B. Submitting Comments

Please include Docket ID NRC–2019–0103 in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection*: 10 CFR part 11, “Criteria and Procedures for Determining Eligibility for Access to or Control Over Special Nuclear Material.”

2. *OMB approval number*: 3150–0062.

3. *Type of submission*: Extension.

4. *The form number, if applicable*: N/A.

5. *How often the collection is required or requested*: On Occasion.

6. *Who will be required or asked to respond*: Employees (including applicants for employment), contractors, and consultants of NRC licensees and contractors whose activities involve access to, or control over, special nuclear material at either fixed sites or for transportation activities.

7. *The estimated number of annual responses*: 357.

8. *The estimated number of annual respondents*: 2.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request*: 89.

10. *Abstract*: The NRC's regulations in Part 11 of title 10 of the *Code of Federal Regulations* (10 CFR), establish requirements for access to special nuclear material, and the criteria and procedures for resolving questions concerning the eligibility of individuals to receive special nuclear material access authorization. The specific Part 11 requirements covered under this OMB clearance include requests for exemptions to Part 11 requirements, amendments to security plans that require incumbents to have material access authorizations, access authorization cancellations. In addition, licensees must keep records of the names and access authorization numbers of certain individuals assigned to shipments of special nuclear material. The information required by 10 CFR part 11 is needed to establish control over and maintain records of who is properly authorized to safeguard and have access to special nuclear material. Not knowing this information could cause harm to the public and national security.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the estimate of the burden of the information collection accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 6th day of May 2019.

For the Nuclear Regulatory Commission.

David Cullison,

NRC Clearance Officer, Office of the Chief Information Officer.

Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection*: Part 30 of Title 10 of the *Code of Federal Regulations* (10 CFR), "Rules of General Applicability to Domestic Licensing of Byproduct Material."

2. *OMB approval number*: 3150–0017.

3. *Type of submission*: Extension.

4. *The form number, if applicable*: Not applicable.

5. *How often the collection is required or requested*: Required reports are collected and evaluated on a continuing basis as events occur. There is a one-time submittal of information to receive a license. Renewal applications are submitted every 15 years. Information submitted in previous applications may be referenced without being resubmitted. In addition, recordkeeping must be performed on an on-going basis.

6. *Who will be required or asked to respond*: All persons applying for or holding a license to manufacture, produce, transfer, receive, acquire, own, possess, or use radioactive byproduct material.

7. *The estimated number of annual responses*: 155,164 (24,322 NRC Licensee responses [1,272 reporting responses + 2,800 for recordkeeping + 20,250 third-party disclosures] and 130,842 Agreement State Licensee responses [6,973 reporting responses + 16,500 for recordkeeping + 107,369 third-party disclosures]).

8. *The estimated number of annual respondents*: 19,300 (2,800 NRC licensees and 16,500 Agreement State licensees).

9. *The estimated number of hours needed annually to comply with the information collection requirement or request*: 228,279 (NRC licensees 35,291 hours [16,439 hours for reporting + 16,792 hours for recordkeeping + 2,060 hours for third-party disclosures] and Agreement State licensees 192,988 hours [90,343 hours for reporting + 91,627 hours for recordkeeping + 11,018 hours for third-party disclosures]).

10. *Abstract*: 10 CFR part 30 establishes requirements that are applicable to all persons in the United

States governing domestic licensing of radioactive byproduct material. The application, reporting and recordkeeping requirements are necessary to permit the NRC to make a determination whether the possession, use, and transfer of byproduct material is in conformance with the Commission's regulations for protection of the public health and safety.
