DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 17, 2019.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 22, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@omb.eop.gov* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program—Supplemental Nutrition Assistance for Victims of Disasters.

OMB Control Number: 0584–0336.

Summary of Collection: The authority to operate the Disaster Supplemental Nutrition Assistance Program (D–SNAP) is found in section 5(h) of the Food and Nutrition Act of 2008, formerly the Food Stamp Act of 1977, as amended and the Disaster Relief Act of 1974, as amended by the Robert T. Stafford Disaster Relief and Assistance Act of 1988 authorizes the Secretary of Agriculture to establish temporary emergency standards of eligibility for victims of a disaster if the commercial channels of food distribution have been disrupted, and subsequently restored. D–SNAP is a program that is separate from the Supplemental Nutrition Assistance Program (SNAP) and is conducted for a specific period of time. In order for a State to request to operate a D–SNAP, an affected area in the State must have received a Presidential Declaration of “Major Disaster” with Individual Assistance.

Need and Use of the Information: This information collection concerns information obtained from State agencies seeking to operate D–SNAP. A State agency request to operate a D–SNAP must contain the following information: Description of incident; geographic area; application period; benefit period; eligibility criteria; ongoing household eligibility; affected population; electronic benefit card issuance process; logistical plans for Disaster SNAP rollout; staffing; public information outreach; duplicate participation check process; fraud prevention strategies; and employee application procedures. The Food and Nutrition Service reviews the request to ensure that all the necessary requirements to conduct a D–SNAP are met. If this collection is not conducted, D–SNAP would not be available to help meet the nutritional needs of disaster victims.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 5.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 56.

Animal and Plant Health Inspection Service

Title: Special Need Request Under the Plant Protection Act.

OMB Control Number: 0579–0291.

Summary of Collection: The Plant Protection Act (PPA) (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to

prevent the introduction of plant pests into the United States or their dissemination within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture, which administers regulations to implement the PPA. Regulations governing the interstate movement of plants, plant products, and other articles are contained in 7 CFR part 301, “Domestic Quarantine Notices.” These regulations in “Subpart-Preemption and Special Need Requests” allow States or political subdivisions of States to request approval from APHIS to impose prohibitions or restrictions on the movement in interstate commerce of specific articles that pose a plant health risk that are in addition to the prohibitions and restrictions imposed by APHIS.

Need and Use of the Information: APHIS believes that specific information—such as a pest data detection survey with a pest risk analysis that shows that a pest is not present in a State, or if already present, the current distribution in the State, and that the pest would harm or injure the environment and/or agricultural resources of the State or political subdivision—is needed and would be considered along with more general information available to APHIS for the Administrator to be able to determine whether to grant or deny a request for a special need exemption. The administrator’s determination would be based upon his or her review of the information submitted by the State or political subdivision in support of its request and would consider any comments received. If this information was not collected or collected less frequently, it would create vulnerabilities which would cripple APHIS’ ability to prevent the introduction or spread of plant pests and diseases in the United States.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 1.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 160.
