

List of Subjects in 10 CFR Part 72

Administrative practice and procedures, Hazardous waste, Indians, Intergovernmental relations, Nuclear energy, Penalties, Radiation protection, Reporting and recordkeeping requirements, Security measures, Spent fuel, Whistleblowing.

For the reasons set out in the preamble and under the authority of the Atomic Energy Act of 1954, as amended; the Energy Reorganization Act of 1974, as amended; the Nuclear Waste Policy Act of 1982, as amended; and 5 U.S.C. 552 and 553; the NRC is making the following correcting amendment to 10 CFR part 72:

**PART 72—LICENSING
REQUIREMENTS FOR THE
INDEPENDENT STORAGE OF SPENT
NUCLEAR FUEL, HIGH-LEVEL
RADIOACTIVE WASTE, AND
REACTOR-RELATED GREATER THAN
CLASS C WASTE**

■ 1. The authority citation for part 72 continues to read as follows:

Authority: Atomic Energy Act of 1954, secs. 51, 53, 57, 62, 63, 65, 69, 81, 161, 182, 183, 184, 186, 187, 189, 223, 234, 274 (42 U.S.C. 2071, 2073, 2077, 2092, 2093, 2095, 2099, 2111, 2201, 2210e, 2232, 2233, 2234, 2236, 2237, 2238, 2273, 2282, 2021); Energy Reorganization Act of 1974, secs. 201, 202, 206, 211 (42 U.S.C. 5841, 5842, 5846, 5851); National Environmental Policy Act of 1969 (42 U.S.C. 4332); Nuclear Waste Policy Act of 1982, secs. 117(a), 132, 133, 134, 135, 137, 141, 145(g), 148, 218(a) (42 U.S.C. 10137(a), 10152, 10153, 10154, 10155, 10157, 10161, 10165(g), 10168, 10198(a)); 44 U.S.C. 3504 note.

■ 2. In § 72.214, Certificate of Compliance 1014 is revised to read as follows:

§ 72.214 List of approved spent fuel storage casks.

* * * * *

Certificate Number: 1014.

Initial Certificate Effective Date: May 31, 2000.

Amendment Number 1 Effective Date: July 15, 2002.

Amendment Number 2 Effective Date: June 7, 2005.

Amendment Number 3 Effective Date: May 29, 2007.

Amendment Number 4 Effective Date: January 8, 2008.

Amendment Number 5 Effective Date: July 14, 2008.

**DEPARTMENT OF HOMELAND
SECURITY**

Coast Guard

33 CFR Part 100

[Docket No. USCG–2019–0284]

**Special Local Regulation; Marine
Events Within the Fifth Coast Guard
District**

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation; change of enforcement date.

SUMMARY: The Coast Guard will enforce the special local regulation on the waters of the Atlantic Ocean, near Point Pleasant Beach, New Jersey, from 10 a.m. through 5 p.m. on June 15, 2019 and June 16, 2019. This action is

necessary to ensure safety of life on the navigable waters of the United States during high speed boat racing. The purpose of this notice is to announce a change in the date in which the event is being held.

DATES: The regulations in 33 CFR 100.501 will be enforced from 10 a.m. through 5 p.m. on June 15, 2019 and June 16, 2019, for the special local regulation listed as (a)(7) in the Table to § 100.501.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, you may call or email Petty Officer Thomas Welker, U.S. Coast Guard, Sector Delaware Bay, Waterways Management Division, telephone 215–271–4814, email *Thomas.J.Welker@uscg.mil*.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the special local regulation in 33 CFR 100.501, table to § 100.501, (a)(7) for the regulated area located in the Atlantic Ocean near Point Pleasant Beach, NJ. The published enforcement period for this event is the 3rd Saturday and Sunday in May. We are announcing a change of enforcement date for this year's event with this notice of enforcement because the event will take place on the 3rd Saturday and Sunday in June. The Captain of the Port, Delaware Bay will be enforcing the Special Local Regulation as specified in § 100.501(c).

In addition to this notice of enforcement in the **Federal Register**, the Coast Guard will provide notification of this enforcement period via broadcast notice to mariners, Local Notice to Mariners, and on-scene notice by designated representative.

Dated: May 23, 2019.

Scott E. Anderson,

Captain, U.S. Coast Guard, Captain of the Port, Delaware Bay.

BILLING CODE 9110–04–P

**ENVIRONMENTAL PROTECTION
AGENCY**

40 CFR Part 52

[EPA–R02–OAR–2018–0817; FRL–9994–39–Region 2]

**Approval of Source Specific Air Quality
Implementation Plans; New Jersey**

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to

the New Jersey State Implementation Plan (SIP) for the 2008 8-hour ozone National Ambient Air Quality Standard in relation to a Source Specific SIP for Gerdau Ameristeel in Sayreville, New Jersey. On December 5, 2018, the New Jersey Department of Environmental Protection approved an administrative amendment reflecting new ownership and name change to Commercial Metals Company. The control options in the Source Specific SIP that address nitrogen oxide Reasonably Available Control Technology for the natural gas fired billet rehear furnace remain the same under the new ownership. The intended effect of this SIP revision is for the Sayreville facility to continue to operate under their facility specific maximum allowable nitrogen oxide emission rate. The affected source will not increase hourly nitrogen oxide emissions, therefore, the National Ambient Air Quality Standards for ozone is protected.

