SUPPLEMENTARY INFORMATION: In
accordance with the Paperwork
Reduction Act of 1995, we provide the
general public and other Federal
agencies with an opportunity to
comment on new, proposed, revised,
and continuing collections of

We are soliciting comments on the
proposed ICR that is described below.
We are especially interested in public
comment addressing the following
issues: (1) Is the collection necessary to
the proper functions of the NPS; (2) will
this information be processed and used
in a timely manner; (3) is the estimate
of burden accurate; (4) how might the
NPS enhance the quality, utility, and
clarity of the information to be
collected; and (5) how might the NPS
minimize the burden of this collection
on the respondents, including through
the use of information technology.

cannot guarantee that we will be able to
do so.

Abstract: Under 54 U.S.C. 100101
(National Park Service Act Organic Act),
we must preserve America's natural
wonders unimpaired for future

generations, while also making them
available for the enjoyment of the
visitor. Meeting this mandate requires
that we balance preservation with use.
Maintaining a good balance requires
both information and limits. In
accordance with regulations at 36 CFR
parts 1-7, 13, 20, and 34, we issue
permits for special park uses.

Special park uses cover a wide range
of activities including, but not limited
to, special events, First Amendment
activities, grazing and agricultural use,
commercial filming, still photography,
construction and vehicle access. Permits
are issued for varying amounts of time
based on the requested use, but
generally do not exceed 5 years. A new
application must be submitted in order
to request the renewal of an existing
permit.

The information we collect in the
special use applications allows park
managers to determine if the requested
use is consistent with the laws and NPS
regulations referenced above and with
the public interest. The park manager
must also determine that the requested
activity will not cause unacceptable
impacts to park resources and values.
The information is collected using the
following NPS forms:

- 10-930—Application for Special
Use Permit;
- 10-930s—Application for Special
Use Permit (short form);
- 10-931—Application for Special
Use Permit—Commercial Filming/Still
Photography Permit (short);
- 10-932—Application for Special
Use Permit—Commercial Filming/Still
Photography Permit (long); and,
- 10-933—Application for Special
Use Permit—Vehicle/Watercraft Use.

We will review the forms currently
approved by OMB to determine whether
any changes will be made. If we
determine changes need to be made, we
will solicit feedback on the updated
forms as part of the required outreach
process with the renewal and will
explain the changes in our submission
to OMB.
