

Decisions by the Forest Service to approve “plan level” amendments to Land Management Plans (proposed amendments UNF-4 and RRNF-7 in this Notice) are subject to the Pre-Decisional Administrative Review Process Regulations at 36 CFR 219 subpart B. The term “plan level” refers to plan amendments that would apply to future management actions.

Decisions by the Forest Service to approve “project-specific” plan amendments (proposed amendments UNF-1 thru 3, RRNF-2 thru 6, and WNF-1 thru 5 in this Notice) are subject to the Administrative Review Process of 36 CFR 218 subpart A and B, in accordance with 36 CFR 219.59(b). The term “project specific” refers to amendments that would only apply to the proposed project and would not apply to any future management actions. Refer to the applicable administrative review regulations for eligibility requirements.

The Forest Service concurrence to BLM to issue a right-of-way grant would not be a decision subject to NEPA and, therefore, would not be subject to the Forest Service administrative review procedures.

Columbia Gas Transmission, LLC; Notice of Revised Schedule for Environmental Review of the Buckeye Xpress Project

This notice identifies the Federal Energy Regulatory Commission staff’s revised schedule for the completion of the environmental assessment (EA) for Columbia Gas Transmission, LLC’s (Columbia) Buckeye Xpress Project. The first notice of schedule, issued on February 28, 2019, identified April 8, 2019 as the EA issuance date based on receiving input from the U.S. Forest Service, our cooperating agency in preparation of this EA. The U.S. Forest Service is responsible for acting on Columbia’s requested Special Use Permit necessary to cross the Wayne National Forest. An extension is required for the U.S. Forest Service to review Columbia’s responses to recent information requests issued on March 1 and March 7, 2019, and to complete its respective input and to ensure that the EA will satisfy the needs of the federal permitting agencies. As a result, staff has revised the schedule for issuance of the EA.

Schedule for Environmental Review

Issuance of Notice of Availability of the EA May 20, 2019
 90-day Federal Authorization Decision Deadline August 18, 2019
 If a schedule change becomes necessary, an additional notice will be provided so that the relevant agencies are kept informed of the project’s progress.

² *Id.* at Ordering Paragraph A.
