SUPPLEMENTARY INFORMATION: This proposed information collection was previously published in the **Federal Register** on February 13, 2019 (Vol. 84, No. 30) and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The Federal Mediation and Conciliation Service may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised or implemented on or after October 1, 1995, unless it displays a current valid OMB control number.

In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the FMCS has submitted to OMB a request for review and approval of the information collection below.

Proposed Collection: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Need and Use of Information Collection: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 1,167.

Current Action: New collection of information.

Type of Review: New collection.
