Draft Environmental Assessment and Habitat Conservation Plan; Davis Ranch, Bexar County, Texas; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comments; correction.

SUMMARY: On March 18, 2019, we, the U.S. Fish and Wildlife Service, announced via a **Federal Register** notice the availability of a draft environmental assessment (dEA) and habitat conservation plan (HCP) for development in Bexar County, Texas. Under the Endangered Species Act, the Davis McCrary Property Trust applied for an incidental take permit (ITP) that would authorize incidental take of the golden-cheeked warbler. Our **Federal Register** notice inadvertently did not give the correct permit number and did not specifically state how the public can submit comments. In this notice, we correct those errors.

DATES: To ensure consideration, written comments must be received or postmarked on or before May 8, 2019.

SUPPLEMENTARY INFORMATION: In a March 18, 2019, **Federal Register** notice (84 FR 9806), we, the U.S. Fish and Wildlife Service (Service), made available the draft Environmental Assessment (dEA) and the Davis Ranch Habitat Conservation Plan (HCP) for development of a 724-acre property in Bexar County, Texas. The Davis McCrary Property Trust has applied to the Service for an incidental take permit (ITP) under section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested ITP, which would be in effect for a period of 30 years, if granted, would authorize incidental take of the federally endangered golden-cheeked warbler (*Setophaga (=Dendroica) chrysoparia*). The proposed incidental take would result from activities associated with otherwise lawful activities, including commercial and residential development on the property as a result of clearing of vegetation, earth-moving activities, and construction of structures.

Corrections

In our March 18, 2019, notice (84 FR 9806), we did not provide the correct permit number. The correct permit number is TE33684D-0.

We also wish to clarify how the public can submit comments. Please see *Submitting Comments* under **ADDRESSES**, above.

Finally, while the original end date for the comment period was April 17, 2019, we are extending the comment period to May 8, 2019, because of the errors in our original notice.
