Pursuant to section 3506(c)(2)(A) of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other

technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The collection of information is necessary in order to receive applications for credit assistance pursuant to section 5024 of the Water Infrastructure Finance and Innovation Act (WIFIA) of 2014, 33 U.S.C. 3903. The purpose of the WIFIA program is to provide Federal credit assistance in the form of direct loans and loan guarantees to eligible clean water and drinking water projects.

WIFIA requires that an eligible entity submit to the EPA Administrator an application at such time, in such manner, and containing such information, as the EPA Administrator may require to receive assistance under WIFIA. In order to satisfy these requirements, EPA must collect an application from prospective borrowers seeking funding. The Letters of Interest and Applications collected from prospective borrowers through this solicitation will be used by the EPA, WIFIA program staff, and reviewers to evaluate applications for credit assistance under the WIFIA eligibility requirements and selection criteria.

Form Numbers:

SWIFIA Application—6100-030
SWIFIA Letter of Interest—6100-031
WIFIA Application—6100-032
WIFIA Letter of Interest—6100-033

Respondents/affected entities: The respondents affected by this collection activity include: corporations, partnerships, joint ventures, trusts, federal, state, or local government entities, tribal governments or a consortium of tribal governments, and state infrastructure finance authorities. The Letters of Interest and Applications collected from prospective borrowers through this solicitation will be used by EPA to evaluate requests for credit assistance under the WIFIA eligibility requirements and selection criteria.

Respondent's obligation to respond: The collection is required to obtain credit assistance pursuant to section 5024 of WIFIA, 33 U.S.C. 3903.

Estimated number of respondents: 100 per year (total).

Frequency of response: one per funding round.

Total estimated burden: 8,700 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$15,109,113.40 (per year), includes no annualized capital or operation and maintenance costs.

Dated: April 12, 2019.

ENVIRONMENTAL PROTECTION AGENCY

[Petitions IV-2014-13; FRL-9992-57-Region 4]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Piedmont Natural Gas—Wadesboro Compressor Station (Anson County, North Carolina)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petitions to object to state operating permits.

SUMMARY: The EPA Administrator signed an Order, dated March 20, 2019, denying the petition submitted by Pee Dee Water Air Land and Lives and the Blue Ridge Environmental Defense League (Petitioners) objecting to a proposed Clean Air Act (CAA) title V operating permit issued to Piedmont Natural Gas (PNG) for its facility located in Wadesboro, Anson County, North Carolina. The Order responds to an October 3, 2014, petition requesting that EPA object to the proposed initial permit number 10097T01. This permitting action was issued by the North Carolina Department of Environment and Natural Resources (NCDENR). The Order constitutes a final action on the petition addressed therein.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 4; Air, Pesticides and Toxics Management Division; 61 Forsyth Street SW, Atlanta, Georgia 30303-8960. The Order is also available electronically at the following address: <https://www.epa.gov/title-v-operating-permits/2019-order-denying-petition-object-title-v-operating-permit-png-wadesboro>.

FOR FURTHER INFORMATION CONTACT: Art Hofmeister, Air Permitting Section, EPA Region 4, at (404) 562-9115 or hofmeister.art@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review

and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661–7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period. Pursuant to sections 307(b) and 505(b)(2) of the CAA, a petition for judicial review of those parts of the Order that deny issues in the petition may be filed in the United States Court of Appeals for the appropriate circuit within 60 days from the date this notice is published in the **Federal Register**.

Petitioners submitted a petition requesting that EPA object to the proposed CAA title V operating permit no. 10097T01 issued by NCDENR to

PNG. Petitioners claim that this permitting action: Failed to meet the requirements for adequate public notice; grossly underestimates emissions and, thus, fails to assure compliance with national ambient air quality standards and state implementation standards; fails to include adequate monitoring to assure compliance with applicable opacity standards; and failed to include an environmental justice analysis.

On March 20, 2019, the Administrator issued an Order denying the petition. The Order explains EPA's basis for denying the petition.

Dated: April 11, 2019.

Mary S. Walker,

Acting Regional Administrator, Region 4.

FEDERAL TRADE COMMISSION

Granting of Requests for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the

Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination—on the dates indicated—of the waiting period provided by law and the premerger notification rules. The listing for each transaction includes the transaction number and the parties to the transaction. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
