Information Collections Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for these collections are contained in 47 U.S.C. 151, 152(a), 154(i), 257, 303(r), 307, 309, and 310.

Total Annual Burden: 9,620 hours.

Total Annual Cost: \$10,125,160.

Privacy Impact Assessment: The Commission is drafting a Privacy Impact Assessment (PIA) for the personally identifiable information (PII) that is covered by the system of records notice (SORN), FCC/MB-1, Ownership Reports for Commercial and Noncommercial Broadcast Stations. Upon completion of the PIA, it will be posted on the FCC's website, as required by the Office of Management and Budget (OMB) Memorandum, M-03-22 (September 22, 2003).

Nature and Extent of Confidentiality: FCC Form 323 collects two types of information from respondents: PII in the form of names, addresses, job titles and demographic information; and FCC Registration Numbers (FRNs).

The FCC/MB-1 SORN, which was approved on November 28, 2016 (81 FR 72047), covers the collection, purpose(s), storage, safeguards, and disposal of the PII that individual respondents may submit on FCC Form 323, as required under the Privacy Act of 1974, as amended (5 U.S.C. 552a). FCC Form 323 includes a privacy statement to inform applicants (respondents) of the Commission's need to obtain the information and the protections that the Commission has in place to protect the PII.

FRNs are assigned to applicants who complete FCC Form 160 (OMB Control No. 3060-0917). Form 160 currently requires applicants for FRNs to provide their Taxpayer Information Number (TIN) and/or Social Security Number (SSN). The FCC's electronic Commission Registration System (CORES) then provides each registrant with a CORES FRN, which identifies the registrant in his/her subsequent dealings with the FCC. This is done to protect the individual's privacy.
