Notice of Inventory Completion: Fowler Museum at University of California Los Angeles, Los Angeles, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The Fowler Museum at University of California Los Angeles (UCLA) has completed an inventory of human remains, in consultation with the appropriate Indian Tribes or Native Hawaiian organizations, and has determined that there is a cultural affiliation between the human remains and present-day Indian Tribes or Native Hawaiian organizations. Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request to the Fowler Museum at UCLA. If no additional requestors come forward, transfer of control of the human remains to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to the Fowler Museum at UCLA at the address in this notice by June 6, 2019.

ADDRESSES: Wendy G. Teeter, Ph.D., Fowler Museum at UCLA, Box 951549, Los Angeles, CA 90095-1549, telephone (310) 825-1864, email wteeter@arts.ucla.edu.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains under the control of the Fowler Museum at University of California Los Angeles, Los Angeles, CA. The human remains were removed from site CA-INY-3826 in Inyo County, CA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native

American human remains. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the Fowler Museum professional staff in consultation with representatives of Lone Pine Paiute-Shoshone Tribe (previously listed as the Paiute-Shoshone Indians of the Lone Pine Community of the Lone Pine Reservation, California) and the Timbisha Shoshone Tribe (previously listed as the Death Valley Timbi-sha Shoshone Tribe and the Death Valley Timbi-Sha Shoshone Band of California), hereafter referred to as "The Tribes."

History and Description of the Remains

In May 1991, human remains representing, at minimum, one individual were removed from CA-INY-3826 (Pagunda) in Inyo County, CA. This collection was excavated by George Gumerman IV as part of a UCLA Archaeology Survey project. It was taken with him for analysis to Northern Arizona University, where he taught, and was transferred to the Fowler Museum at UCLA in 2017. Radiocarbon dates from the site provide a range from A.D. 1140 to 1370, although the site is recorded in the late 1800s as an occupied village by Shoshone people. No known individuals were identified. No associated funerary objects are present.

Pagunda is an ethnographically documented village near Little Lake. During 1870, it was occupied primarily by Western Shoshone people (approximately 50-70). Culturally, the archeological materials recovered from the site are consistent for the Owens Valley Western Shoshone people who continue to live in the region. Both the Lone Paiute Shoshone Tribe and the Timbisha Shoshone Tribe of Death Valley include descendants from this village.

Determinations Made by the Fowler Museum at University of California Los Angeles

Officials of the Fowler Museum at University of California Los Angeles have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and The Tribes.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Wendy G. Teeter, Ph.D., Fowler Museum at UCLA, Box 951549, Los Angeles, CA 90095-1549, telephone (310) 825-1864, email wteeter@arts.ucla.edu, by June 6, 2019. After that date, if no additional requestors have come forward, transfer of control of the human remains to The Tribes may proceed.

The Fowler Museum at UCLA is responsible for notifying The Tribes that this notice has been published.

Dated: April 16, 2019.

Agency Information Collection Activities: Solid Minerals and Geothermal Collections

AGENCY: Office of Natural Resources Revenue (ONRR), Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Office of Natural Resources Revenue (ONRR) is proposing to renew an information collection. ONRR seeks renewed authority to collect information necessary to report the production and royalties on solid minerals and geothermal resources from Federal and Indian lands. In addition to requesting renewed authority for ONRR to collect solid minerals and geothermal information without the use of a form, ONRR seeks renewed authority for four specific ONRR forms. The four forms are the Coal Washing Allowance Report, form ONRR-4292 (ONRR-4292); the Coal Transportation Allowance Report, form ONRR-4293 (ONRR-4293); the Solid Minerals Production and Royalty Report, form ONRR-4430 (ONRR-4430); and the Solid Minerals Sales Summary, form ONRR-4440 (ONRR-4440).

DATES: You must submit your written comments on or before July 8, 2019.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed information collection request (ICR) that is described below. We are especially interested in public comment addressing the following issues mentioned in the Office of Management and Budget (OMB) regulations at 5 CFR 1320.8(d)(1): (1) Is the collection necessary to perform the proper functions of ONRR; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might ONRR enhance the quality, utility, and clarity of the information to be collected; and (5) how might ONRR minimize the burden of this collection on the

respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. ONRR will post all comments, including names and addresses of respondents at <http://www.regulations.gov>. We will include or summarize each comment in our request to the OMB to approve this ICR. Before including your Personally Identifiable Information (PII), such as your address, phone number, email address, or other personal identifying information in your comment(s), you should be aware that your entire comment, including PII, may be made available to the public at any time. While you can ask us, in your comment, to withhold your PII from public view, we cannot guarantee that we will be able to do so. We also will post the ICR at https://www.onrr.gov/Laws_R_D/FRNotices/ICR0120.htm.

I. Abstract

General Information

The Secretary of the United States Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Under various laws, the Secretary’s responsibility is to (1) manage mineral resources production from Federal and Indian lands and the OCS; (2) collect the royalties and other mineral revenues due; and (3) distribute the funds collected. We have posted those laws pertaining to mineral leases on Federal and Indian lands and the OCS at http://www.onrr.gov/Laws_R_D/PubLaws/index.htm.

