RIN 2105-AE46

Maintenance of and Access to Records Pertaining to Individuals

AGENCY: Office of the Secretary (OST), U.S. Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: On October 4, 2018, the Department of Transportation issued a notice of proposed rulemaking requesting comment on proposed exemptions from certain requirements of the Privacy Act for the Department's insider threat program system of records. The exemptions are necessary to protect properly classified information from disclosure, preserve the integrity of insider threat inquiries, and protect the identities of sources in such inquiries and any related investigations. The Department received no comments on this proposed rule. As a result, this final rule will finalize the proposed rule without change.

DATES: This final rule is effective May 23, 2019.

FOR FURTHER INFORMATION CONTACT: Claire Barrett, Departmental Chief Privacy Officer, Office of the Chief Information Officer, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590 or privacy@dot.gov or (202) 366-8135.

SUPPLEMENTARY INFORMATION: DOT identifies a system of records that is exempt from one or more provisions of the Privacy Act (pursuant to 5 U.S.C. 552a(j) or (k)) both in the system of records notice published in the **Federal Register** for public comment and in an appendix to DOT's regulations implementing the Privacy Act (49 CFR part 10, appendix). This rule exempts records in the Insider Threat Program system of records from subsections (c)(3) (Accounting of Disclosures), (d) (Access to Records), (e)(1) and (e)(4)(G) through (I) (Agency Requirements) and (f) (Agency Rules) of the Privacy Act to the extent that records are properly classified, in accordance with 5 U.S.C. 552a(k)(1), or consist of investigatory material compiled for law enforcement purposes in accordance with 5 U.S.C. 552a(k)(2).

As DOT received no comments on the notice of proposed rulemaking published on October 4, 2018 (83 FR 50053), we are finalizing the proposed rule without change.

Regulatory Analysis and Notices

A. Executive Order 12866 (Regulatory Planning and Review) and DOT Regulatory Policies and Procedures

DOT considered the impact of this rulemaking action under Executive Orders 12866 and 13563 (January 18, 2011, "Improving Regulation and Regulatory Review"), and DOT Order 2100.6, "Policies and Procedures for Rulemakings." DOT has determined that this action will not constitute a significant regulatory action within the meaning of Executive Order 12866 and within the meaning of DOT regulatory policies and procedures. This rulemaking has not been reviewed by the Office of Management and Budget. This rulemaking will not result in any costs. Since these records would be exempt from certain provisions of the Privacy Act, DOT would not have to expend any funds in order to administer those aspects of the Act.

B. Regulatory Flexibility Act

DOT has evaluated the effect these changes will have on small entities and does not believe that this rulemaking will impose any costs on small entities because the reporting requirements themselves are not changed and because the rule applies only to information on individuals that is maintained by the Federal Government or that is already publicly available. Therefore, I hereby certify that this rule will not have a significant economic impact on a substantial number of small entities.

C. National Environmental Policy Act

DOT has analyzed the environmental impacts of this final action pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, Procedures for Considering Environmental Impacts (44 FR 56420, Oct. 1, 1979). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). See 40 CFR 1508.4. In analyzing the applicability of a categorical exclusion, the agency must also consider whether extraordinary circumstances are present that would warrant the preparation of an EA or EIS. *Id.* Paragraph 3.c.5 of DOT Order 5610.1C incorporates by reference the categorical exclusions for all DOT Operating Administrations. This action is covered by the categorical exclusion listed in the Federal Highway Administration's implementing procedures, "[p]romulgation of rules, regulations, and directives." 23 CFR 771.117(c)(20). The purpose of this rulemaking is to amend the Appendix to DOT's Privacy Act regulations. The Department does not anticipate any environmental impacts and there are no extraordinary circumstances present in connection with this rulemaking.

E. Executive Order 13132 (Federalism)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 13132, Federalism, dated August 4, 1999, and it has been determined that it will not have a substantial direct effect on, or sufficient Federalism implications for, the States, nor would it limit the policymaking discretion of the States. Therefore, the preparation of a Federalism Assessment is not necessary.

F. Executive Order 13084 (Consultation and Coordination With Indian Tribal Governments)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 13084 ("Consultation and Coordination with Indian Tribal Governments"). Because it would not effect on Indian Tribal Governments, the funding and consultation requirements of Executive Order 13084 do not apply.

G. Paperwork Reduction Act

Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501, *et seq.*),
