IV. Summary of Our Proposed Action

Today, in accordance with section 188(b)(2) of the CAA, the EPA is proposing to determine that the West Central Pinal County Moderate nonattainment area attained the 2006 24-hour PM_{2.5} NAAQS by its applicable attainment date, December 31, 2017. Our determination of attainment is based on complete, quality-assured and certified PM_{2.5} monitoring data for the appropriate three-year period, 2015–2017. We are soliciting comments on this proposed determination of attainment by the attainment date.

If our proposal is finalized as proposed, West Central Pinal County will remain a Moderate nonattainment area and will not be reclassified to a Serious nonattainment area. A final rule determining that West Central Pinal County attained the 2006 24-hour PM_{2.5} NAAQS by its applicable attainment date would not, however, constitute a redesignation of the area to attainment. States are required to meet several additional statutory requirements before the EPA can redesignate a nonattainment area to attainment of a NAAQS, including the EPA's approval of a state implementation plan demonstrating maintenance of the NAAQS for ten years after redesignation. The EPA is committed to working with states that submit redesignation requests for the 2006 24-hour PM_{2.5} NAAQS. Our proposal today only addresses our statutory obligation to determine if the West Central Pinal County nonattainment area has attained the 2006 24-hour PM_{2.5} NAAQS by its applicable attainment date, December 31, 2017.

V. Statutory and Executive Order Reviews

This action proposes to determine that the West Central Pinal County has met the 2006 24-hour PM_{2.5} NAAQS as a statement of fact according to regulations and requirements discussed in the proposal. For that reason, this proposed action:

- Is not a “significant regulatory action” subject to review by the Office

of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);

- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because this action is not significant under Executive Order 12866;

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide the EPA with the discretionary authority to address disproportionate human health or environmental effects with practical, appropriate, and legally permissible methods under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed determination is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the proposed determination does not have tribal implications and

will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

Synopsis

1. The Wireline Competition Bureau (Bureau) makes several announcements regarding the above-referenced dockets. First, the Bureau announces that it is supplementing the record in the price cap business data services (BDS) proceedings with tables and accompanying information prepared by the Office of Economics and Analytics, derived from highly confidential data from the *2015 Data Collection*. These tables and accompanying information show the distances from competitive provider fiber to incumbent local exchange carrier (LEC) wire centers and end user buildings with BDS demand in price cap areas (the *April Data Tables*). The Bureau seeks focused public comment on the extent to which the *April Data Tables* inform the extent of competition and competitive pressure in the market for lower speed (DS3 and below) time division multiplexing (TDM) transport services in price cap areas.

2. Second, to allow parties access to the *2015 Data Collection*, including the

April Data Tables, and the opportunity to comment, the Bureau announces that it will (1) reopen the secure data enclave which will house these data upon publication of this document in the **Federal Register**; and (2) close it at the end of the comment and reply period established by this document, unless an interested party demonstrates a continuing need for access.

3. Third, pending the resolution of any objections to the Bureau incorporating the *2015 Data Collection* into the record of the USTelecom Forbearance Petition proceeding, the Bureau announces that it will also incorporate the *April Data Tables* into the record of that proceeding. The Bureau will allow access to the secure data enclave for parties in the USTelecom Forbearance Petition proceeding subject to a forthcoming protective order.

4. Fourth, the Bureau also seeks comment in the USTelecom Forbearance Petition proceeding on the extent to which the *2015 Data Collection*, including the *April Data Tables*, provide relevant information to evaluate USTelecom's request for forbearance from the requirements to provide transport as an unbundled network element (UNE) pursuant to section 251(c)(3) of the Act and section 51.319(d) of the Commission's rules. In addition, for the purposes of the USTelecom Forbearance Petition proceeding, the Bureau seeks comment on the public filings submitted in response to the *Second Further Notice and Further Notice* in the BDS proceedings, WC Docket Nos. 17–144, 16–143 and 05–25, since it was released on October 24, 2018.

5. The Bureau will place the *April Data Tables* in the secure data enclave which, pursuant to the protective orders in the price cap BDS proceedings, is the exclusive method for accessing highly confidential data submitted as part of the *2015 Data Collection*. Parties seeking to access the *April Data Tables* for purposes of participating in the price cap BDS proceedings must follow the procedures provided for in the Protective Orders in that proceeding for accessing highly confidential data. Those seeking access to the *April Data Tables* for purposes of participating in the USTelecom Forbearance Petition proceeding must follow the procedures set forth for accessing highly confidential data in the forthcoming protective order in that proceeding.

6. Participants in the price cap BDS proceedings previously authorized to access the secure data enclave pursuant to the Protective Orders in the price cap BDS proceedings may request renewed

access by emailing SpecialAccess@fcc.gov. Parties that were not previously authorized to access the secure data enclave must file an Acknowledgement of Confidentiality requesting access and send a copy to SpecialAccess@fcc.gov. For participants in the price cap BDS proceedings, instructions on requesting access to the secure data enclave are provided in a public notice released on November 5, 2018. Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415 and 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first page of this document in dockets 17-144, 16-143, and 05-25. Procedures for using the Commission's Electronic Comment Filing System can be found in the *Second Further Notice*.

7. For participants in the USTelecom Forbearance Petition proceeding, the forthcoming protective order governing access to the secure data enclave for that proceeding will include instructions on requesting access to the secure data enclave and an Acknowledgement of Confidentiality that parties must execute and send to SpecialAccess@fcc.gov. Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415 and 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first page of this document in docket 18-141. Procedures for using the Commission's Electronic Comment Filing System can be found in a public notice released on May 8, 2018.

8. *Paperwork Reduction Act*. This document does not contain proposed information collection(s) subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104-13. In addition, therefore, it does not contain any new or modified information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

9. *Ex Parte Presentations*. This proceeding shall be treated as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments,

memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by Rule 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.
