SUPPLEMENTARY INFORMATION:

I. Abstract

Patent applications that contain nucleotide and/or amino acid sequence disclosures that fall within the definitions of 37 CFR 1.821(a) must include, as a separate part of the application disclosure, a copy of the sequence listing in accordance with the requirements in 37 CFR 1.821-1.825. Applicants may submit sequence listings for both U.S. and international patent applications. Submissions of sequence listings in international applications are in accordance with Patent Cooperation Treaty (PCT) Rules 5.2 and 13ter, as well as the PCT Administrative Instructions, Annex C.

This information collection covers the submission of the sequence listing information itself. Information pertaining to the filing of the initial U.S. application is collected under OMB Control Number 0651-0032, and information pertaining to the filing of the initial international application is collected under OMB Control Number 0651-0021.

In particular, this information collection accounts for sequence listings submitted on paper, compact disc (CD), or through EFS-Web, the USPTO's online filing system. Sequence listings may be submitted via EFS-Web as an ASCII text file or in Portable Document Format (PDF). For U.S. applications, § 1.821(c) permits all modes of submission: Paper, CD, or EFS-Web. Sequence listings for international applications may be submitted on paper or through EFS-Web only, though sequence listings that are too large to be filed electronically through EFS-Web may be submitted on CD.

This information collection also accounts for the requirement under § 1.821(e) that a copy of the sequence listing required by § 1.821(c) be submitted in computer readable form (CRF) in accordance with the requirements of § 1.824. Under §§ 1.821(e)-(f), applicants who submit their sequence listings on paper, CD, or as a PDF via EFS-Web must submit a copy of the sequence listing in CRF with a statement indicating that the CRF copy of the sequence listing is identical to the paper, CD, or PDF copy provided under § 1.821(c). Applicants may submit the CRF copy of the sequence listing to the USPTO on CD or other acceptable media as provided in § 1.824. If a new