DATES: The final rule is effective on July 1, 2019.

ADDRESSES: The EPA has established a docket for this action under Docket ID Number EPA-R02-OAR-2018-0817. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <http://www.regulations.gov>.

Linda Longo, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10007-1866, (212) 637-3565, or by email at longo.linda@epa.gov.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Background
- II. The EPA's Evaluation of New Jersey's Submittals
- III. Comments Received in Response to EPA's Proposed Action
- IV. Summary of EPA Final Action
- V. Incorporation by Reference
- VI. Statutory and Executive Order Reviews

I. Background

The Environmental Protection Agency (EPA) is approving the revision to the New Jersey State Implementation Plan (SIP) for attainment and maintenance of the 2008 ozone National Ambient Air Quality Standard (NAAQS).

Specifically, under New Jersey Administrative Code, Title 7, Chapter 27, Subchapter 19, "Control and Prohibition of Air Pollution from Oxides of Nitrogen" (N.J.A.C. 7:27-19). The New Jersey Department of Environmental Protection (NJDEP) reviewed and approved the facility specific emission limit (FSEL) nitrogen oxide (NO_x) control plan and the associated Reasonably Available Control Technology (RACT) for the Gerdau Ameristeel facility located in Sayreville, New Jersey (Sayreville Facility). The RACT for this SIP revision is the lowest emission limitation economically feasible for controlling NO_x emissions from the Sayreville Facility's billet rehear furnace (Sayreville BRF). The Sayreville BRF is used to raise the temperature of steel billets to the required level for hot rolling.

Subchapter N.J.A.C. 7:27-19.13(a)(1), "Alternative and facility specific NO_x emission limits," allows owners and operators of major sources of NO_x, upon approval of the NJDEP, to obtain FSELs for maximum allowable NO_x emission rates by submitting a NO_x control plan that meets the requirements of N.J.A.C. 7:27-19.13(b). Furthermore, Subchapter N.J.A.C. 7:27-19.13(a)(3) allows facilities that wish to continue to operate under existing NO_x control plans that were approved prior to May 1, 2005 to make the request by submitting an updated proposed NO_x control plan as required in N.J.A.C. 7:27-19.13. The Sayreville Facility wishes to continue to operate under its existing NO_x control plan that was approved by the State on March 15, 2005. A full summary is included in the technical support document (TSD) that is contained in EPA's docket assigned to this **Federal Register** notice.

Please note that on December 5, 2018, the NJDEP approved an administrative amendment reflecting new ownership and name change of the Sayreville Facility from Gerdau Ameristeel to Commercial Metals Company. All control options for the Sayreville BRF and CAA permit limits (as approved by the NJDEP in the March 2005 NO_x control plan) remain the same under the new ownership as were under the former owner Gerdau Ameristeel.

II. The EPA's Evaluation of New Jersey's Submittals

N.J.A.C. 19.13(a)(3) sets forth requirements for facilities that wish to continue to operate under existing NO_x control plans that were approved prior to May 1, 2005. The regulation requires such facilities to submit updated proposed NO_x control plans to NJDEP for review. Gerdau Ameristeel originally

submitted an FSEL NO_x control plan for a BRF (old BRF) at the Sayreville Facility to NJDEP in 1995. In 2004, the facility submitted to NJDEP a proposed FSEL NO_x control plan for a replacement BRF; the new unit was designed with 64 ultra-low NO_x burners. On March 15, 2005, the NJDEP approved the NO_x control plan by authorizing Gerdau Ameristeel to replace the old BRF with the ultra-low NO_x burners.

On October 4, 2016, the Gerdau Ameristeel submitted an updated proposed NO_x control plan to NJDEP requesting to continue to operate the March 15, 2005 NO_x control plan for the Sayreville BRF that has 64 ultra-low NO_x burners and maximum allowable NO_x emission rate of 58.9 tons per year (TPY). On March 20, 2018, the NJDEP submitted to the EPA a proposal to allow the continued use of the control options as outlined in the State approved Gerdau Ameristeel March 15, 2005 NO_x control plan.

The Sayreville BRF has a heat input rating of 172.8 million British Thermal Units per hour (MMBTU/hr) and is permitted under the facility's CAA Title V operating permit (*i.e.*, PI 18052, BOP 150001) for no more than 0.1 MMBTU/hr of NO_x as a major source with FSEL not to exceed 17.3 pounds NO_x per hour and 58.9 tons NO_x per year. The Sayreville Facility is required to conduct annual emission testing to demonstrate compliance with 0.1 lb/MMBtu NO_x emission rate limit. The EPA has determined that the Sayreville BRF identified in the SIP revision are consistent with New Jersey's NO_x RACT regulation and the EPA's guidance.