The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. ONRR performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department’s trust responsibility for Indian lands.

When a company or an individual enters into a lease to explore, develop, produce, and sell, or otherwise dispose of, minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in a value of production from the leased lands. The lessee or designee must report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling such minerals.

Information collections that we cover in this ICR are found at title 30 of the *Code of Federal Regulations* (CFR) parts:

- 1202, subpart H, which pertains to geothermal resources royalties.
- 1206, subparts F, H and J, which pertain to product valuation of Federal coal, geothermal resources and Indian coal.
- 1210, subparts E and H, which pertain to production and royalty reports on solid minerals and geothermal resources leases.
- 1212, subparts E and H, which pertain to recordkeeping of reports and files for solid minerals and geothermal resources leases.
- 1217, subparts E, F and G, which pertain to audits and inspections of coal, other solid minerals and geothermal resources leases.
- 1218, subparts E and F, which pertain to royalties, rentals, bonuses and other monies payment for solid minerals and geothermal resources.

All data reported is subject to subsequent audit and adjustment.

Information Collections

ONRR, acting for the Secretary, uses the information that we collect to ensure that lessees accurately value and appropriately pay all royalties based on the correct product valuation. ONRR and other Federal government entities, including the Bureau of Land Management, the Bureau of Indian Affairs, and State and Tribal governmental entities, use the information for audit purposes and for evaluating the reasonableness of product valuation or allowance claims that lessees submit. Please refer to the burden hour chart for all reporting requirements and associated burden hours.

A. Solid Minerals

Producers of coal and other solid minerals from any Federal or Indian lease must submit to ONRR monthly form ONRR–4430 reports. In addition, producers must submit sales summaries using form ONRR–4440, which ONRR requires every month Federal or Indian production is sold. ONRR also collects sales contracts, facility data, and other unique solid minerals information that it collects without the use of ONRR forms. These companies also report certain data on form ONRR–2014, but these burdens are covered under another ICR (OMB Control Number 1012–0004). Producers of coal from any Indian lease must also submit forms ONRR–4292 and ONRR–4293, if they wish to claim coal washing and coal transportation allowances on form ONRR–4430. The information that

ONRR requests is the minimum necessary to carry out our mission and places the least possible burden on respondents.

B. Geothermal Resources

This ICR also covers some of the information collections for geothermal resources, which ONRR groups by usage (electrical generation, direct use, and byproduct recovery), and by disposition of the resources (arm’s-length (unaffiliated) contract sales, non-arm’s-length contract sales, and no contract sales) within each use group. ONRR relies primarily on data that payors report on form ONRR–2014 (OMB Control Number 1012–0004) for the majority of our business processes related to geothermal information. However, this ICR includes the information ONRR requires to further its mission with respect to geothermal resources that do not involve an ONRR form. In addition to using the data to account for royalties that payors report, ONRR uses the data for monthly distribution of mineral revenues and for audit and compliance reviews.

OMB Approval

We will request OMB approval to continue to collect this information. Not collecting this information would limit the Secretary’s ability to discharge

fiduciary duties and may also result in the loss of royalty payments. We protect the proprietary information that ONRR receives and do not collect items of a sensitive nature. Reporters must maintain records relating to their solid minerals and geothermal resources and solid minerals producers must also submit forms ONRR–4430 and ONRR–4440. The solid minerals and geothermal resources information ONRR collects without the use of a form are required to obtain a benefit. Also, ONRR requires that reporters submit forms ONRR–4292 and ONRR–4293 to claim allowances on form ONRR–4430.

II. Data

Title of Collection: Solid Minerals and Geothermal Collections—30 CFR parts 1202, 1206, 1210, 1212, 1217 and 1218.

OMB Control Number: 1012–0010.

Form Numbers: ONRR–4292, ONRR–4293, ONRR–4430, and ONRR–4440.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Businesses.

Total Estimated Number of Annual Respondents: 100 reporters.

Total Estimated Number of Annual Responses: 9,434.

Estimated Completion Time per Response: The average completion time is 24.7 minutes per response. The

average completion time is calculated by first multiplying the estimated annual burden hours from the table below (3,884) by 60 minutes to obtain the total annual burden minutes (233,040). Then the total annual burden minutes (233,040) is divided by the estimated annual responses (9,434) from the table below.

Total Estimated Number of Annual Burden Hours: 3,884 hours.

Respondent’s Obligation: The records maintenance and the filing of forms ONRR–4430 and ONRR–4440 are mandatory. The filing of forms ONRR–4292 and ONRR–4293, and the submission of solid minerals and geothermal resource information that do not have an ONRR form, are required to obtain or retain a benefit.

Frequency of Collection: Monthly, annually, and on occasion.

Estimated Annual Non-hour Cost Burden: We have identified no “non-hour” cost burden associated with the collection of information.

We have not included in our estimates certain requirements that companies perform in the normal course of business and that ONRR considers usual and customary. We display the estimated annual burden hours by CFR section and paragraph in the following chart.
