accounting on oil, gas, and geothermal resources that they produce from Federal and Indian leases. Production data is also used to determine whether a lease is producing in paying quantities and therefore has not expired, and to track total production from Federal and Indian lands by lease, communitization agreement, unit, field or area, State, reservation, and nationally. The requirement to report accurately and timely is mandatory. Please refer to the chart for all reporting requirements and associated burden hours.

### Royalty Reporting

Payors (Reporters) must report, according to various regulations, and remit royalties on oil, gas, and geothermal resources that they produced from leases on Federal and Indian lands. The reporters use the following form for royalty reporting:

*Form ONRR-2014, Report of Sales and Royalty Remittance.* Reporters submit this form monthly to report royalties on oil, gas, and geothermal leases, certain rents, and other lease-related transactions (for example, transportation and processing allowances, lease adjustments, and quality and location differentials). On a royalty report, reporters submit a line of

data for each type of product produced from each Federal or Indian property. Each line contains the royalty owed and the basic elements necessary to calculate the royalty. For example, each line of a royalty report will include the volume produced from the lease, the value of that production, and any allowances claimed by the reporter which reduced the royalty owed.

### Production Reporting

Operators (Reporters) must submit, according to various regulations, production reports to the ONRR financial accounting system if they operate a Federal or Indian onshore or offshore oil and gas lease or federally approved unit or communitization agreement. ONRR uses the financial accounting system to track minerals produced from Federal and Indian lands, from the point of production to the point of disposition or royalty determination and/or point of sale. The reporters use the following forms for production accounting and reporting:

*Form ONRR-4054, Oil and Gas Operations Report (OGOR).* Reporters submit this form monthly for all production reporting for the Outer Continental Shelf, onshore Federal, and Indian leases. On part A of the OGOR production report, reporters submit a line of data indicating the volumes produced from each Federal or Indian well. On part B, reporters submit a line of data for each commodity, indicating the disposition of the volumes. On part C, reporters submit a line of data for each Federal or Indian property indicating any change in the volume of the inventory remaining on the property. ONRR compares the production information with the sales and royalty data that reporters submit on form ONRR-2014 to ensure that the reporters paid and reported the proper royalties on the oil and gas production reported to ONRR. ONRR uses the information from OGOR parts A, B, and C to track all oil and gas from the point of production to the point of first sale or other disposition. Other Federal government agencies use the monthly data to monitor and inspect lease operations.

*Form ONRR-4058, Production Allocation Schedule Report (PASR).* Reporters submit this form monthly to provide allocation information for Federal offshore production. This reporting is required when a facility operator manages a measurement point where they commingle the production from an offshore Federal lease or metering point with production from other sources (such as State lease production) before the production is

measured for a royalty determination. On each PASR, the reporter submits a line of data containing the volume of commingled oil or gas. ONRR uses the data to determine if the payors reported accurate sales volumes on the OGOR. Reporters also use the PASR to corroborate data reflected on the OGOR that the OCS lease operators submit.

#### **OMB Approval**

We are requesting OMB's approval to continue to collect this information. Not collecting this information would limit the Secretary's ability to discharge fiduciary duties and may also result in the loss of royalty payments. ONRR protects the proprietary information that it receives, and does not collect items of a sensitive nature. It is mandatory that the reporters submit forms ONRR-2014, ONRR-4054, and ONRR-4058.

#### **Data**

*Title of Collection:* Royalty and Production Reporting, 30 CFR parts 1210 and 1212.

*OMB Control Number:* 1012-0004.  
*Form Numbers:* ONRR-2014, ONRR-4054, and ONRR-4058.

*Type of Review:* Revision of a currently approved collection.

*Respondents/Affected Public:* Businesses.

*Total Estimated Number of Annual Respondents:* 3,870 oil, gas, and geothermal reporters.

*Total Estimated Number of Annual Responses:* 12,873,046 lines of data.

*Estimated Completion Time per Response:* Varies between 1 and 7 minutes per line, depending on the activity. The average completion time is 1.96 minutes per line. The average completion time is calculated by first multiplying the estimated annual burden hours from the table below

(420,241) by 60 to obtain the total annual burden minutes. Then the total annual burden minutes (25,214,460) divided by the estimated annual number of data lines submitted from the table below (12,873,046) equals the average completion time.

