These data are needed to support regional or national assessments concerning energy resources. Requesting external cooperation is a way for NCRDS to collect energy data and perform research and analyses on the characterization of geologic material, and obtain other information (including geophysical or seismic data, sample collection for generation of thermal maturity data) that can be used in energy resource assessments and related studies.

The USGS will issue a call for proposals to support researchers from State Geological Surveys and associated accredited universities that can provide geologic data to support NCRDS and other energy assessment projects being conducted by the USGS.

Data submitted to NCRDS by external cooperators constitute more than two-thirds of the USGS point-source stratigraphic database (USTRAT) on coal occurrence. This program is conducted under various authorities, including 30 U.S.C. 208–1, 42 U.S.C. 15801, and 43 U.S.C. 31 *et seq.* This collection will consist of applications, proposals and reports (annual and final).

Major Portion Prices and Due Date for Additional Royalty Payments on Indian Gas Production in Designated Areas Not Associated With an Index Zone

AGENCY: Office of Natural Resources Revenue, Interior.

ACTION: Notice.

SUMMARY: Final regulations for valuing gas produced from Indian leases, published August 10, 1999, require the Office of Natural Resources Revenue (ONRR) to determine major portion prices and notify industry by publishing the prices in the **Federal Register**. The regulations also require ONRR to publish a due date for industry to pay additional royalties based on the major portion prices. Consistent with these requirements, this notice provides major portion prices for the 12 months of calendar year 2017.

DATES: The due date to pay additional royalties based on the major portion prices is July 8, 2019.

FOR FURTHER INFORMATION CONTACT:

Calculation of Prices Information: Robert Sudar, Manager, Market & Spatial Analytics, ONRR, at (303) 231–3511, or email to Robert.Sudar@onrr.gov; mailing address—Office of Natural Resources Revenue, P.O. Box 25165, MS 64310B, Denver, Colorado 80225–0165.

SUPPLEMENTARY INFORMATION: On August 10, 1999, ONRR’s predecessor, the Minerals Management Service, published a final rule titled “Amendments to Gas Valuation Regulations for Indian Leases” effective January 1, 2000 (64 FR 43506). The gas valuation regulations apply to all gas production from Indian (Tribal or allotted) oil and gas leases, except leases on the Osage Indian Reservation.

The regulations require ONRR to publish major portion prices for each designated area not associated with an index zone for each production month beginning January 2000, as well as the due date for additional royalty payments. See 30 CFR 1206.174(a)(4)(ii). If you owe additional royalties based on

a published major portion price, you must submit to ONRR, by the due date, an amended form ONRR-2014, Report of Sales and Royalty Remittance. If you do not pay the additional royalties by the due date, ONRR will bill you late

payment interest under 30 CFR 1218.54. The interest will accrue from the due date until ONRR receives your payment and an amended form ONRR-2014. The table below lists the major portion prices for all designated areas not

associated with an index zone. The due date is the end of the month, following 60 days after the publication date of this notice in the **Federal Register**.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1117]

Certain Full-Capture Arrow Rests and Components Thereof; Commission Determination Not To Review an Initial Determination Granting Complainant's Motion for Summary Determination of Violation of Section 337 by the Defaulting Respondents; Request for Written Submissions on Remedy, Bonding, and the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 13) of the presiding administrative law judge ("ALJ"), granting complainant's motion for summary determination of violation of section 337 of the Tariff Act of 1930, by the defaulting respondents. The Commission is requesting written submissions on remedy, bonding, and the public interest.

FOR FURTHER INFORMATION CONTACT:

Clint Gerdine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708-2310. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 11, 2018, based on a complaint filed on behalf of Bear Archery, Inc. ("Bear Archery") of Evansville, Indiana. 83 FR 27021-22 (June 11, 2018). The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain full-capture arrow rests and components thereof by reason of infringement of certain claims of U.S. Patent No. 6,978,775 ("the '775 patent"). The Commission's notice of investigation named as respondents 2BULBS Technology Co. Ltd. of Jiangsu, China; Ningbo Linkboy Outdoor Sports Co., Ltd. of Zhejiang, China; Shenzhen Keepmyway Tech. Co., Ltd., Wenqing Zhang, Tingting Ye, and Tao Li, all of Guangdong, China; Zhengzhou IRQ Outdoor Sports Co., Ltd. of Henan, China; and Sean Yuan of Shandong, China. The Office of Unfair Import

Investigations ("OUII") is also a party to the investigation. All respondents in the investigation have been found in default. *See* Order No. 9 (Oct. 29, 2018), *unreviewed by* Comm'n Notice (Nov. 26, 2018).

On October 26, 2018, Bear Archery moved for summary determination of violation of section 337 by the defaulting respondents and requested a general exclusion order ("GEO"). On November 21, OUII filed a response supporting the motion.

The ALJ issued the subject ID on March 19, 2019, granting the motion for summary determination and finding a violation of section 337 for the '775 patent. Specifically, the ALJ found that Bear Archery established infringement of claims 1-2 and 32 of the '775 patent with respect to each defaulting respondent's accused product by substantial, reliable, and probative evidence. The ALJ recommended that the Commission issue a GEO if it finds a violation of section 337. No party petitioned for review of the subject ID.

Having examined the record of this investigation, the Commission has determined not to review the subject ID.

As noted above, all eight respondents were found in default. Section 337(g) and Commission Rule 210.16(c) authorize the Commission to issue relief against respondents found in default unless, after considering the public interest, it finds that such relief should not issue. Before the ALJ, Bear Archery sought a GEO under section 337(g)(2).

In connection with the final disposition of this investigation, the Commission may issue an order that could result in the exclusion of the subject articles from entry into the United States. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for
