SUMMARY: As provided by the Federal Assets Sale and Transfer Act of 2016 (FASTA), the Public Buildings Reform Board (PBRB) is holding its first public meeting. At this meeting, the Board will hear from government and private sector representatives to gain their perspectives on implementation of FASTA and FASTA's opportunities and challenges.

DATES: The meeting is scheduled for Monday, June 17th, 2019, from 9:00 a.m. to 4:00 p.m. (Eastern Daylight Time).

ADDRESSES: General Services Administration (GSA), National Capital Region Headquarters Auditorium, 301 7th St. SW, Washington, DC 20407. The meeting is open to the public and the site is accessible to individuals with disabilities.

FOR FURTHER INFORMATION CONTACT:

Interested participants can contact Ira Holmes, PBRB, by phone at 301-802-7274 or by email at iholmes@bdo.com.

SUPPLEMENTARY INFORMATION:

Background: FASTA created the PBRB as an independent Board to identify opportunities for the Federal government to significantly reduce its inventory of civilian real property and thereby reduce costs. The Board is directed, within 6 months of its formation, to recommend to the Office of Management and Budget (OMB) the sale of not fewer than five properties not on the list of surplus or excess with a fair market value of not less than \$500 million and not more than \$750 million. In two subsequent rounds over a five-year period, the Board is responsible for making recommendations for other sales, consolidations, property disposals or redevelopment of up to \$7.25 billion.

Meeting: The format for the meeting will be panel discussions with appropriate time allowed for Q&A. Each panel will be composed of invited representatives for that specific area. The three proposed panels are:

- Executive Branch—this panel will include representatives from the Federal Property Council and the GSA Public Buildings Service. The purpose will be to provide a prospective on background of the legislation (FASTA) and the current status of the database.

- Congressional panel—this panel will discuss background and importance of legislation.

- Former RTC officials panel—this panel will discuss the RTC's approach to the large number of properties and methods of increasing the valuation for sale.

Portions of the meeting will be held in Executive Session if the Board is considering issues involving classified or proprietary information.

Registration: To register for this meeting, please email Ira Holmes at iholmes@bdo.com. Those wishing to participate as panelists are invited to contact the PBRB by June 10th, 2019. The PBRB especially invites former officials from the Resolution Trust Corporation (RTC) to participate on the panel to provide their insight. Individuals wishing to attend who require special assistance should contact Ira Holmes at least 72 hours prior to the event.

Administration for Community Living

Agency Information Collection Activities; Proposed Collection; Comment Request; Older Americans Act, Title VI Grant Application

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing an opportunity for the public to comment on the proposed collection of information listed above. Under the Paperwork Reduction Act of 1995 (PRA), Federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice.

This notice solicits comments on the Proposed New Collection and solicits comments on the information collection requirements related to the Application for Older Americans Act, Title VI Parts A/B and C Grants.

DATES: Comments on the collection of information must be submitted

electronically by 11:59 p.m. (EST) or postmarked by August 2, 2019.

ADDRESSES: Submit electronic comments on the collection of information to: Rhonda Schwartz. Submit written comments on the collection of information to the Administration for Community Living, Washington, DC 20201, Attention: Rhonda Schwartz.

FOR FURTHER INFORMATION CONTACT: Rhonda Schwartz, Administration for Community Living, Washington, DC 20201, Rhonda Schwartz, *Rhonda.Schwartz@acl.hhs.gov*, (617) 565-1165.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. A Collection of information includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The PRA requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document.

With respect to the following collection of information, ACL invites comments on our burden estimates or any other aspect of this collection of information, including:

(1) Whether the proposed collection of information is necessary for the proper performance of ACL's functions, including whether the information will have practical utility;

(2) the accuracy of ACL's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used to determine burden estimates;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

ACL is responsible for administering the Title VI A/B (Nutrition and Supportive Service) and C (Caregiver) grants. The purpose of this data collection is to improve and standardize the format of the application. The instrument will collect data as prescribed by the Older Americans Act Section 612(a), 614(a) and 45 CFR 1326.19 related to the eligibility of Federally-recognized Tribes and Native Hawaiian organizations for grant funds under this program and their capacity to deliver services to elders.

The Application for Older Americans Act, Title VI A/B and C Grants collects information on the ability of federally-recognized American Indian, Alaskan Native and Native Hawaiian organizations to provide nutrition, supportive, and caregiver services to elders within their service area.

Applicants are required to provide a description of their organization's service area, the number of eligible elders in their service area, and their ability to deliver services and sign assurances that the organization will comply with all applicable laws and regulations.

This is a new data collection. In prior grant cycles, AoA used ACL's generic clearance for the funding opportunity announcement (FOA) information collection currently approved under

OMB control number 0985-0018. The proposed data collection materials have been updated to better align with the requirements of the Older Americans Act and Federal regulations, as well as to improve data quality and grantee accountability. Furthermore, this grantee application will better line up with the revised Title VI Program Performance Report under 0985-0059 and will eliminate duplicate reporting requirements for grantees. This data collection will also support ACL in tracking performance outcomes and efficiency measures with respect to the annual and long-term performance targets established in compliance with the Government Performance Results Modernization Act (GPRMA).

The proposed data collection tools may be found on the ACL website for review at <https://www.acl.gov/about-acl/public-input>.

Estimated Program Burden: Title VI grant applications are required once every three (3) years, so an annual response is not required for this instrument (the annual burden below reflects this calculation). Additionally, Title VI funding is broken into three categories.

Parts A and B are for nutritional and supportive programming, with Part A being restricted to American Indian and Alaska Native grantees, and Part B restricted to Native Hawaiian grantees. Part C is for caregiver programming. All Part C grantees must have Part A/B funding, but not all Part A/B grantees will have Part C programs. Therefore, there are likely to be 295 unique respondents, but only 250 will have to complete all three portions of the application. This application covers all three parts of Title VI.

ACL estimates the burden associated with this collection of information as follows:

Respondent/data collection activity	Number of respondents	Responses per respondent	Hours per response	Annual burden hours
Title VI Application Part A/B	295	1	2.75	270.4
Title VI Application Part C	250	1	1.5	125
Total	4.25	395.4

The number of burden hours associated with the Title VI, Part C, data collection was calculated as 811.25. However, since this instrument is used only once every 3 years, this number was annualized by dividing it into thirds. This resulted in an annualized number of 270.4 hours. Similarly, the total hours associated with the Title VI,

Part C, application is 375. This number was annualized by dividing it by three, resulting in an annual burden hours of 125.

Dated: May 23, 2019.

Administrator and Assistant Secretary for Aging.
