DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60-Day-19-1132; Docket No. CDC-2019-0035]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Performance Progress and Monitoring Report (PPMR). This collection of information assists CDC in being responsible for the stewardship of funds provided via contracts, grants, and cooperative agreements, from CDC to partners throughout the world, while providing excellent, professional services to our partners and stakeholders.

DATES: CDC must receive written comments on or before July 8, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2019-0035 by any of the following methods:

- *Federal eRulemaking Portal:* [Regulations.gov](https://www.regulations.gov). Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to [Regulations.gov](https://www.regulations.gov).

Please note: Submit all comments through the Federal eRulemaking portal ([regulations.gov](https://www.regulations.gov)) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and

Prevention, 1600 Clifton Road NE, MS-D74, Atlanta, Georgia 30329; phone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
5. Assess information collection costs.

Proposed Project

Performance Progress and Monitoring Report (PPMR) (OMB Control No. 0920-

1132, Expiration 08/31/2019)—Revision—Office of Science (OS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Each year, approximately 80% of the Centers for Disease Control and Prevention's (CDC) budget is distributed via contracts, grants and cooperative agreements, from the Office of Financial Resources (OFR) to partners throughout the world in an effort to promote health, prevent disease, injury and disability and prepare for new health threats. OFR is responsible for the stewardship of these funds while providing excellent, professional services to our partners and stakeholders.

Currently, CDC uses the Performance Progress and Monitoring Report (PPMR—OMB Control Number: 0920-1132, Expiration Date: 08/31/2019), a progress report form for Non-Research awards to collect information semi-annually from Awardees regarding the progress made over specified time periods on CDC funded projects. The PPMR was originally modified from SF-PPR (OMB Control Number: 0970-0406, Expiration Date: 10/31/2015), a similar progress report that was owned by the Administration for Children and Families (ACF) within the Department of Health and Human Services (HHS). The PPMR was created by CDC to provide an agency-wide collection tool that would be able to obtain data on the progress of CDC Awardees for the purposes of evaluation, and to bring the Awardee reporting procedure into compliance with the Paperwork Reduction Act (PRA).

The information collected enables the accurate, reliable, uniform, and timely submission to CDC of each Awardee's work plans and progress reports, including strategies, activities and performance measures. The information collected by the PPMR is designed to align with, and support the goals outlined for each of the CDC Awardees. Collection and reporting of the

information will occur in an efficient, standardized, and user-friendly manner that will generate a variety of routine and customizable reports. The PPMR will allow each Awardee to summarize activities and progress towards meeting performance measures and goals over a specified time period specific to each award. CDC will also have the capacity to generate reports that describe activities across multiple Awardees. In addition, CDC will use the information collection to respond to inquiries from HHS, Congress and other stakeholder inquiries about program activities and their impact.

This Revision request is being submitted to allow CDC to continue collection of this valuable information from Awardees for an additional three years, and to amend the procedures by which the information can be collected. Currently, the submission process requires Awardees to submit a completed PDF version of the PPMR by uploading it to www.grants.gov in accordance with program guidance and award terms and conditions. While this method will continue to be utilized, CDC now requests that Awardees be permitted to submit the PPMR, and associated forms directly to the Programs that will be performing the evaluation. This method of submission will occur via the use of a fillable PDF and Excel-based versions of the PPMR Reporting Tool.

Use of this mechanism and the ability of Awardees to submit information related to program evaluation directly to evaluators is expected to greatly increase the use of the PPMR and its associated forms. Centers, Institutes and Offices within CDC will use the PPMR with varying frequency, however with the opportunity to submit evaluation information directly, the total number of responses per year could be increased by 2,000. The total annual burden is estimated to increase to 13,014 hours. There is no cost to respondents other than their time.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
CDC Award Recipients	Performance Progress and Monitoring Report (PPMR)—Att. A-F.	5,200	1	2	10,400
CDC Award Recipients	Performance Progress and Monitoring Report (PPMR)—Att. G.	1,632	1	5/60	136
NHSS Award Recipients	Performance Progress and Monitoring Report (PPMR)—Att. A-F.	60	1	41	2,478
Total	13,014

[Docket No. CDC-2019-0039]

Vessel Sanitation Program: Annual Program Status Meeting; Request for Comment

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of public meeting and request for comment.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS), announces the 2019 annual Vessel Sanitation Program (VSP) public meeting. The annual meeting serves as a forum for HHS/CDC to update cruise industry representatives and other interested persons on work completed in 2018 and plans for future activities. HHS/CDC is also opening a public docket so that written comments and materials regarding VSP's 2018 and future work may be submitted. The official record of this meeting will remain open through July 26, 2019, so that comments related to the topics discussed at the meeting may be submitted and made part of the record.

