- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

The DS-11 solicits data necessary for Passport Services to issue a United States passport (book and/or card format) pursuant to authorities granted to the Secretary of State by 22 U.S.C. 211a *et seq.*, and Executive Order (E.O.) 11295 (August 5, 1966) for the issuance of passports to U.S. nationals.

The issuance of U.S. passports requires the determination of identity, nationality, and entitlement with reference to the provisions of Title III of the Immigration and Nationality Act (INA) (8 U.S.C. 1401-1504), the 14th Amendment to the Constitution of the United States, other applicable treaties and laws, and implementing regulations at 22 CFR parts 50 and 51. The specific regulations pertaining to the Application for a U.S. Passport are at 22 CFR 51.20 through 51.28.

Methodology

The information collected on the DS-11 is used to facilitate the issuance of passports to U.S. citizens and nationals. The primary purpose of soliciting the information is to establish citizenship, identity, and entitlement to the issuance of a U.S. passport, and to properly administer and enforce the laws pertaining to the issuance thereof.

Passport Services collects information from U.S. citizens and non-citizen nationals when they complete and submit the Application for a U.S. Passport. Passport applicants can either download the DS-11 from the internet or obtain one from an Acceptance Facility/Passport Agency. The form must be completed and executed at an acceptance facility or passport agency,

and submitted with evidence of citizenship and identity.

Barry J. Conway,*Acting Deputy Assistant Secretary for Passport Services.*

[Public Notice: 10774]

Overseas Schools Advisory Council; Notice of Meeting

The Overseas Schools Advisory Council, Department of State, will hold its June Committee Meeting on Wednesday, June 19, 2019, at the Melrose Hotel, 2430 Pennsylvania Ave., Clifton Room, from 1:00 p.m. until 4:00 p.m. and again on Thursday, June 20, 2019, from 9:00 a.m. until approximately 2:00 p.m. in Conference Room 1482, Department of State, 2201 C Street NW, Washington, DC. These meetings are open to the public.

The Overseas Schools Advisory Council works closely with the U.S. business community on improving those American-sponsored schools overseas that are assisted by the Department of State and attended by dependents of U.S. government employees, and the children of employees of U.S. corporations and foundations abroad.

These meetings will deal with issues related to the work and the support provided by the Overseas Schools Advisory Council to the American-sponsored overseas schools. There will be a report and discussion about the status of the Council-sponsored projects: Child Protection Project and Special Needs Project. Moreover, the Regional Education Officers in the Office of Overseas Schools will make presentations on the activities and initiatives in the American-sponsored overseas schools.

Members of the public may attend the meetings and join in the discussion, subject to the instructions of the Chair. Admittance of public members will be limited to the seating available. Access to the Department of State is controlled, and individual building passes are required for all attendees. Persons who plan to attend should advise the office of Mr. Thomas Shearer, Department of State, Office of Overseas Schools, telephone 202-261-8200, prior to June 12, 2019. Each visitor to the Department of State meeting will be asked to provide his/her date of birth and either driver's license or passport number at the time of registration and attendance,

and must carry a valid photo ID to the meeting.

Personal data is requested pursuant to Public Law 99–399 (Omnibus Diplomatic Security and Antiterrorism Act of 1986), as amended; Public Law 107–56 (USA PATRIOT Act); and Executive Order 13356. The purpose of the collection is to validate the identity of individuals who enter Department facilities. The data will be entered into the Visitor Access Control System (VACS–D) database. Please see the Security Records System of Records Notice (State-36) at <https://www.state.gov/documents/organization/242611.pdf> for additional information.

Any requests for reasonable accommodation should be made at the time of registration. All such requests will be considered, however, requests made after June 12 might not be possible to fill. All attendees must use the 21st Street entrance to the building for Thursday's meeting.

Thomas P Shearer,

Executive Secretary, Overseas Schools Advisory Council, Department of State.

Federal Aviation Administration

[Docket No. FAA–2019–0154]

Agency Information Collection Activities: Requests for Comments; Clearance of New Approval of Information Collection: Airspace Authorizations in Controlled Airspace Under 49 U.S.C. 44809(a)(5)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval for a new information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 11, 2019 at Volume 84, pages 8778–79. The FAA received no comments during the 60-day comment period. The FAA proposes collecting information pursuant to new requirements under the U.S.C. that limited recreational operations of unmanned aircraft must now apply for airspace authorizations in controlled airspace. The FAA will use

the collected information to make determinations whether to authorize or deny the requested operation of UAS in controlled airspace. The proposed information collection is necessary to issue such authorizations or denials consistent with the FAA's mandate to ensure safe and efficient use of national airspace.

DATES: Written comments should be submitted by June 27, 2019.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oira_submission@omb.eop.gov, or faxed to (202) 395–6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Casey Nair, FAA's UAS Low Altitude Authorization and Notification Capability (LAANC) Program Manager by email at: casey.nair@faa.gov; phone: (202) 267–0369

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: This is a new collection.

Title: Airspace Authorizations in Controlled Airspace under 49 U.S.C. 44809(a)(5).

Form Numbers: There are no FAA forms associated with this collection.

Type of Review: New information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 11, 2019 (84 FR 8778). There were no comments made during the comment period. Congress recently enacted the FAA Reauthorization Act of 2018 (the Act), which was signed into law by the President on October 5, 2018. Included within the Act is 49 U.S.C.

44809(a), which established limited recreational operations of unmanned aircraft. Limited recreational operations are those operations otherwise excepted from FAA certification and operating authority by adhering to all of the limitations listed in 49 U.S.C. 44809(a)(1) thru (8). Among the listed limitations that must be met, 49 U.S.C. 44809(a)(5) requires that these operations receive an authorization from the FAA prior to conducting any small UAS flight in Class B, Class C, Class D, or within the lateral boundaries of the surface area of Class E airspace designated for an airport. This is a new requirement. Previously, only persons operating under part 107 have been required to request these authorizations pursuant to OMB Control Number 2120–0768.

In order to process airspace authorization requests, the FAA requires the operator's name, the operator's contact information, and information related to the date, place, and time of the requested small UAS operation. This information is necessary for the FAA to meet its statutory mandate of maintaining a safe and efficient national airspace. See 49 U.S.C. 40103, 44701, and 44807. Similar to the existing process for part 107 operations, the FAA proposes to use LAANC and a web portal to process airspace authorization requests for limited recreational operations.

Respondents: Limited recreational operators of small unmanned aircraft seeking to conduct flights within Class B, Class C, Class D, or within the lateral boundaries of the surface area of Class E airspace designated for an airport. The FAA estimates that between 2019–2021 that it will receive 1,019,964 requests for airspace authorizations or 339,988 per year. This number is a decrease from the 1,165,387 or 388,462 annual that was estimated in the 60-Day Notice due to the change in forecast of UAS growth that was published in the FAA Aerospace Forecast for Fiscal Years 2019–2039.

Frequency: The requested information will need to be provided each time a limited recreational operator respondent requests an airspace authorization to conduct a limited recreational operation of a small UAS in controlled airspace.

Estimated Average Burden per Response: 5 minutes per response for members of the public using LAANC and 30 minutes per response for members of the public using the web portal.

Estimated Total Annual Burden: Because the FAA has not previously collected airspace authorization requests from users under 49 U.S.C.