III. Comments Received in Response to EPA's Proposed Action

On March 21, 2019 (84 FR 10458) the EPA proposed approval of the source-specific revision to the New Jersey SIP for 8-hour ozone for Gerdau Ameristeel in Sayreville, New Jersey. The EPA received no public comments during the 30-day public comment period in response to the March 9, 2019 proposal.

IV. Summary of EPA's Final Action

Gerdau Ameristeel reached agreement with the NJDEP to continue to operate under the approved March 15, 2005 NO_x control plan that allowed the Sayreville BRF to operate using 64 ultra-low NO_x burners. The Sayreville Facility underwent a change in ownership to the Commercial Metals Company without changing its production process or associated equipment. Moreover, the Sayreville Facility met the regulatory requirements under N.J.A.C. 19.13(a)(3) to submit and

obtain NJDEP approval for an updated proposed NO_x control plan requesting to continue to operate under their 2005 NO_x control plan approved prior to May 1, 2005. The updated NO_x control plan demonstrates that the only technically feasible control technology currently not in use on the Sayreville BRF is the SCR option and concludes that it is not RACT. Therefore, the EPA is approving the NJDEP SIP revision for 8-hour ozone for Commercial Metals Company continuing to operate under the 2005 NO_x Control Plan.

V. Incorporation by Reference

In this document, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing incorporate by reference for the provisions described above in Section IV. Summary of the EPA’s Final Action.

The EPA has made, and will continue to make, these materials generally available through *www.regulations.gov* and at the EPA Region 2 Office. Copies of the materials incorporated may be inspected at the Environmental Protection Agency, Region 2, Air Programs Branch, 290 Broadway, New York, New York 10007. Please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information.

Therefore, these materials have been approved by the EPA for inclusion in the State implementation plan, have been incorporated by reference by the EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of the EPA’s approval, and will be incorporated by reference in the next update to the SIP compilation.

VI. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations.

42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely proposes to approve state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104–4);
- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- does not provide EPA with the discretionary authority to address, as

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rule does not have tribal implications as specified by Executive Order 13175, because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law. Thus, Executive Order 13175 does not apply to this action.

List of Subjects 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Nitrogen Dioxide, Intergovernmental Relations, Ozone, Reporting and recordkeeping requirements.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: May 15, 2019.

Peter D. Lopez,

Regional Administrator, Region 2.

Part 52, chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart FF—New Jersey

■ 2. Section 52.1570 (d) is amended by adding the entries for “Gerdau Ameristeel Sayreville” and “CMC Steel New Jersey” at the end of the table. The additions read as follows:

§ 52.1570 Identification of plan.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA–HQ–OPP–2018–0677; FRL–9993–11]

Pyriofenone; Pesticide Tolerances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes tolerances for residues of pyriofenone in or on fruiting vegetable, crop group 8–10. ISK Biosciences Corporation requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA).

DATES: This regulation is effective May 30, 2019. Objections and requests for hearings must be received on or before July 29, 2019 and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2018–0677, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPP Docket is (703) 305–5805. Please review the visitor instructions and additional information about the docket available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Michael Goodis, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; main telephone number:

(703) 305–7090; email address: RDfrNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. How can I get electronic access to other related information?

You may access a frequently updated electronic version of EPA's tolerance regulations at 40 CFR part 180 through the Government Publishing Office's e-CFR site at http://www.ecfr.gov/cgi-bin/text-idx?&c=ecfr&tpl=/ecfrbrowse/Title40/40tab_02.tpl.

C. How can I file an objection or hearing request?

Under FFDCA section 408(g), 21 U.S.C. 346a, any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. You must file your objection or request a hearing on this regulation in accordance with the instructions provided in 40 CFR part 178. To ensure proper receipt by EPA, you must identify docket ID number EPA–HQ–OPP–2018–0677 in the subject line on the first page of your submission. All objections and requests for a hearing must be in writing, and must be received by the Hearing Clerk on or before July 29, 2019. Addresses for mail and hand delivery of objections and hearing requests are provided in 40 CFR 178.25(b).

In addition to filing an objection or hearing request with the Hearing Clerk as described in 40 CFR part 178, please submit a copy of the filing (excluding any Confidential Business Information (CBI)) for inclusion in the public docket. Information not marked confidential pursuant to 40 CFR part 2 may be disclosed publicly by EPA without prior notice. Submit the non-CBI copy of your objection or hearing request, identified by docket ID number EPA–HQ–OPP–2018–0677, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be CBI or other information whose disclosure is restricted by statute.

- **Mail:** OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001.

- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

II. Summary of Petitioned-For Tolerance

In the **Federal Register** of December 21, 2018 (83 FR 65660) (FRL–9985–67), EPA issued a document pursuant to FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), announcing the filing of a pesticide petition (PP 7F8647) by ISK Biosciences Corporation, 7470 Auburn Road, Suite A, Concord, Ohio 44077. The petition requested that 40 CFR 180.660 be amended by establishing tolerances for residues of the fungicide pyriofenone, in or on fruiting vegetable, crop group 8–10 at 0.30 parts per million (ppm). That document referenced a summary of the petition prepared by ISK Biosciences Corporation, the registrant, which is available in the docket, <http://www.regulations.gov>. There were no