DATES: Written comments must be received on or before July 26, 2019.

The meeting will be held from 9:00 a.m. to 4:30 p.m. on June 27, 2019, in the Ballroom at the DoubleTree Grand Hotel Biscayne Bay, 1717 North Bayshore Drive, Miami, FL 33132. Information regarding logistics is available on the VSP website (www.cdc.gov/nceh/vsp).

Deadline for Requests for Special Accommodations: Persons wishing to participate in the public meeting who need special accommodations should contact Commander Aimee Treffiletti (vsp@cdc.gov or 954-356-6650 or 770-488-3141) by June 25, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2019-0039, by any of the following methods:

- **Federal eRulemaking Portal:** www.regulations.gov. Follow the instructions for submitting comments.

- **Mail:** Vessel Sanitation Program, National Center for Environmental Health, Centers for Disease Control and Prevention, 4770 Buford Highway NE, MS F-58, Atlanta, Georgia 30341.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to www.regulations.gov, including any personal information provided. For access to the docket to read background documents or comments received, go to www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Commander Aimee Treffiletti, Vessel Sanitation Program, National Center for Environmental Health, Centers for Disease Control and Prevention, 4770 Buford Highway NE, MS F-58, Atlanta, Georgia 30341; phone: 954-356-6650 or 770-488-3141; email: vsp@cdc.gov.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to inform the public of VSP's activities to help the cruise industry prevent the introduction and spread of gastrointestinal (GI) illness to U.S. ports from ships under VSP's jurisdiction. Ships under VSP jurisdiction have 13 or more passengers and an itinerary that includes foreign and U.S. ports.

The meeting will include a review of HHS/CDC's public health support activities from 2018, provide perspective on VSP's approach to vessel sanitation, and offer industry the opportunity to provide input regarding industry efforts to exceed VSP requirements. Presentations will clarify the roles and responsibilities of VSP, cruise line public health management, and shipyards constructing cruise ships. Presentations will also include initiatives for improved epidemiologic study of disease outbreaks and strategic approaches to public health risk reduction for 2020 and the future.

Matters To Be Discussed

- VSP year in review: Operational and construction inspections, budget, and vessel sanitation training
- GI illness data and epidemiology projects: VSP review and progress report
- VSP 2018 Operations Manual and Construction Guidelines: Implementation of the new guidance

- Shipyard construction: How to strengthen public health through engineering controls

Meeting Accessibility: The meeting is open to the public, but space is limited to approximately 70 people. Advanced registration is required. Information regarding logistics is available on the VSP website (www.cdc.gov/nceh/vsp). Attendees at the annual meeting normally include cruise ship industry officials, private sanitation consultants, and other interested parties.

Sandra Cashman,

Executive Secretary, Centers for Disease Control and Prevention.

Submission for OMB Review; Comment Request

Title: ANA Project Outcome Assessment Survey.

Description: The information collected by the Project Outcome Assessment Survey is needed for two main reasons: 1) To collect crucial information required to report on the Administration for Native Americans' (ANA) established Government Performance and Results Act (GPRA) measures, and 2) to properly abide by ANA's congressionally-mandated statute (42 United States Code 2991 *et seq.*) found within the Native American Programs Act of 1974, as amended, which states that ANA will evaluate projects assisted through ANA grant dollars "including evaluations that describe and measure the impact of such projects, their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for delivery of services." The information collected with this survey will fulfill ANA's statutory requirement and will also serve as an important planning and performance tool for ANA.

Respondents: Tribal Governments, Native American nonprofit organizations, and Tribal Colleges and Universities.
