SUPPLEMENTARY INFORMATION: Under the PRA,¹ Federal agencies must obtain approval from the Office of Management and Budget (“OMB”) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Regulations Establishing and Governing the Duties of Swap Dealers and Major Swap Participants (OMB Control No. 3038–0084). This is a request for an extension of a currently approved information collection.

Abstract: On April 3, 2012 the Commission adopted Commission regulations 23.600 (Risk Management Program), 23.601 (Monitoring of

Position Limits), 23.602 (Diligent Supervision), 23.603 (Business Continuity and Disaster Recovery) 23.606 (General Information: Availability for Disclosure and Inspection), and 23.607 (Antitrust Considerations)² pursuant to section 4s(j)³ of the Commodity Exchange Act (“CEA”). The above regulations adopted by the Commission would, among other things, require swap dealers (“SD”)⁴ and major swap participants (“MSP”)⁵ to develop a risk management program (including a plan for business continuity and disaster recovery and policies and procedures designed to ensure compliance with applicable position limits). The Commission believes that the information collection obligations imposed by the above regulations are essential to ensuring that swap dealers and major swap participants maintain adequate and effective risk management programs and policies and procedures to ensure compliance with position limits. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>. You should submit only

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the information collection request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its estimate of the burden for this collection to reflect the current number of respondents and estimated burden hours. The respondent burden for this collection is estimated to be as follows:

Number of Registrants: 103.

Estimated Average Burden Hours per Registrant: 1,148.5.

Estimated Aggregate Burden Hours: 118,295.5.

Notice of Availability of a Draft Environmental Assessment for the Juniper Butte Land Withdrawal Extension, Mountain Home Air Force Base, Idaho

ACTION: Notice of Availability.

SUMMARY: The U.S. Air Force (Air Force) is issuing this notice of availability to advise the public of the availability of a Draft Environmental Assessment (EA) for the Juniper Butte Land Withdrawal Extension, Mountain Home Air Force Base, Idaho.

⁶ 17 CFR 145.9.

¹ 44 U.S.C. 3501 *et seq.*

DATES: A public meeting will be held in Mountain Home, Idaho, from 5 p.m. to 7 p.m. on April 25, 2019 at the American Legion (VFW Post 26), 515 E 2nd South Street, Mountain Home, Idaho 83647.

ADDRESSES: For questions regarding the Proposed Action or EA development, contact Public Affairs at 366FW.PA.Public.Affairs@us.af.mil or 208-828-6800. Although comments can be submitted to the Air Force any time during the EA process, comments are requested within 60 days from the date of this publication to ensure full consideration in the process. Comments can be submitted by email to 366FW.PA.Public.Affairs@us.af.mil, mail to, 366 FW/PA, 366 Gunfighter Avenue, Suite 310, Mountain Home AFB 83648, or in person by attending the public meeting.

FOR FURTHER INFORMATION CONTACT: Robin Divine at 208-828-6800.

SUPPLEMENTARY INFORMATION: The Draft EA has been prepared to consider the potential environmental consequences of extending the public lands withdrawal established in October 1998 under the *Juniper Butte Range Withdrawal Act of 1999*, Public Law (Pub. L.) 105-261 at Mountain Home Range Complex associated with Mountain Home Air Force Base (AFB), Idaho. Under Public Law 105-261, approximately 11,816 acres of public land, located in Owyhee and Twin Falls counties, Idaho, from the Department of Interior, Bureau of Land Management was withdrawn to the Air Force for military use. Public Law 105-261 will expire in 2023; therefore, the Air Force is proposing to extend the withdrawal of this public land for continued military training for an additional 25 years. In addition, except as provided in subsection 2908(f) of Public Law 105-261, withdrawn and acquired mineral resources within the boundaries of the Juniper Butte Range will continue as originally withdrawn from the United States mining laws.

The extension would allow the Air Force to sustain its mission for enhanced readiness training as well as maintain critical existing assets that support the mission. A No Action Alternative is included in the Draft EA for evaluation. Under the No Action Alternative, the withdrawal of public lands would not be extended, and public lands would be relinquished to the Bureau of Land Management. The Air Force would retain the restricted airspace R-3204A, B, and C; however, training activities would exclude ordnance drops on the existing withdrawal. The analysis of the No

Action Alternative provides a benchmark to enable Air Force decision-makers to compare the magnitude of the potential environmental effects of the Proposed Action.

The Air Force is soliciting comments from interested local, state, and federal elected officials and agencies, as well as interested members of the public. The Air Force is also pursuing government-to-government consultations with interested Native American tribes in accordance with requirements as articulated in the National Historic Preservation Act (NHPA).

The Draft EA is available on the internet at <https://www.mountainhome.af.mil/Home/Environmental-News/>. Copies of the Draft EA are available for review at the following locations:

- Mountain Home Public Library, 790 N 10th E Street, Mountain Home, Idaho 83647
