

separately direct for purposes of the state data call.

The non-small insurer template will be completed by insurance groups (or individual insurers not affiliated with a group) that had either a 2017 policyholder surplus of greater than \$800 million or 2017 direct earned premium in TRIP-eligible lines of insurance equal to or greater than \$800 million, and that are not subject to reporting on the captive insurer or alien surplus lines insurer reporting templates. Otherwise, insurers defined as non-small insurers for the 2019 Data Call will report the same information to Treasury (on a group basis) and state insurance regulators (also on a group basis), except as state insurance regulators may separately direct for purposes of the state data call.

The reporting template for captive insurers does not contain additional changes specific to those insurers. Captive insurers are defined in 31 CFR 50.4(g) as insurers licensed under the captive insurance laws or regulations of any state. Captive insurers that wrote policies in TRIP-eligible lines of insurance during the reporting period are required to register and submit data to Treasury, unless they did not provide their insureds with any terrorism risk insurance subject to the Program.

The reporting template for alien surplus lines insurers does not contain additional changes specific to those insurers. Alien surplus lines insurers are defined in 31 CFR 50.4(o)(1)(i)(B) as insurers not licensed or admitted to engage in the business of providing primary or excess insurance in any state, but that are eligible surplus line insurers listed on the NAIC Quarterly Listing of Alien Insurers. Alien surplus lines insurers that are part of a larger group classified as a non-small insurer or a small insurer should report to Treasury as part of the group, using the appropriate template. Therefore, the alien surplus lines insurer template should only be used by an alien surplus lines insurer that is not part of a larger group subject to the 2019 Data Call.

C. Supplemental Reference Documents

Treasury will continue to make available on its data collection website (https://www.treasury.gov/resource-center/fin-mkts/Pages/TRIP_data.aspx) documents providing a complete ZIP code listing for areas subject to reporting on the Geographic Exposures (Nationwide) worksheet, as well as several hypothetical policy reporting scenarios.

D. Training Webinars

As in prior years, Treasury will hold four (4) separate training sessions corresponding to the four reporting templates that will be used by insurers (Alien Surplus Lines Insurers, Captive Insurers, Insurer (Non-Small) Groups or Companies, and Small Insurers). The webinars will be held on April 9 and April 10, 2019 to assist reporting insurers in responding to the proposed collection, with each webinar focusing on a specific reporting template. Specific times and details concerning participation in the webinar will be made available on the TRIP data collection website, and recordings of each webinar will be made available on the website following each training session.

III. 2019 TRIP Data Call

For the 2019 TRIP Data Call, which covers the reporting period of January 1, 2018 to December 31, 2018, Treasury will continue to use four different data collection templates.¹¹ Insurers will fill out the template for “Insurer (Non-Small) Groups or Companies,” unless the insurer meets the definition of a small insurer, captive insurer, or alien surplus insurer, as set forth in 31 CFR 50.4. Such small insurers, captive insurers, and alien surplus lines insurers are required to complete an alternate template.

Treasury, through an insurance statistical aggregator, will accept group or insurer registration forms through <https://tripsection111data.com/>. Upon registration, the aggregator will transmit individualized data collection forms (in Excel format) to the reporting group or insurer via a secure file transfer portal. The reporting group or insurer may transmit a complete data submission via the same portal using either the provided Excel forms or a .csv file.¹²

Copies of the instructions and data collection forms are available on Treasury’s website in read-only format. Reporting insurers will obtain the fillable reporting forms directly from the data aggregator after registering for the data collection process.

Reporting insurers are required to register and submit complete data to Treasury no later than May 15, 2019. Because of the timing and content of Treasury’s 2019 report to Congress, no extensions will be granted. Reporting insurers can ask the data aggregator questions about registration, form completion, and submission through

¹¹ See 31 CFR 50.51(c).

¹² Specifications for submission of data using a .csv file will be provided to the insurer by the aggregator.

tripsection111data@iso.com. Treasury, as identified above, may also be contacted directly with questions. Questions regarding submission of data to state insurance regulators or the property supplement should be directed to the appropriate state insurance regulator or the NAIC.

All data submitted to the aggregator is subject to the confidentiality and data protection provisions of TRIA and the Program Rules, as well as to section 552 of title 5, United States Code, including any exceptions thereunder. In accordance with the Paperwork Reduction Act, (44 U.S.C. 3501 *et seq.*), the information collected through the web portal has been approved by OMB under Control Number 1505-0257. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a valid OMB control number.

Dated: March 29, 2019.

Steven E. Seitz,

Director, Federal Insurance Office.
