

technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary

finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including BACL, which details the NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

BACL currently has one facility (site) recognized by OSHA for product testing and certification, with headquarters located at: Bay Area Compliance Laboratories Corp., 1274 Anvilwood Avenue, Sunnyvale, California 94089. A complete list of BACL's scope of

recognition is available at <https://www.osha.gov/dts/otpca/nrtl/bacl.html>.

II. General Background on the Application

BACL submitted an application, dated December 4, 2017 (OSHA-2016-0022-0006), to expand recognition to include two additional test standards. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform any on-site reviews in relation to this application.

Table 1 lists the appropriate test standard found in BACL's application to expand for testing and certification of products under the NRTL Program.

TABLE 1—PROPOSED LIST APPROPRIATE TEST STANDARDS FOR INCLUSION IN BACL'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 61010-1	Safety Requirements for Electrical Equipment for Measurement, Control and Laboratory Use: Part 1—General Requirements.
UL 62368-1	Audio/Video, Information and Communication Technology Equipment: Part 1—Safety Requirement.

III. Preliminary Findings on the Application

BACL submitted an acceptable application for expansion of the scope of recognition. OSHA's review of the application file, and pertinent documentation, indicates BACL can meet the requirements prescribed by 29 CFR 1910.7 for expanding recognition to include the addition of these two test standards for NRTL testing and certification in Table 1. This preliminary finding does not constitute an interim or temporary approval of BACL's application.

OSHA welcomes public comment as to whether BACL meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. Commenters must submit the written request for an extension by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer period. OSHA may deny a request for an extension if the request is not adequately justified. To obtain or review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Room N-3655, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. These materials also are available online at

<http://www.regulations.gov> under Docket No. OSHA-2016-0022.

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, the agency will make a recommendation to the Assistant Secretary for Occupational Safety and Health whether to grant BACL's application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

IV. Authority and Signature

Loren Sweatt, Acting Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1-2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on May 7, 2019.

Loren Sweatt,

Acting Assistant Secretary of Labor for Occupational Safety and Health.

MERIT SYSTEMS PROTECTION BOARD

Notice of Opportunity To Submit Ideas for Merit Systems Studies

AGENCY: Merit Systems Protection Board.

ACTION: Notice.

SUMMARY: The U.S. Merit Systems Protection Board (MSPB) is updating its research agenda and seeks suggestions about possible topics of study.

DATES: Submissions are due July 1, 2019.

ADDRESSES: Submit ideas by mail to Research Agenda, U.S. Merit Systems Protection Board, Room 520, 1615 M Street NW, Washington, DC 20419; by fax to (202) 653-7211; or by email to researchagenda2020@mspb.gov; or via the feedback form at www.mspb.gov under "MSPB Studies," which is the preferred method.

FOR FURTHER INFORMATION CONTACT: Doug Nierle at (202) 254-4516; or James Tsugawa at (202) 254-4506; or email researchagenda2020@mspb.gov.

SUPPLEMENTARY INFORMATION: MSPB conducts studies of the executive branch workforce to ensure that Federal personnel management is implemented consistent with the merit system principles and free from prohibited personnel practices. Most of those studies are drawn from a multi-year research agenda that MSPB develops after reviewing suggested topics from the public. For more information about

MSPB studies, see www.mspb.gov/studies.

The public is invited to submit ideas to be considered for inclusion in MSPB's research agenda by responding to one or more of the following questions or submitting other pertinent ideas.

1. In your opinion, what is the most important issue affecting the management of the Federal workforce?
2. In your opinion, what is one thing in the Federal workplace that should be done more fairly?
3. In your opinion, what is one thing in the Federal workplace that should be done more efficiently or effectively?
4. There are several agencies and organizations involved in Federal workforce issues and policy, such as the U.S. Office of Personnel Management, the U.S. Government Accountability Office, the National Academy of Public Administration, and the Partnership for Public Service. In your opinion, what research could MSPB's Office of Policy and Evaluation conduct that would be distinct from the work of these and other agencies and organizations?

All submissions received may be posted, without change, to MSPB's website (www.mspb.gov) and may include any personal information you provide. Therefore, submitting this information makes it public. There is no requirement to include any personal information with your submission.

Jennifer Everling,

Acting Clerk of the Board.
