Description of the Need for the Information and Proposed Use

This collection of information is required specifically for the application and administration of the Department of Housing and Urban Development, Federal Housing Administration Section 242 Hospital Mortgage Insurance Program pursuant to 24 CFR 242, 241, 223(f), and 223(a)(7). The collection is a comprehensive set of HUD documents that are critically needed for processing applications and loan endorsements for FHA mortgage insurance under the Section 242 Hospital Mortgage Insurance Program, for ongoing asset management of such facilities, and other information related to these facilities for loan modifications, construction projects, and physical and environmental reviews. This information is requested and is used by the Office of Healthcare Facilities (OHF) and Office of Architecture and Engineering (OAE) within FHA's Office of Healthcare Programs (OHP).

The purpose for which the information is being collected by HUD is to review Section 242 applications to determine the eligibility of applicant hospitals for FHA mortgage insurance, underwrite insured hospital loans, ensure that the collateral securing each loan is adequate, capture administrative data, process initial/final endorsement, and manage FHA's hospital portfolio. Additional information related to loan modifications, construction projects, and physical and environmental reviews is collected if applicable.

The information being collected consists of various HUD forms that program participants complete with project specifications, technical descriptions, details, and/or signatures that are utilized by HUD during various stages of the application, underwriting, commitment, closing, and asset management processes involved with the administration of FHA's Section 242 mortgage insurance program.

The information is used by HUD staff for internal review of applications to determine if projects qualify for Section 242 hospital mortgage insurance and to manage and monitor the application,
