SUPPLEMENTARY INFORMATION:

I. Abstract

The Survey of New Foreign Direct Investment in the United States (BE-13) collects information on the acquisition and establishment of U.S. business enterprises by foreign investors and on expansions by existing U.S. affiliates of foreign companies. Foreign direct investment is defined as the ownership or control by one foreign person (foreign parent) of 10 percent or more of the voting securities of an incorporated U.S. business enterprise, or an equivalent interest of an unincorporated U.S. business enterprise, including a branch. The data collected through the survey are used to measure the amount of new foreign direct investment in the United States, assess the impact on the U.S. economy, and ensure complete coverage of BEA's other foreign direct investment statistics.

The Bureau of Economic Analysis (BEA) does not propose any changes to the survey.

II. Method of Collection

Notifications will be mailed to respondents as BEA becomes aware of a potentially reportable investment or when annual cost updates are needed. A business enterprise that meets the reporting requirements of the survey is required to report whether or not it is contacted by BEA. A business enterprise that is contacted by BEA and does not meet the reporting requirements is required to respond to indicate that it does not meet the requirements. The survey is due 45 days after (1) an acquisition is completed, (2) a new U.S. business enterprise is established, (3) an expansion is begun, (4) a cost update is requested by BEA, or (5) a U.S. business enterprise that does not meet the filing requirements for the survey receives a notification letter from BEA.

BEA offers electronic filing through its eFile system for use in reporting on the BE-13 survey forms. In addition, BEA posts all its survey forms and reporting instructions on its website (www.bea.gov/fdi). These may be downloaded, completed, printed, and submitted via fax or mail.
