SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget ("OMB") for each collection of information they conduct or sponsor. "Collection of Information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed revision of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice for the extension of the collection listed below.

Title: Regulations and Forms Pertaining to the Financial Integrity of the Marketplace (OMB Control No. 3038-0024). This is a request for an extension of a currently approved information collection.

Abstract: The Commission is the independent federal regulatory agency charged with providing various forms of customer protection so that users of the commodity markets can be assured of the financial integrity of the markets and the intermediaries that they employ in their trading activities. Part 1 of the Commission's regulations requires, among other things, that commodity brokers—known as futures commission merchants ("FCMs"), or Introducing Brokers ("IBs"), comply with certain minimum financial requirements. In order to monitor compliance with these financial standards, the Commission has required FCMs and IBs to file financial reports with the Commission and with the designated self-regulatory organization of which they are members as well as to report to the Commission should certain financial requirements drop below prescribed minimums.

In 2008, the U.S. Congress passed the Food, Conservation, and Energy Act of 2008, Public Law 110-246, 122 Stat. 1651, 2189-2204 (2008), also known as the Farm Bill. The Farm Bill provided the Commission with new authority with regard to the regulation of off-exchange retail forex transactions. Among other things, it directed the Commission to draft rules effectuating registration provisions for a new category of registrant—the retail foreign exchange dealer ("RFED"). Under the

⁷ 17 CFR 145.9.

terms of the legislation, RFEDs are subject to the same capital requirements as FCMs that are engaged in retail forex transactions, and, therefore, subject to the same reporting requirements. Accordingly, this collection was amended to reflect the financial reporting requirements of the new category of registrant, RFEDs.

In 2010, the U.S. Congress passed the Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), Public Law 111–203, 124 Stat. 1376 (2010), giving the Commission the authority to regulate certain swap markets and participants in those markets. Section 731 of the Dodd-Frank Act, amended the Commodity Exchange Act (“CEA”), 7 U.S.C. 1 *et seq.*, to add, as section 4s(e) thereof, provisions concerning the setting of initial and variation margin requirements for swap dealers (“SDs”) and major swap participants (“MSPs”). In 2016, the Commission finalized the Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants rule to implement those requirements. Specifically, Regulation 23.154(b) require SDs and MSPs that do not have a prudential regulator (“Covered Swap Entities” or “CSEs”) that are using a model to compute initial margin requirements to submit the model for review and approval by the Commission or a registered futures association. CSEs must also notify the Commission upon making certain changes to the model. The information required for the prior written approval of the margin model or for certain changes to such model, is needed to demonstrate that the model satisfies all of the requirements of Regulation 23.154(b).

Separately, in 2013, the Commission finalized rules in an effort to prevent unauthorized usage of customer funds by FCMs and RFEDs. The final rules include modifications to the reporting requirements required by the Commission which resulted in changes to the financial statements filed by FCMs and RFEDs, and made some of the recordkeeping requirements already contained in this OMB Collection Number 3038–0024 into reporting requirements. These rules added additional recordkeeping requirements by FCMs to assure the segregation of customer funds.

This collection, OMB Control No. 3038–0024, is needed for the Commission to continue its financial monitoring of its registrants. The burden hours are being revised to reflect the current number of registrants and updated to reflect more accurate numbers regarding the number of

financial reports filed, based on current historical data.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission’s regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the ICR will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its estimate of the burden for this collection for approximately 66 FCMs and RFEDs, 50 CSEs and 1,178 IBs. The respondent burden for this collection is estimated to be as follows:

Respondents/Affected Entities: FCMs, RFEDs, IBs, SDs, and MSPs that do not have a Prudential Regulator.

Estimated Number of Respondents: 1,294.

Estimated Average Burden Hours per Respondent: 62.

Estimated Total Annual Burden Hours: 80,837.

Frequency of Collection: Various. For example, FCMs have both daily and monthly financial reporting obligations, annual certified financial and compliance report obligations, and periodic notice requirements.

There are no capital costs or operating and maintenance costs associated with this collection.
