### I. Overview

- II. Proposed changes to Circular 7050.1A  
A. Fair Share of Revenue  
B. Submission and Review Process

### I. Overview

The proposed changes to Circular  
7050.1A regarding joint development  
affect: (1) The minimum threshold for  
the statutory "fair share of revenue"  
requirement; and (2) the submission and  
review process for FTA-assisted joint  
development projects.

### II. Proposed Changes to Circular 7050.1A

#### A. Fair Share of Revenue

Section 5302(3)(G)(iii) of title 49,  
United States Code, requires FTA-  
assisted joint development projects to  
provide a "fair share of revenue that  
will be used for public transportation."  
Prior to the October 1, 2014 effective  
date of Circular 7050.1A, FTA generally  
deferred to a project sponsor's  
assessment of a "fair share" of revenue,  
and did not require any specific amount  
of revenue for transit from a joint  
development project. FTA defined "fair  
share of revenue" in Circular 7050.1A to  
incorporate a minimum threshold that a  
joint development project must produce  
revenue for transit purposes that at least  
equals the federal government's initial  
investment in the joint development  
project. (79 FR 50,728; 50,731-32).

Over time, FTA has found that  
defining a fair share of revenue  
minimum threshold unnecessarily  
limits the pool of potential projects by  
reducing flexibility for project sponsors  
and their partners to determine what  
amounts to a fair share of revenue.  
Accordingly, FTA proposes to no longer  
define a minimum revenue threshold, or  
set a monetary requirement from a joint  
development project for transit  
purposes.

Although FTA proposes to allow the  
amount and form of revenue received by  
the project sponsor to be negotiated  
between the joint development parties,  
consistent with Circular 7050.1A, the  
project sponsor must continue to report  
to FTA the amount and source of the  
revenue it will receive, and the revenue  
must be used for transit purposes.

#### B. Submission and Review Process

Circular 7050.1A prescribes a process  
by which project proposals are  
submitted to FTA for review. Currently,  
formal project proposals must include:  
(1) A completed project request form  
that contains pertinent information  
about the joint development project,  
including how the eligibility criteria are  
to be satisfied, (2) all proposed  
agreements between the project sponsor  
and project partners, (3) an executed

certificate of compliance, and (4) two  
forms identifying other required and  
supplemental documentation, including  
a baseline market analysis to  
demonstrate a good faith effort to  
provide a fair share of revenue to the  
project sponsor.

FTA proposes to update the project  
request form to reflect the changes  
described in Section (A) above. The  
revised project request form will be  
published on FTA's website at  
[www.transit.dot.gov/jointdevelopment](http://www.transit.dot.gov/jointdevelopment).

FTA has also determined that  
elimination of the fair share of revenue  
minimum threshold makes the  
submission of a baseline market analysis  
and certificate of compliance  
unnecessary. Accordingly, FTA  
proposes to no longer require project  
sponsors to submit either document.  
FTA encourages project sponsors to  
conduct baseline market analyses to  
better understand current market  
conditions and evaluate the viability of  
joint development projects.

The proposed changes will streamline  
the review of FTA-assisted joint  
development projects by reducing the  
amount of paperwork that project  
sponsors must prepare and FTA must  
review.

FTA recommends that interested  
stakeholders review the proposed  
changes to the Circular carefully and  
provide comment on any impacts these  
proposed changes may have on future  
joint development projects.
