

Table lists areas in alphabetical order by state, and the counties associated with each area. In the six New England states, the listings are for counties or parts of counties as defined by towns or cities. HUD is also releasing the data in Microsoft Excel format to assist users who may wish to use these data in other calculations. The Excel file is available at <https://www.huduser.gov/portal/datasets/rfif/rfif.html>. Note that, as described earlier, the actual renewal funding inflation factor applied to agency funding will be the voucher-weighted average of the FMR area factors when the PHA operates in multiple areas.

VI. Environmental Impact

This notice involves a statutorily required establishment of a rate or cost determination which does not constitute a development decision affecting the physical condition of specific project areas or building sites. Accordingly, under 24 CFR 50.19(c)(6), this notice is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).

Dated: April 12, 2019.

Todd Richardson,

General Deputy Assistant Secretary for Policy Development and Research.

Endangered Species; Receipt of Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct activities intended to enhance the propagation and survival of endangered species under the Endangered Species Act of 1973, as amended. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before May 17, 2019.

ADDRESSES: Document availability and comment submission: Submit requests for copies of the applications and related documents and submit any comments by one of the following methods. All requests and comments should specify the applicant name(s) and application number(s) (*i.e.*, Dana Ross TE-08964A-2):

- *Email:* permitsR1ES@fws.gov.
- *U.S. Mail:* Marilet Zablan, Program Manager, Restoration and Endangered Species Classification, Ecological Services, U.S. Fish and Wildlife Service, Pacific Regional Office, 911 NE 11th Avenue, Portland, OR 97232-4181.

FOR FURTHER INFORMATION CONTACT:

Colleen Henson, Recovery Permit Coordinator, Ecological Services, (503) 231-6131 (phone); permitsR1ES@fws.gov (email). Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the applicants to conduct activities

intended to promote recovery of species that are listed as endangered under the ESA.

Background

With some exceptions, the ESA prohibits activities that constitute take of listed species unless a Federal permit is issued that allows such activity. The ESA's definition of "take" includes such activities as pursuing, harassing, trapping, capturing, or collecting in addition to hunting, shooting, harming, wounding, or killing.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Application Available for Review and Comment

Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing this permit. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to this application. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.

Application No.	Applicant, city, state	Species	Location	Take activity	Permit action
TE-08964A-2	Dana Ross, Corvallis, OR.	Fender's blue butterfly (<i>Icaricia icarioides fenderi</i>), Taylor's checkerspot butterfly (<i>Euphydryas editha taylori</i>).	Oregon	Harass by pursuit, capture, handle, identify, and release..	Renew.
TE-25955C-2	Dr. Melissa Price, University of Hawaii at Mānoa, Honolulu, HI.	Aeo, Hawaiian stilt (<i>Himantopus mexicanus knudseni</i>), Alae keokeo, Hawaiian coot (<i>Fulica alai</i>), Alae ula, Hawaiian common gallinule (<i>Gallinula chloropus sandvicensis</i>), Koloa maoli, Hawaiian duck (<i>Anas wyvilliana</i>).	Hawaii	Aeo only: Harass by nest monitoring; capture, handle, measure, weigh; biosample; band, attach radio transmitters; and release. All species: Harass by nesting and observational surveys; and salvage.	Amend.
TE-28331D-0	Cardno-GS, Honolulu, HI.	Humped tree snail (<i>Partula gibba</i>), Micronesian megapode (<i>Megapodius laperouse</i>).	Commonwealth of the Northern Mariana Islands.	Humped tree snail only: Biosample for genetic analyses. All species: Harass by survey.	New.
TE-28609D-0	Wildlife Services, Sandusky, OH.	Nēnē, Hawaiian goose (<i>Branta sandvicensis</i>)	Hawaii	Harass by capture, handle, measure, weigh, band, attach satellite transmitter, release, and monitor.	New.

Application No.	Applicant, city, state	Species	Location	Take activity	Permit action
TE-35731D-0	Pūlama Lānai, Lānai City, HI.	Hawaiian petrel (<i>Pterodroma sandwichensis</i>)	Hawaii	Harass by survey (physical, camera, and acoustic), predator control, and salvage.	New.

Public Availability of Comments

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

If we decide to issue a permit to the applicants listed in this notice, we will publish a notice in the **Federal Register**.

Authority

We publish this notice under section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Eric Hein,

Acting Assistant Regional Director—Ecological Services, Pacific Region.

Notice of Public Meetings of the Invasive Species Advisory Committee

AGENCY: National Invasive Species Council, Interior.

ACTION: Announcement of meeting.

SUMMARY: Pursuant to the provisions of the Federal Advisory Committee Act, notice is hereby given of a meeting of the Invasive Species Advisory Committee. The purpose of the Advisory Committee (ISAC) is to provide advice to the National Invasive Species Council (NISC), as authorized

by Executive Orders 13112 and 13751, on a broad array of issues related to preventing the introduction of invasive species and providing for their control and minimizing the economic, ecological, and human health impacts that invasive species cause. The Council is co-chaired by the Secretary of the Interior, the Secretary of Agriculture, and the Secretary of Commerce. The duty of the Council is to provide national leadership regarding invasive species issues. The purpose of a teleconference meeting on Thursday, May 2, 2019, is to convene the full ISAC to consider for approval the final deliverables from ISAC Class 9: (1) A white paper on the impacts of invasive ticks on human health and military readiness; and (2) a retrospective paper on the effectiveness of ISAC recommendations to NISC from 2000 to 2018. Members of the public are welcome to participate by accessing the teleconference. Other than during the public comment period, public participation is in an observer capacity. The toll-free conference phone number and access code can be obtained after registering participation through the NISC Secretariat’s website, www.invasivespecies.gov. The meeting agenda will be available on the aforementioned website on or about April 19, 2019. Accommodation is also being made for the public to join the teleconference at the U.S. Department of the Interior Stuart Udall Building in Washington, DC. Details are provided later in **ADDRESSES** section of this notice. NOTE: The maximum capacity of the teleconference is 100 participants. For record keeping purposes, participants will be required to provide their name and contact information to the operator before being connected.

DATES: Teleconference Meeting of the Invasive Species Advisory Committee: Thursday, May 2, 2019; 1:00–3:00 p.m. (EDT).

ADDRESSES: U.S. Department of the Interior, Stuart Udall Building (MIB), 1849 C Street NW, North Penthouse, Washington, DC 20240. All visiting members of the public must be cleared through building security prior to being escorted to the meeting location. At least 48 hours prior to the meeting, please call the number listed in this notice for pre-clearance.

FOR FURTHER INFORMATION CONTACT:

Kelsey Brantley, Coordinator for NISC and ISAC Operations, National Invasive Species Council Secretariat, (202) 208-4122; Fax: (202) 208-4118, email: kelsey_brantley@ios.doi.gov.

Stanley W. Burgiel,

Acting Executive Director, National Invasive Species Council.
