SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-85629; File No. SR-Phlx-2019-11]

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Pilot to the Close of Business on October 18, 2019

April 11, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 5, 2019, Nasdaq PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot to the close of business on October 18, 2019, for certain options market rules that are linked to the equity market Plan to Address Extraordinary Market Volatility.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the pilot to the close of business on October 18, 2019, for certain options market rules that are linked to the equity market Plan to Address Extraordinary Market Volatility (the "Limit Up-Limit Down Plan" or the "Plan"). This change is being proposed in connection with a proposed amendment to the Limit Up-Limit Down Plan that would allow the Plan to continue to operate on a permanent basis ("Amendment 18").

In an attempt to address extraordinary market volatility in NMS Stock, and, in particular, events like the severe volatility on May 6, 2010, U.S. national securities exchanges and the Financial Industry Regulatory Authority, Inc. (collectively, "Participants") drafted the Plan pursuant to Rule 608 of Regulation NMS and under the Act.³ On May 31, 2012, the Commission approved the Plan, as amended, on a one-year pilot basis.⁴ Though the Plan was primarily

designed for equity markets, the Exchange believed it would, indirectly, potentially impact the options markets as well. Thus, the Exchange has previously amended and adopted Rule 1047(d) to ensure the option markets were not harmed as a result of the Plan's implementation and has implemented such rules on a pilot basis that has coincided with the pilot period for the Plan (the "Options Pilots").⁵

The Commission recently published an Amendment 18, which would allow the Plan to operate on a permanent, rather than pilot, basis.⁶ In connection with this change, the Exchange proposes to amend the Options Pilots to expire at the close of business on October 18, 2019—*i.e.*, six months after the expiration of the current pilot period for the Plan. Specifically, the Exchange proposes to amend Exchange Rules 1047(d) to untie the Options Pilot's effectiveness from that of the Plan and to extend the Options Pilot's effectiveness to the close of business on October 18, 2019. The Exchange understands that the other national securities exchanges will also file similar proposals to extend their respective pilot programs, the substance of which are identical to the proposal.

The Exchange does not propose any additional changes to Exchange Rule 1047. The Exchange believes the benefits to market participants from the Options Pilots should continue on a limited six month pilot basis after Commission approves the Plan to operate on a permanent basis. Assuming the Plan is approved by the Commission to operate on a permanent, rather than pilot, basis the Exchange intends to assess whether additional changes should also be made to the Options Pilots. Extending the Options Pilots for an additional six months should provide the Exchange and other national securities exchanges additional time to consider further amendments to their rules in light of proposed Amendment 18.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,⁷ in general, and Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to remove impediments to and perfect

the mechanism of a free and open market and a national market system, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest and not to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange believes that the proposed rule change promotes just and equitable principles of trade in that it promotes transparency and uniformity across markets concerning rules for options markets adopted to coincide with the Plan. The Exchange believes that extending the Options Pilots for an additional six months would help assure that the rules subject to such Pilots are either similarly made permanent, amended or removed, following additional discussion and analysis by the Exchange and other national securities exchanges. The proposed rule change would also help assure that such rules are not immediately eliminated, thus furthering fair and orderly markets, the protection of investors and the public interest. Based on the foregoing, the Exchange believes the Options Pilots should continue to be in effect on a pilot basis while the Exchange and the other national securities exchanges consider and develop a permanent proposal for such rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal would ensure the continued, uninterrupted operation of the Options Pilots while the Exchange and other national securities exchanges consider further amendments to these rules in light of proposed Amendment 18. The Exchange understands that the other national securities exchanges will also file similar proposals to extend their respective pilot programs, the substance of which are identical to this proposal. Thus, the proposed rule change will help to ensure consistency across market centers without implicating any competitive issues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

A proposed rule change filed under Rule 19b-4(f)(6)¹¹ normally does not become operative prior to 30 days after the date of the filing. However, Rule 19b-4(f)(6)(iii)¹² permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become effective and operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the current Options Pilots to continue uninterrupted, without any changes, while the Exchange and the other national securities exchanges consider and develop a permanent proposal for Options Pilots. For this reason, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736.

Extension:

Form N-MFP and Rule 30b1-7, SEC File No. 270-604, OMB Control No. 3235-0657.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Section 30(b) of the Investment Company Act of 1940 ("Investment Company Act")¹ provides that "[e]very registered investment company shall file with the Commission . . . such information, documents, and reports (other than financial statements), as the Commission may require to keep reasonably current the information and documents contained in the registration statement of such company . . ." ² Rule 30b1-7 under the Investment Company Act, entitled "Monthly Report for Money Market Funds," provides that every registered investment company, or series thereof, that is regulated as a money market funds under rule 2a-7³ must file with the Commission a monthly report of portfolio holdings on Form N-MFP⁴ no later than the fifth business day of each month.⁵ Form N-MFP sets forth the specific disclosure items that money market funds must provide. Filers must submit this report electronically using the Commission's electronic filing system ("EDGAR") in Extensible Markup Language ("XML") format.

Compliance with rule 30b1-7 is mandatory for any fund that holds itself

out as a money market fund in reliance on rule 2a-7. Responses to the disclosure requirements will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The following estimates of average burden hours and costs are made solely for purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the cost of Commission rules and forms. A fund must comply with the requirement to prepare Form N-MFP in order to hold itself out to investors as a money market fund or the equivalent of a money market fund in reliance on rule 2a-7. The collection of information is mandatory for money market funds that rely on rule 2a-7, and responses to the information collections will not be kept confidential.

The Commission estimates there are currently 429⁶ money market funds that report information on Form N-MFP, with approximately 10⁷ of them being new money market funds that are filing reports on Form N-PORT for the first time.

We estimate that 35% of money market funds (or 150 money market funds, broken down into 146 existing funds and 4 new funds)⁸ license a software solution and file reports on Form N-MFP in house; we further estimate that each fund that files reports on Form N-MFP in house requires an average of approximately 47 burden hours to compile (including review of the information), tag, and electronically file the Form N-MFP for the first time and an average of approximately 13 burden hours for subsequent filings.⁹ Therefore, we estimate the per fund average annual hour burden is 96

⁶ This estimate is based on staff review of reports on Form N-MFP filed with the Commission for the month ended February 28, 2018.

⁷ This estimate is based on staff review of reports on Form N-MFP filed with the Commission for 2015 (1 new filer), 2016 (23 new filers), and 2017 (6 new filers). Amortizing those numbers over three years provides an estimate of 10 new filers per year.

⁸ The estimate is based on the following calculation: (429 money market funds × 35% = 150 money market funds. Of that amount, we estimate that 4 are new money market funds (10 new money market fund filers each year × 35% = 3.5 funds, rounded to 4). Therefore, 150 money market funds—4 new money market funds = 146 existing money market funds.

⁹ We understand that the required information is currently maintained by money market funds pursuant to other regulatory requirements or in the ordinary course of business. Accordingly, for the purposes of our analysis, we do not ascribe any time to producing the required information.
