

collection of information was published on March 14, 2019 (84 FR 9411). Public Law 112–95, Section 336 which requires model aircraft operators to notify the airport operator and air traffic control tower (if one is located at the airport) prior to operating within 5 miles of an airport. The FAA’s B4UFLY smartphone app provides situational awareness of flight restrictions—including locations of airports, restricted airspace, special use airspaces, and temporary flight restrictions—based on a user’s current or planned flight location. In order to maintain NAS safety in proximity to airports, air traffic control personnel would need certain basic information about a UAS operator’s intended flight in order to assess whether the UAS may disrupt or endanger manned air traffic. The data collected will assist the FAA with determining the best processes to authorize recreational UAS pilots and inform air traffic control personnel of a UAS pilot’s intended flight in order to assess whether the UAS may disrupt or endanger manned air traffic.

Respondents: Approximately 640,060 users total with an average usage of 100,000 users.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: Approximately 2 minutes.

Estimated Total Annual Burden: Approximately 100 minutes for light usage per user. Approximately 5 hours per user for heavier usage.

An electronic copy of this notice may be downloaded from the **Federal Register**’s home page at: <http://www.archives.gov>; the Government Publishing Office’s database at: <https://www.gpo.gov/fdsys/>; or the specific docket page at: www.regulations.gov.

Background

Purpose of the Committee: Section 1426 of the Fixing America’s Surface Transportation Act, Public Law 114–94 required the FHWA Administrator, on behalf of the Secretary, to establish a MAC. The MAC is responsible for providing advice and making recommendations concerning infrastructure issues related to motorcyclist safety, including barrier design; road design, construction, and maintenance practices; and the architecture and implementation of intelligent transportation system technologies. On July 28, 2017, the Secretary of Transportation appointed 10 members to MAC, and 3 meetings have been held to date.

Tentative Agenda: The agenda will include a topical discussion of the infrastructure issues described above, namely: Barrier design; road design, construction, and maintenance practices; and the architecture and implementation of intelligent transportation system technologies.

Public Participation: This meeting will be open to the public. Members of the public who wish to attend are asked to send an email to MAC-FHWA@dot.gov no later than May 20, 2019, in order to receive access information for the Web conference room. The Designated Federal Official and the Chair of the Committee will conduct the meeting to facilitate the orderly conduct of business. If you would like to file a written statement with the Committee, you may do so either before or after the meeting by submitting an electronic copy of that statement to MAC-FHWA@dot.gov or the specific docket page at: www.regulations.gov. If you would like to make oral statements regarding any of

the items on the agenda, you should contact Mr. Michael Griffith at the phone number listed above or email your request to MAC-FHWA@dot.gov. You must make your request for an oral statement at least 5 business days prior to the meeting. Reasonable provisions will be made to include any such presentation on the agenda. Public comment will be limited to 3 minutes per speaker, per topic.

Services for Individuals with Disabilities: The Federal Highway Administration is committed to providing equal access to this meeting for all participants. If you need alternative formats or services because of a disability, please send an email to MAC-FHWA@dot.gov or contact Michael Griffith at 202–366–2829 by May 20, 2019.

Minutes: An electronic copy of the minutes from all meetings will be available for download within 60 days of the conclusion of the meeting at: <https://safety.fhwa.dot.gov/motorcycles/>.

Authority: Section 1426 of Pub. L. 114–94.

Issued on: June 11, 2019.

Nicole R. Nason,
Administrator, Federal Highway Administration.

Notice of Availability of Environmental Assessment for Washington, DC to Baltimore Loop Project

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of reopening of comment period.

SUMMARY: The FHWA is reopening the comment period for the Environmental Assessment (Draft) for the Washington, DC to Baltimore Loop Project, which was published on April 24, 2019. The original comment period closed on June 10, 2019. The extension is based on concern expressed by stakeholders that this closing date does not provide sufficient time to review and provide comprehensive comments on the proposal. The FHWA recognizes that others interested in commenting may have similar concerns and agrees that the comment period should be extended.

DATES: Comments must be received on or before July 17, 2019.
