

funding and financing resulting in a final recommendation report submitted to the EPA by Friday, December 6, 2019. Expert consultants are expected to fully participate, coordinate, and contribute to EFAB workgroup products, but are not able to vote, on EFAB's final recommendations. The EFAB workgroup will focus specifically on a report to EPA that is responsive to the America's Water Infrastructure Act of 2018, Section 4101.

Dated: March 21, 2019.

Andrew Sawyers,
 Director, Office of Wastewater Management,
 Office of Water.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9991-59-OLEM]

FY 2019 Supplemental Funding for Brownfields Revolving Loan Fund (RLF) Grantees

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of the availability of funds.

SUMMARY: The Environmental Protection Agency (EPA) plans to make available approximately \$8 million to provide supplemental funds to Revolving Loan Fund (RLF) cooperative agreements previously awarded competitively under section 104(k)(3) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). EPA will consider awarding supplemental funding only to RLF grantees who have demonstrated an ability to deliver programmatic results by making at least one loan or subgrant. The award of these funds is based on the criteria described at CERCLA 104(k)(5)(A)(ii).

The Agency is now accepting requests for supplemental funding from RLF grantees. Requests for funding must be submitted to the appropriate EPA Regional Brownfields Coordinator (listed below) by May 6, 2019. Funding requests for hazardous substances and/

or petroleum funding will be accepted. Specific information on submitting a request for RLF supplemental funding is described below and additional information may be obtained by contacting the EPA Regional Brownfields Coordinator.

DATES: This action is applicable April 3, 2019.

ADDRESSES: A request for supplemental funding must be in the form of a letter addressed to the appropriate Regional Brownfields Coordinator (see listing below) with a copy to Rachel Congdon, congdon.rachel@epa.gov.

FOR FURTHER INFORMATION CONTACT: Rachel Congdon, U.S. EPA, (202) 566-1564 or the appropriate Brownfields Regional Coordinator.

SUPPLEMENTARY INFORMATION:

Background

The Small Business Liability Relief and Brownfields Revitalization Act added section 104(k) to CERCLA to authorize federal financial assistance for brownfields revitalization, including grants for assessment, cleanup and job training. Section 104(k) includes a provision for EPA to, among other things, award grants to eligible entities to capitalize Revolving Loan Funds and to provide loans and subgrants for brownfields cleanup. Section 104(k)(5)(A)(ii) authorizes EPA to make additional grant funds available to RLF grantees for any year after the year for which the initial grant is made (noncompetitive RLF supplemental funding) taking into consideration:

(I) The number of sites and number of communities that are addressed by the revolving loan fund;

(II) the demand for funding by eligible entities that have not previously received a grant under this subsection;

(III) the demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and

(IV) such other similar factors as the [Agency] considers appropriate to carry out this subsection.

Eligibility

In order to be considered for supplemental funding, grantees must

demonstrate that they have significantly depleted funds (both EPA grant funding and any available program income) and that they have a clear plan for utilizing requested additional funds in a timely manner. Grantees must demonstrate that they have made at least one loan or subgrant prior to applying for this supplemental funding and have significantly depleted existing available funds. For FY2019, EPA defines "significantly depleted funds" as uncommitted, available funding is 25% or less of total RLF funds awarded under all open and closed grants and cannot exceed \$600,000. For new RLF recipients with an award of \$1 million or less, funds will be considered significantly depleted if the uncommitted or available funding does not exceed \$300,000. Additionally, the RLF recipient must have demonstrated a need for supplemental funding based on, among other factors, the list of potential projects in the RLF program pipeline; demonstrated the ability to make loans and subgrants for cleanups that can be started, completed, and will lead to redevelopment; demonstrated the ability to administer and revolve the RLF by generating program income; demonstrated an ability to use the RLF grant to address funding gaps for cleanup; and demonstrated that they have provided a community benefit from past and potential loan(s) and/or subgrant(s). EPA encourages innovative approaches to maximize revolving and leveraging with other funds, including use of grants funds as a loan loss guarantee, combining with other government or private sector lending resources. Applicants for supplemental funding must contact the appropriate Regional Brownfields Coordinator below to obtain information on the format for supplemental funding applications for their region. When requesting supplemental funding, applicants must specify whether they are seeking funding for sites contaminated by hazardous substances and/or petroleum. Applicants may request both types of funding.

REGIONAL CONTACTS

Region	States	Address/phone No.
EPA Region 1, Joe Ferrari, Ferrari.Joe@epa.gov	CT, ME, MA, NH, RI, VT	5 Post Office Square, Boston, MA 02109-3912, Phone (617) 918-1105.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0751]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before June 3, 2019. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–0751.

Title: Contracts and Concessions, 47 CFR 43.51.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents/Responses: 20 respondents, 20 responses.

Estimated Time per Response: 6–8 hours.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in 47 U.S.C. 154, 211, 219 and 220.

Total Annual Burden: 140 hours.

Annual Cost Burden: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: In general, there is no need for

confidentiality with this collection of information.

Needs and Uses: The Federal Communications Commission (“Commission”) is requesting that the Office of Management and Budget (OMB) approve a revision of the information collection, titled, “Contracts and Concessions—47 CFR 43.51” under OMB Control Number 3060–0751. On November 29, 2012, the Commission released the International Settlements Policy Reform Order (“ISP Reform Order”), FCC 12–145. In this Order, the Commission decided to eliminate the international settlements policy and certain associated rules, including removal of the Section 43.51(d) filing requirements and removal of Section 43.51(b)(3). As a result, this Supporting Statement reflects a program change of – 20 responses and – 160 in annual burden hours.

The Commission determined in the *ISP Reform Order* that the international settlements policy (ISP) and rules had become unnecessarily burdensome on U.S. carriers attempting to negotiate agreements with foreign carriers to exchange traffic at lower rates. The Commission determined that eliminating the ISP, with one exception related to Cuba, would enable more market-based arrangements between U.S. and foreign carriers on all U.S.-international routes, giving all U.S. consumers competitive pricing when they make international calls. When it eliminated the ISP, the Commission eliminated Section 43.51(b)(3), which required that the agreements described in Sections 43.51(a) and 43.51(b) be filed by U.S.-international carriers that were affiliated with foreign carriers that possessed market power on certain U.S.-international. The Commission also removed Section 43.51(d), which required annual reporting by U.S.-international carriers of certain
