SUPPLEMENTARY INFORMATION:

I. *Background:* OFCCP administers and enforces the three equal employment opportunity laws listed below.

- Executive Order 11246, as amended (E.O. 11246)
- Section 503 of the Rehabilitation Act of 1973, as amended (Section 503)
- Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (VEVRAA)

These authorities prohibit employment discrimination by covered federal contractors and subcontractors and require that they take affirmative action and provide equal employment opportunities regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran. Additionally, federal contractors and subcontractors are prohibited from discriminating against applicants and employees for asking about, discussing, or sharing information about their pay or, in certain circumstances, the pay of their co-workers. E.O. 11246 applies to federal contractors and subcontractors and to federally assisted construction contractors holding a Government contract in excess of \$10,000, or Government contracts that have, or can

reasonably be expected to have, an aggregate total value exceeding \$10,000 in a 12-month period. E.O. 11246 also applies to government bills of lading, depositories of federal funds in any amount, and to financial institutions that are issuing and paying agents for U.S. Savings Bonds. Section 503 prohibits employment discrimination against applicants and employees because of physical or mental disability and requires affirmative action to ensure that persons are treated without regard to disability. Section 503 applies to federal contractors and subcontractors with contracts in excess of \$15,000. VEVRAA prohibits employment discrimination against protected veterans and requires affirmative action to ensure that persons are treated without regard to their status as a protected veteran. VEVRAA applies to federal contractors and subcontractors with contracts of \$150,000 or more. This information collection request (ICR) seeks to implement two types of construction compliance check letters for construction contractors to notify them that they have been selected to undergo a compliance check. More limited in nature than the full compliance review currently conducted by OFCCP, each compliance check will impose a much smaller contractor burden by allowing the agency to review only certain records.

II. *Review Focus:* OFCCP is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the enforcement and compliance assistance functions of the agency that support the agency's compliance mission, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions:* OFCCP seeks approval of this new information collection in order to carry out its responsibilities to enforce the nondiscrimination and affirmative

action provisions of the three legal authorities it administers.