*Total Estimated Number of Annual Burden Hours:* 420,241 hours.

*Respondent's Obligation:* Mandatory.

*Frequency of Collection:* Monthly.  
*Total Estimated Annual Non-hour Burden Cost:* We have identified no "non-hour cost" burden associated with this collection of information.

We have not included in our estimates certain requirements that companies perform in the normal course of business that ONRR considers usual and customary. We display the estimated annual burden hours by CFR section and paragraph in the following chart.

**BILLING CODE 4335-30-P**

**Respondents' Estimated Annual Burden Hours**

Title 30 CFR	Reporting and Recordkeeping Requirement	Hour Burden	Average Number of Annual Responses (lines of data)	Annual Burden Hours
<b>30 CFR Part 1210—FORMS AND REPORTS</b>				
<b>Subpart B—Royalty Reports—Oil, Gas, and Geothermal Resources</b>				
1210.52 (a) and (b)	<b>1210.52 What royalty reports must I submit?</b> You must submit a completed form ONRR–2014, Report of Sales and Royalty Remittance, to ONRR with: (a) All royalty payments; and (b) Rents on nonproducing leases, where specified in the lease.	<i>Form ONRR-2014</i>		
		Electronic* (approximately 99.97 percent)		
		3 min. per line	6,160,687	308,034
		Manual* (approximately 0.03 percent)		
1210.53 (a), (b), and (c)	<b>1210.53 When are my royalty reports and payments due?</b> (a) Completed forms ONRR–2014 for royalty payments and the associated payments are due by the end of the month following the production month (see also § 1218.50 of this chapter). (b) Completed forms ONRR–2014 for rental payments, where applicable, and the associated payments are due as specified by the lease terms (see also § 1218.50 of this chapter). (c) You may submit reports and payments early.	7 min. per line	1,702	199
1210.54 (a), (b), and (c)	<b>1210.54 Must I submit this royalty report electronically?</b> (a) You must submit form ONRR–2014 electronically unless you qualify for an exception under § 1210.55(a). (b) As of December 31, 2011, all reporters/payors must report to ONRR electronically via the eCommerce Reporting Web site. All reporters/payors also must report royalty data directly or upload files using the ONRR electronic web form located at <a href="https://onrrreporting.onrr.gov">https://onrrreporting.onrr.gov</a> * * * (c) Refer to our electronic reporting guidelines in the ONRR Minerals Revenue Reporter Handbook, for the most current reporting options, instructions, and security measures. The handbook may be found on our Internet Web site or you may call your ONRR			

Title 30 CFR	Reporting and Recordkeeping Requirement	Hour Burden	Average Number of Annual Responses (lines of data)	Annual Burden Hours
1210.102 (b)(1)  1210.102 (b)(2)(i)- (vi)	(b) Form ONRR–4058, Production Allocation Schedule Report. If you operate an offshore facility measurement point (FMP) handling production from a Federal oil and gas lease or federally approved unit agreement that is commingled (with approval) with production from any other source prior to measurement for royalty determination, you must file form ONRR–4058. (1) You must submit form ONRR–4058 for each calendar month beginning with the month in which you first handle production covered by this section. (2) Form ONRR–4058 is not required whenever all of the following conditions are met: (i) All leases involved are Federal leases; (ii) All leases have the same fixed royalty rate; (iii) All leases are operated by the same operator; (iv) The facility measurement device is operated by the same person as the leases/agreements; (v) Production has not been previously measured for royalty determination; and (vi) The production is not subsequently commingled and measured for royalty determination at an FMP for which form ONRR–4058 is required under this part.	Burden hours covered under § 1210.104(a) and (b).		
1210.103 (a) and (b)	<b>1210.103 When are my production reports due?</b> (a) The ONRR must receive your completed forms ONRR–4054 and ONRR–4058 by the 15th day of the second month following the month for which you are reporting. (b) A report is considered received when it is delivered to ONRR by 4 p.m. mountain time at the addresses specified in § 1210.105. Reports received after 4 p.m. mountain time are considered received the following business day.
