

V. Statutory and Regulatory Analyses*Administrative Procedure Act*

Because the statute requires that the catch-up adjustment be done through an interim final rulemaking and that subsequent adjustments be done notwithstanding the requirements of 5 U.S.C. 553 (see section 4(b)(1) & (2) of the Inflation Adjustment Act), the Act can be read to provide that the requirement in section 553(d) for a 30-day delayed effective date does not apply to finalizing the interim final rule regarding the catch-up adjustment, particularly where this final rule makes no change to the interim final rule. Alternatively, to the extent section 553(d) may be applicable, the Department finds that there is good cause to make the rule effective immediately pursuant to 5 U.S.C. 553(d)(3), given that any delay is unnecessary since the rule is already in effect as an interim final rule and this final rule makes no change to it.

Regulatory Flexibility Act

Only those entities that are determined to have violated federal law and regulations would be affected by the increase in the civil penalty amounts made by this rule. A Regulatory Flexibility Act analysis is not required for this rule because publication of a notice of proposed rulemaking was not required. See 5 U.S.C. 603(a).

Executive Orders 12866 and 13563—Regulatory Review

This final rule has been drafted in accordance with Executive Order 12866, “Regulatory Planning and Review,” section 1(b), The Principles of Regulation, and in accordance with Executive Order 13563, “Improving Regulation and Regulatory Review” section 1, General Principles of Regulation. Executive Orders 12866 and 13563 direct agencies, in certain circumstances, to assess all costs and benefits of available regulatory alternatives, and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity).

The Department of Justice has determined that this rule is not a “significant regulatory action” under Executive Order 12866, “Regulatory Planning and Review,” section 3(f), and accordingly this rule has not been reviewed by the Office of Management and Budget. This final rule adopts without change the provisions of the 2016 interim rule, which itself was

determined not to be a significant regulatory action under Executive Order 12866.

Executive Order 13132—Federalism

This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Executive Order 12988—Civil Justice Reform

This regulation meets the applicable standards set forth in sections 3(a) and 3(b)(2) of Executive Order 12988.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

This rule is not a major rule as defined by section 251 of the Congressional Review Act, 5 U.S.C. 804. It will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices for consumers, individual industries, federal, state, or local government agencies, or geographic regions; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic and export markets.

Special Local Regulations

In accordance with § 100.901, entry into, transiting, or anchoring within these regulated areas is prohibited unless authorized by the Coast Guard patrol commander (PATCOM). The PATCOM may restrict vessel operation within the regulated area to vessels having particular operating characteristics.

Vessels permitted to enter this regulated area must operate at a no-

wake speed and in a manner that will not endanger race participants or any other craft.

The PATCOM may direct the anchoring, mooring, or movement of any vessel within this regulated area. A succession of sharp, short signals by whistle or horn from vessels patrolling the area under the direction of the PATCOM shall serve as a signal to stop. Vessels so signaled shall stop and shall comply with the orders of the PATCOM. Failure to do so may result in expulsion from the area, a Notice of Violation for failure to comply, or both.

If it is deemed necessary for the protection of life and property, the PATCOM may terminate the marine event or the operation of any vessel within the regulated area.

In accordance with the general regulations in § 100.35 of this part, the Coast Guard will patrol the regatta area under the direction of a designated Coast Guard Patrol Commander (PATCOM). The PATCOM may be contacted on Channel 16 (156.8 MHz) by the call sign "Coast Guard Patrol Commander."

This document is issued under authority of 33 CFR 100.35 and 5 U.S.C. 552(a). If the Captain of the Port determines that any of these special local regulations need not be enforced for the full duration stated in this document, he may suspend such enforcement and notify the public of the suspension via a Broadcast Notice to Mariners.
