SURFACE TRANSPORTATION BOARD

[Docket No. FD 36310]

Kansas & Oklahoma Railroad, LLC— Operation Exemption—Colorado Pacific Railroad, LLC

Kansas & Oklahoma Railroad, LLC (K&O), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to permit K&O to operate approximately 121.9 miles of rail line (the Line) between milepost 747.5 near Towner, Colo., and milepost 869.4 near NA Junction, Colo., pursuant to an agreement with Colorado Pacific Railroad, LLC (CPR).

K&O states that it is a wholly owned subsidiary of Watco Holdings, Inc., and that CPR, a subsidiary of KCVN, LLC, is the current owner of the Line. See *KCVN, LLC—Feeder Line Application—Line of V & S Ry., Located in Crowley, Pueblo, Otero, & Kiowa Cty.s., Colo.*, FD 36005 (STB served Dec. 18, 2017). According to K&O, there has been no traffic on the Line since 2012.

K&O states that it has entered into an Operating Agreement with CPR. K&O further states that the agreement between K&O and CPR does not contain any provision that prohibits K&O from interchanging traffic with a third party or limits K&O's ability to interchange with a third party.

K&O certifies that its projected annual revenues as a result of this transaction will not result in K&O's becoming a Class II or Class I rail carrier, but its projected annual revenues will exceed \$5 million. Pursuant to 49 CFR 1150.42(e), if a carrier's projected annual revenues will exceed \$5 million, it must, at least 60 days before the exemption becomes effective, post a notice of its intent to undertake the proposed transaction at the workplace of the employees on the affected lines, serve a copy of the notice on the national offices of the labor unions with employees on the affected lines, and certify to the Board that it has done so. Concurrently with its verified notice, however, K&O filed a petition for waiver of the labor notice requirements. K&O's waiver request will be addressed in a separate decision.

K&O states that it expects to consummate the transaction on or sometime after the effective date of the exemption. The Board will establish the

effective date in its separate decision on the waiver request.

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than June 21, 2019.

All pleadings, referring to Docket No. FD 36310, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on K&O's representative, Karl Morell, Karl Morell & Associates, 440 1st Street NW, Suite 440, Washington, DC 20001.

According to K&O, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b)(1).

Board decisions and notices are available at www.stb.gov.

Decided: June 10, 2019.

Office of Proceedings.

SUPPLEMENTARY INFORMATION:

A. Background

The GSP program provides for the duty-free importation of designated articles when imported from designated beneficiary developing countries. The GSP program is authorized by Title V of the Trade Act of 1974 (19 U.S.C. 2461-2467), as amended, and is implemented in accordance with Executive Order 11888 of November 24, 1975, as

modified by subsequent Executive Orders and Presidential Proclamations.

B. Petitions Requesting Modifications of GSP Product Eligibility

In a notice published in the **Federal Register** on March 25, 2019 (84 FR 11150), USTR announced the 2019 GSP Annual Product Review and indicated that the GSP Subcommittee was prepared to receive petitions to modify the list of products that are eligible for duty-free treatment under the GSP program and petitions to waive CNLs on imports of certain products from specific beneficiary countries. The GSP Subcommittee has reviewed the product and CNL waiver petitions submitted in response to these announcements, and has decided to accept for review several petitions seeking to: Remove products from GSP eligibility for certain GSP beneficiary countries; waive certain CNLs; and redesignate certain products to GSP eligibility for certain GSP beneficiary countries.

USTR posted a list of petitions and products accepted for review at <https://ustr.gov/issue-areas/preference-programs/generalized-system-preferences-gsp/current-reviews/2019-annual> under the title "Petitions Accepted in the 2019 GSP Annual Product Review." You also can find this list at www.regulations.gov in Docket Number USTR-2019-0001. Acceptance indicates only that the TPSC found that the subject petition warranted further consideration and that a review of the requested action will take place.

The GSP Subcommittee invites public comments on any petition it has accepted for the 2019 GSP Annual Product Review. Public comments are due on June 26, 2019, at midnight EDT. The GSP Subcommittee also will convene a public hearing on these products and petitions. See below for information on how to submit a request to testify at this hearing.

C. Notice of Public Hearing for the GSP Product Review

The GSP Subcommittee will hold a hearing on July 2, 2019, beginning at 1:30 p.m., for products and petitions accepted for the 2019 GSP Annual Product Review. The hearing will be held at 1724 F Street NW, Washington, DC 20508 and will be open to the public. USTR will make a transcript of the hearing available on www.regulations.gov approximately two weeks after the hearing date.

Parties not wishing to appear at the public hearing may submit pre-hearing and post-hearing briefs or comments by the aforementioned deadlines.

You must submit requests to testify, written comments, and pre-hearing and post-hearing briefs by the applicable deadlines set forth in this notice. You must make all submissions in English via <http://www.regulations.gov>, using Docket Number USTR-2019-0001. USTR will not accept hand-delivered submissions. To make a submission using <http://www.regulations.gov>, enter the appropriate docket number in the 'search for' field on the home page and click 'search.' The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting 'notice' under 'document type' in the 'filter results by' section on the left side of the screen and click on the link entitled 'comment now.' The [regulations.gov](http://www.regulations.gov) website offers the option of providing comments by filling in a 'type comment' field or by attaching a document using the 'upload file(s)' field. The GSP Subcommittee prefers that you provide submissions in an attached document and note 'see attached' in the 'type comment' field on the online submission form. At the beginning of the submission, or on the first page (if an attachment) include the following text (in bold and *underlined*): (1) "2019 GSP Annual Product Review"; (2) the subject matter or the product description and related HTS tariff number; and (3) whether the document is a 'written comment', 'notice of intent to testify', 'pre-hearing brief', or 'post-hearing brief.' Submissions should not exceed thirty single-spaced, standard letter-size pages in twelve-point type, including attachments. Include any data attachments to the submission in the same file as the submission itself, and not as separate files.

You will receive a tracking number upon completion of the submission procedure at <http://www.regulations.gov>. The tracking number is confirmation that [regulations.gov](http://www.regulations.gov) received the submission. Keep the confirmation for your records. USTR is not able to provide technical assistance for the website. USTR may not consider documents you do not submit in accordance with these instructions. If you are unable to provide submissions as requested, please contact the GSP Program at USTR to arrange for an alternative method of transmission.

E. Business Confidential Submissions

If you ask USTR to treat information you submitted as business confidential information (BCI), you must certify that the information is business confidential and you would not customarily release it to the public. You must clearly designate BCI by marking the submission "BUSINESS CONFIDENTIAL" at the top and bottom of the cover page and each succeeding page, and indicating, via brackets, the specific information that is BCI. Additionally, you must include 'Business Confidential' in the 'type comment' field. For any submission containing BCI, you must separately submit a non-confidential version, *i.e.*, not as part of the same submission with the confidential version, indicating where BCI has been redacted. USTR will post the non-confidential version in the docket and it will be open to public inspection.

F. Public Viewing of Review Submissions

Submissions in response to this notice, except for information granted business confidential status under 15 CFR 2003.6, will be available for public viewing pursuant to 15 CFR 2007.6 at <http://www.regulations.gov> upon completion of processing, usually within two weeks of the relevant due date or date of the submission. USTR will make public versions of all documents relating to these reviews available for public viewing in Docket Number USTR-2019-0001 at <http://www.regulations.gov> upon completion of processing.
