

The Exchange believes that the Pilot Program promotes just and equitable principles of trade by enabling public customers and other market participants to express their true prices to buy and sell options to the benefit of all market participants.

The proposal to extend the Pilot Program is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, by allowing the Exchange and the Commission additional time to analyze the impact of the Pilot Program while also allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot Program.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the Pilot Program, the proposed rule change will allow for further analysis of the Pilot Program and a determination of how this Program should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. The Pilot Program is an industry-wide initiative supported by all other option exchanges. The Exchange believes that extending the Pilot Program will allow for continued competition between Exchange market participants trading similar products as their counterparts on other exchanges, while at the same time allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot Program.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section

19(b)(3)(A)(iii) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.⁹

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁰ of the Act to determine whether the proposed rule change should be approved or disapproved.

Ombudsman Matter Management System
OMB Control No. 3235-0748, SEC File No. 270-797

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission" or "SEC") is soliciting comments on the collection of

¹¹ 17 CFR 200.30-3(a)(12).

information summarized below. The Commission plans to submit this renewal request for the collection of information to the Office of Management and Budget for approval.

In 2016, at the time of the original request for the collection of information, members of the public who contacted the Ombudsman for assistance did so by traditional mail, electronic mail, telephone, and facsimile. To make it easier for retail investors and others to contact the Ombudsman electronically, the Commission developed the Ombudsman Matter Management System (“OMMS”), a new, electronic data collection system for the receipt, collection and analysis of inquiries, complaints, and recommendations from retail investors directed to the SEC Ombudsman and the Office of the Investor Advocate. The Commission invites comment on OMMS.

OMMS was launched for internal use by SEC staff in 2017. Through OMMS, members of the public may request assistance from the Ombudsman and staff using a web-based form (the “OMMS Form”) tailored to gather information about matters within the scope of the Ombudsman’s function and streamline the inquiry and response process. The OMMS Form, which was made available to the public for use in September 2017, facilitates communication with the Ombudsman via an electronic series of basic questions with user-friendly and mobile-friendly response features such as radio buttons, drop-down menu responses, pop-up explanation bubbles, web page links, fillable narrative text fields, and document upload options. In addition, the OMMS Form incorporates functionality that, depending upon certain responses, pre-populates specific fields, and prompts the user to provide additional information. By eliciting specific information from the user, the OMMS Form facilitates communication between the user and the Ombudsman, reduces response and resolution times, and maximizes Ombudsman staff resources available for recording, processing, and responding to matters. The requested information collection is voluntary and does not change the contact methods currently available.

The OMMS Form is publicly available through the Commission’s website, <https://www.sec.gov>.

The Commission estimates that the total reporting burden for using the OMMS Form will be 275 hours. The calculation of this estimate depends on how many members of the public use the form each year and the estimated time it takes to complete the form: 550 respondents × 30 minutes per

submission = 275 burden hours. The estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the cost of Commission rules and forms.

The total estimated one-time cost to the federal government of creating OMMS and the OMMS Form was \$400,000. During the three-year period covered by our prior Paperwork Reduction Act submission in 2016, the startup costs were fully expensed and are therefore not included in the calculation for this renewal.

An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget control number.

Written comments are invited on all aspects of this proposed information collection renewal request, in particular: (a) Whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on users, including through the use of automated collection techniques or other forms of information technology.

Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication. Please direct your written comments to Charles Riddle, Acting Chief Information Officer, Securities and Exchange Commission, c/o Candace Kenner, 100 F Street NE, Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

Dated: June 10, 2019.

Deputy Secretary.
