

SUPPLEMENTARY INFORMATION: TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on December 6, 2018, 83 FR 62878.

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Consistent with the requirements of Executive Order (E.O.) 13771, Reducing Regulation and Controlling Regulatory Costs, and E.O. 13777, Enforcing the Regulatory Reform Agenda, TSA is also requesting comments on the extent to which this request for information could be modified to reduce the burden on respondents.

Information Collection Requirement

Title: Law Enforcement/Federal Air Marshal Service Physical and Mental Health Certification.

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652-0043.

Forms(s): TSA Form 1163, TSA Form 1164, TSA Form 1133-3.

Affected Public: Law Enforcement Officers/Federal Air Marshal Service, FAM applicants and healthcare providers.

Abstract: TSA requires that applicants for FAM positions meet certain medical standards, including whether the individual has an established medical history or clinical diagnosis of psychosis, neurosis, or any other personality or mental disorder that clearly demonstrates a potential hazard

to the performance of FAM duties or the safety of self or others. Information collected on TSA Form 1164, Mental Health Certification, is used to assess the eligibility and suitability of FAM applicants who have been issued a conditional offer of employment. The collection is being revised to include the following additional forms: (1) TSA Form 1163, Treating Physician Status Report (TPSR), and (2) TSA Form 1133-1, Practical Exercise Performance Requirements (PEPR), to assist in the determination and in conjunction with further evaluation requests as needed for applicants of a FAMs position or incumbent FAMs. Additionally, TSA is revising the name of the collection from "Office of Law Enforcement/Federal Air Marshal Service Mental Health Certification" to "Law Enforcement/Federal Air Marshal Service Physical and Mental Health Certification."

Finally, TSA is also revising the collection process to allow other authorized healthcare providers to certify the applicant's or incumbent FAM's medical status, when applicable.

Number of Respondents: 600.

Estimated Annual Burden Hours: An estimated 900 hours annually.

Dated: May 15, 2019.

[Docket No. TSA-2007-28572]

Extension of Agency Information Collection Activity Under OMB Review: Secure Flight Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0046, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The information collection involves passenger information that certain United States aircraft operators and foreign air carriers (collectively

referred to in this document as "covered aircraft operators") submit to Secure Flight for the purposes of identifying and protecting against potential and actual threats to transportation security. The information collection also involves individuals who are a lower risk to transportation security and therefore may be eligible for expedited screening.

DATES: Send your comments by June 20, 2019. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to dhsdeskofficer@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT:

Information Collection Requirement

Title: Secure Flight Program.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0046.

Forms(s): N/A.

Affected Public: Aircraft operators, airport operators.

Abstract: TSA collects information from covered aircraft operators, including foreign air carriers, in order to prescreen passengers under the Secure Flight Program. The information collected under the Secure Flight Program is used for watchlist-matching, for matching against lists of known travelers, and to assess passenger risk (e.g., to identify passengers who present lower risk and may be eligible for expedited screening). The collection covers:

(1) Secure Flight Passenger Data (SFPD) for passengers of covered domestic and international flights within, to, from, or over the continental United States, as well as flights between two foreign locations when operated by a covered U.S. aircraft operator.

(2) SFPD for passengers of charter operators and lessors of aircraft with a maximum takeoff weight of over 12,500 pounds.

(3) Certain identifying information for non-traveling individuals that airport operators or airport operator points of contact seek to authorize to enter a sterile area at a U.S. airport (e.g., to patronize a restaurant, to escort a minor or a passenger with disabilities, or for another approved purpose).

(4) Registration information critical to deployment of Secure Flight, such as contact information, data format, or the mechanism the covered aircraft operators use to transmit SFPD and other data.

(5) Lists of low-risk individuals who are eligible for expedited screening provided by Federal and non-federal entities. In support of TSA Pre✓®, TSA implemented expedited screening of known or low-risk travelers. Federal and non-federal list entities provide TSA with a list of eligible low-risk individuals to be used as part of Secure Flight processes. Secure Flight identifies individuals who should receive low risk screening and transmits the appropriate

boarding pass printing result to the aircraft operators.

Number of Respondents: 411.¹

Estimated Annual Burden Hours: An estimated 67,147 hours annually.

Dated: May 15, 2019.

Proposed Programmatic Candidate Conservation Agreement With Assurances for the Island Marble Butterfly in San Juan County, Washington

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an enhancement of survival (EOS) permit application from the Washington Department of Fish and Wildlife pursuant to the Endangered Species Act (ESA). The requested permit would authorize the incidental take of the island marble butterfly, proposed for listing as endangered, should the species become federally listed under the ESA. The permit application includes a proposed candidate conservation agreement with assurances (CCAA) that describes the habitat management actions that will be taken for the conservation of the island marble butterfly. We announce the availability of a draft environmental action statement addressing the CCAA and proposed permit. We invite the public to review and comment on the documents.

DATES: To ensure consideration, please submit written comments by June 20, 2019.

ADDRESSES: To request further information or submit written comments, please use one of the following methods, and note that your information request or comments are in reference to the “Island Marble Butterfly CCAA.”

¹ In the 60-day notice, TSA inaccurately provided the number of annual responses, 4,660,363, instead of the number of annual respondents, 411.

SUPPLEMENTARY INFORMATION: The Service has received an application from the Washington Department of Fish and Wildlife (WDFW) for an EOS permit pursuant to section 10(a)(1)(A) of the Endangered Species Act (ESA; 16 U.S.C. 1531 *et seq.*). The requested 15-year permit would authorize the incidental take of the island marble butterfly (*Euchloe ausonides insulanus*), which is proposed to be federally listed as endangered, in the event it becomes listed, in exchange for habitat conservation actions that are expected to provide a net conservation benefit for the species. The application includes a proposed programmatic candidate conservation agreement with assurances (CCAA) that describes the existing baseline conditions and the activities that are intended to produce a net conservation benefit for the island marble butterfly on private and county lands on San Juan and Lopez Islands in San Juan County, Washington. Non-Federal property owners may continue to enroll in this CCAA so long as the CCAA remains in effect and the island marble butterfly is not listed as endangered under the ESA.

Background

Section 9 of the ESA prohibits the “take” of fish and wildlife species listed as endangered or threatened. Under the ESA, the term “take” means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct (16 U.S.C. 1532(19)). The term “harm,” as defined in our regulations, includes significant habitat modification or degradation that
