SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf **States Marine Fisheries Commissions** have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multistep process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Stock ID webinars are as follows:

1. Participants will use review genetic studies, growth patterns, existing stock definitions, prior SEDAR stock ID recommendations, and any other relevant information on scamp stock structure.

2. Participants will make recommendations on biological stock structure and define the unit stock or stocks to be addressed through this assessment.

### SUPPLEMENTARY INFORMATION:

*Title of Collection:* Equal Credit Opportunity Act (Regulation B) 12 CFR 1002.

OMB Control Number: 3170–0013. Type of Review: Revision of a

currently approved collection. Affected Public: Private Sector.

*Estimated Number of Respondents:* 472,000.

*Estimated Total Annual Burden Hours:* 1,220,992.

*Abstract:* The Equal Credit Opportunity Act ("ECOA") was enacted to ensure that credit is made available to all creditworthy applicants without discrimination on the basis of sex, marital status, race, color, religion, national origin, age, or other prohibited bases under the ECOA. The ECOA allows for creditors to collect information for self-testing against these criteria, while not allowing creditors to use this information in making credit decisions of applicants. For certain mortgage applications, the ECOA requires creditors to ask for some of the prohibited information for monitoring purposes. In addition, for certain mortgage applications, creditors are required to send a copy of any appraisal

or written valuation used in the application process to the applicant in a timely fashion.

The ÉCOA also prescribes that creditors inform applicants of decisions made on credit applications. In particular, where creditors make adverse actions on credit applications or existing accounts, creditors must inform consumers as to why the adverse action was taken, such that credit applicants can challenge errors or learn how to become more creditworthy. Creditors must retain all application information for 25 months, including notices they sent and any information related to adverse actions.

Finally, the ECOA requires creditors who furnish applicant information to a consumer reporting agency to reflect participation of the applicant's spouse, if the spouse if permitted to use or contractually liable on the account.

*Request for Comments:* The Bureau issued a 60-day Federal Register notice on March 20, 2019, 84 FR 10301, Docket Number: CFPB-2019-0012. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.
